DICK ALDER LEADS IN CARRIER CONTEST

RICHARD ALDER, son of Mr. and Mrs. W. D. Alder, of 3114 Mary-av, is "top man on the totem pole" for October in the Hartley Newspaper Carrier contest.

A Hilltop Record carrier, Richard Alder, leads the Hartley Newspaper Carrier contest this month, having topped the point count of more than 200 carriers.

Richard, 14, son of Mr. and Mrs. W. D. Alder, of 3114 Mary-av, has only had his route in Miriam Addition since the beginning of October.

Dick, a ninth grader at West High School, built his route from 60 customers to 164 in this his first collection period. He received 260 points and is working for a radio, which requires 300 points.

Planning to follow an academic course in high school, Dick said he would like to become a dentist. His chief hobby is building model cars. He added he'd like to go out for football next year.

Dick said his parents are proud because he did so well in his first month as a carrier and are glad he has a route which gives him spending money and doesn't take too much time.

He acquired more points in October than any other Hartley Newspaper carrie. Including those of the South Side Leader, and the West Side News.

Runner-up for The Hilltop Record was Mike Hiell of 102 S. Harris-av, with 90 points.

Alex Meszaros, of 370 Hinman-av, who was top carrier of the three papers in September, leads the South Side Leader newsboys again this month Runners-up were Ricky Huffman, 779 Ebner-st, who secured 90 points, and Mike Haten, 825 Wager-st, with 60 points to his credit.

Alice Wemyss, 559 Brehl-av, leads West Side News carriers with 70 points, followed closely by Donald Closson, 204 Avondale-av, 60 points, and Don Daugherty, 1241 W. Broad-st, taking third place with 50 points.

All carriers are participating in this contest which ends with their November collection. You can still aid your carrier secure points by helping him increase his route. The points are based on the addition of new paying customers.

Carriers of the Hartley Newspapers earn their money by having their customers pay them on time. Please back them up by having your money ready when they come to collect.

Candidates Should Have a New Approach to Campaigning

Now that the election is over we can look back and note that nothing new in the way of campaigning was presented in the period from the primaries to the election. Just the same old approach!

It has always amused us to note that every candidate makes his appeal by putting his photo in an ad with the plea to the voter: "Vote for Me."

Ninety-nine percent of the candidates never state any good reasons why the public should vote a certain way. Use of their photos only in their ads may be meant to show that they have honest faces.

It would be refreshing to have a candidate come forth at next spring's primaries who would be willing to campaign by helping to inform the public as to how he may be qualified for the position he seeks.

Let's Give Grandview Ave. Crossing a Priority

This community should welcome the announcement that city service director Redick is being asked to take steps to extend Grandview Avenue across from McKinley-av to W. Broad-st.

For the past 35 years or more this project has been talked and the need has been evident. Today with the increased traffic problems of the city an extension of this street is a real necessity.

Extension of Grandview-av would serve not only residents of the Hilltop area who desire to go north and those from the north wanting to come west. It would be a real time saver to thousands who need to travel west and south from the city. It would serve to unravel a lot of the kinks in downtown traffic brought about by the necessary routing of cars and trucks far around an area that otherwise would be easily accessible by means of this extension.

It is hoped that organizations and individuals from all sections of the city and county will see fit to push this project and see that it is given an early priority.

Stormy Weather Ahead

Mrs. E. Echols, 391 S. Richardson-av, didn't realize the need for used storm doors and windows until she placed an ad to sell hers in our classified. She told us she was well pleased with the results after having had more than 20 calls. We'll put your phone to work for you. Call BR. 9-9444 and ask for Classified.

Mayor Gets Hoped For Dem Council

In an unusually light vote for the city, some 71 thousand voters went to the polls Tuesday . . . and gave Mayor M. E. Sensenbrenner his eagerly-sought-after Democratic majority in City Hall. Damp, chilly weather held the balloting down.

Elected to council were Fred J. Shoemaker, Robert H. Smith and Robert L. VanHeyde, all Democrats.

Two Republicans, however, were returned to their city jobs. City Auditor John H. Price edged out J. T. Ferguson and Russell Leach easily defeated D. H. Tishman.

Republican Ted Hysell defeated Hilltopper Russ Drake in the race for Clerk of Municipal Court. Former resident Dean Strausbaugh (R) took a safe margin over J. M. Shea for municipal judgeship. Another Republican, Horace Troop, defeated Hilltopper G. Arlowe Bryant for the judge's bench. Democrats returned Judge Alan E. Schwartzwalder.

Sound defeat was given efforts to obtain a .3-mill tax levy to further develop Metropolitan parks in the county. Approved was an ammendment to the city charter eliminating no-contest primary elections.

Group Requests Annex To City

A petition bearing 40 out of 56 eligible names was presented to county commissioners Monday asking annexation of a 16.26-acre tract to the city.

The area is bounded by the Pennsylvania railroad tracks, Powell-av, Valleyview-dr and the Columbus corporation line.

A member of the Columbus Public School System since 1939, Mr. Rader's first assignment in the city was at West Broad Street School, where he served four years.

He was transferred to Shepard Elementary School in 1943 and, in the spring of 1944 was named principal of Fulton Street School, a post he held until his present assignment.

An alumnus of Capital University, he taught in Union County before joining the Columbus School system.

Mr. and Mrs. Rader are the parents of two sons. Gary is a student at West Junior High and Terry is enrolled at West Broad.

Patriotic Hilltop Groups Plan For Veterans Day Activities

Patriotic groups around the Hilltop are planning their activities for Veterans Day, Nov. 11. The annual parade downtown will be held in the evening for the first time in its history and will get underway at 7 p.m. following the usual parade route.

Camp Chase Post 98, American Legion, will sponsor its traditional Veteran's Day Breakfast, 6 to 9 a.m. at the post home. Chef Dewey Stout promises this to be a super breakfast with all you can eat for $1.00, including ham, eggs, fried potatoes, bread, butter and coffee. The post will remain open all day.

Post officials encourage attendance or participation in the parade that evening.

Westway Post 3441, Veterans of Foreign Wars, will hold its annual Armistice Day Dinner for veterans of World War I, to be served by those of World War II and the Korean Conflict who are members of the post.

Serving starts at 12:30 p.m. to be followed by a guest speaker and entertainment. Post open house will begin at 2:30 p.m. The event is planned every year to honor "the boys of 1917 and 1918." George Bradley, post commander, will be in charge. All WWI vets are invited.

Members of Smith-Barratt Post, American Legion, will march in the downtown parade as their part in the Veterans Day activities. Following the parade, those who marched will be served a meal of hot stew at the Post home.

Georgian Heights Annex Hearing Is Continued

While telephones buzzed in Georgian Heights last week with annexation talk, lawyers argued the matter before county commissioners.

Under study is a petition to annex 240 acres of the Franklin Township to Columbus. In a two-hour session opposing counsel disagreed on the number of property owners and the number who signed the petition. Harrison W. Smith, represented the annexation group while Thomas Applegate was the opposition.

Commissioners have called for a recheck of all eligible names and will resume the meeting on Nov. 13.

'Y' Sure For Another Year

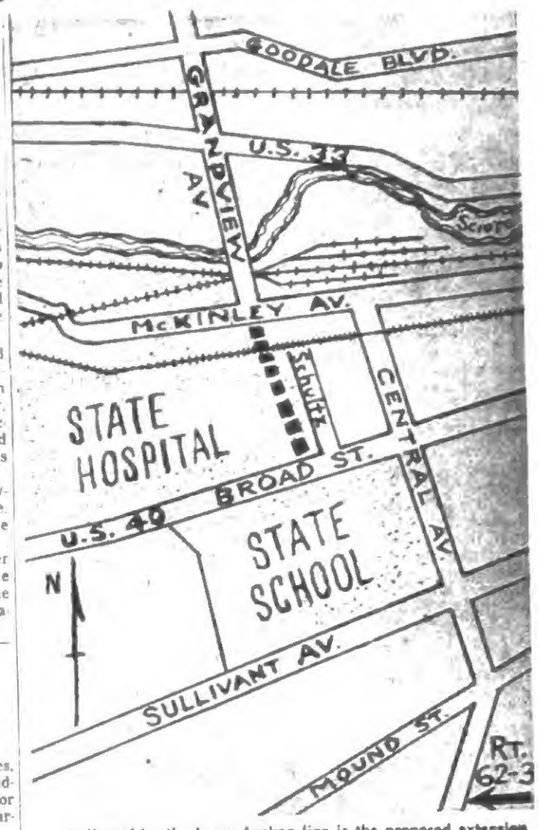
IT'S OVER OFFICIALLY and Mrs. Frances Bishop, office secretary of the Hilltop YMCA, proudly chalks up the results of the "Y" Enrollment Drive which ended a month ago. Now, after a month of accounting, checking and re-calling, the success of the drive can be announced. Surpassing a goal of 3300, there are now 3434 youth and adult members of the Hilltop "Y." Membership was 3140 last year. The campaign netted $4597, not including building fund gifts of $2140.73.

Grandview-av Junction Asked

Westlake Wants Link With Broad-st To Relieve Traffic

A suggested sedative for traffic "hypertension" in this area was injected into Columbus City Council Monday night by Councilman W. Ralston Westlake, 3294 W. Broad-st.

Westlake got unanimous council backing in a plan to study the possible extension of Grandview-av from McKinley-av south a half-mile to Broad-st. The councilman said such a move would greatly relieve congestion on Broad-st, Sandusky-st and that coming in from Harrisburg-pk.



He said a southern extension of Grandview-av would be a boon to truckers headed for many terminals and warehouses on W. Goodale-st. It would keep them out of the heart of town, he said.

By providing an easy access to Broad-st for incoming U.S. 33 (Dublin-rd) traffic, the new route would lighten the load on Sandusky, Westlake asserted. He added that because of the U.S. route, both federal and state money might be available.

At Monday night's session, Westlake made the motion that Service Director Floyd Redick make a survey of the area. Advice will be sought from state officials concerning availability of a strip of land along the east end of the State Hospital grounds. This and a parcel of private land to the north is practically vacant.

In the city master plan issued several years ago it was suggested that such a route would go on through State School property, south, directly to Route 62-3. If accepted, Westlake's proposal could be considered the first leg of this route.

"I hope to hear from the service director soon," said Westlake. "I feel that now is a good time to get favorable legislation in view of the governor's better highways promotion. I would like to see this project readied in time for the next session of legislature," he added.

Indicated by the heavy broken line is the proposed extension of Grandview-av to Broad-st.

Hilltop Boasts 'Little Queen'

The nicest things come in small packages, they say . . . and so it is here.

Cherubic, nine-month-old Taryn Lee Hunter, Sunday afternoon will be crowned "all-city supreme queen" at a Children's Coronation Pageant at the Veterans Memorial Building. She is the daughter of Mr. and Mrs. Winfield Hunter, 229 S. Wayne-av.

Screened on points of health and beauty Taryn competed with some 900 entries. Judging was last Sunday. She will share the royalty throne at 2:30 p.m. Sunday with little Billy Sabo, 1872 Wager-st. Some details were announced by air early this week but the winners and parents will appear before the press on Friday.

The event is sponsored by the Amateur Athletic Union.

JDC Chief Pinpoints New Center's Area

Tentative site for the $1.75 million institution for delinquent boys to be located on the Columbus State Hospital grounds was singled out Monday by John R. Ferguson, chief of the Juvenile Diagnostic Center.

The institution, to provide facilities for 200 boys, was originally planned for an area near Kirkersville, east of Columbus. In October, however, it was announced by Dr. Robert A. Haines that the location had been shifted for two reasons, (1) treatment personnel would be available from the two neighboring institutions (2) considerable money would be saved by using property already belonging to the state.

Ferguson said that plans are in process to locate the institution just west of the Indian mound with an eastern boundary of the railroad spur, southern boundary will be Broad-st, and is to be bounded on the west by the access road with the closed gate on Broad-st. The proposed plot will extend north to the Pennsylvania Railroad.

Floor layouts have been decided upon for the eight cottages, each of which will house 25 boys. First phase of the institution will consist of the construction of the cottages, academic school, vocational therapy center, food service building housing a kitchen, dry and cold storage, and a cafeteria for employes.

Expect Start In Spring

The first phase, said Ferguson, would take about 15 to 18 months to construct, and building should begin sometime next spring.

Second phase of the institution, to be added later, will consist of an administration building, professional service building, a two-ward sick bay, gymnasium and chapel.

Work at the new institution will be directed to boys between the ages of 15 to 18 arrested for the more serious offenses. Youths sent in by juvenile courts would be studied first at the Juvenile Diagnostic Center and later assigned to either a mental hospital or to the new institution for more intensive treatment.

Ferguson added that the diagnostic center is planning to build a 150-bed unit and a 100-bed psychiatric unit immediately north of its present buildings.

Need for the new institution for delinquent boys was explained in two parts by Ferguson. First, Boys Industrial School in Lancaster has a capacity of 600 boys, but is now housing almost 900. National standards specify that institutions of this type should have no more than 200 patients at a time. The institution to be located on the state hospital grounds would reduce overcrowding at BIS.

Secondy, the new facilities would provide intensive individual guidance to the boys and professional services would be given in recreational and occupational therapy.

Fireflies Display Big Reminder

Not the right size, but the right idea, is this giant "LIGHT A LIFE" drive reminder, similar to one which will be distributed Monday, Nov. 11 by Girl Scouts and Brownies throughout Franklin County. Senior Scout Roberta Flugge, left, 48, N. Harris-av, and Carol Fiscus, 616 S. Terrace-av, both of Troop 178, display the door-hanger with Mrs. George Georgiton, 272 N. Ogden-av. Mrs. Georgiton is an area chairman in the Hilltop for the "LIGHT A LIFE" campaign to be conducted Tuesday, Nov. 12. The donations help provide special training for Franklin County mentally retarded youngsters excluded from public schools.

Prices Set By Shoppers

An old idea with real appeal would be one way of describing the phrase "If I were running things . . ."

"If I were running things, I'd mark prices down" might be a good campaign theme for some ambitious politician. However, most thinking voters would be skeptical about such a promise by any politician. Most people realize there are too many factors involved in present day economics for any one individual to be able to make good on such a statement.

Even so, most of us don't understand what all those "factors" are.

This week, Extension Specialists in Marketing Information for Consumers at the Ohio State University, Columbus, interviewed Dr. M. E. Cravens, of the University Department of Agricultural Economics and Rural Sociology, on the question "Who sets the price on goods we buy?"

Dr. Cravens explained that the consumer has more to do with setting the price of a given commodity than anyone else. The shopper's influence, he says, is the main price setting force. He explained that she forces changes in price by buying more or less or by not buying at all.

The merchant, watching the trend of the consumer-shoppers, and studying his source of supply, arrives at a balance between his supply and the demand of his customers. If he has a large supply, or demand is slow, he may mark prices down to move his stocks. If he has a small supply, or demand is great he is likely to put prices up. He tries to get as high a price as he can, but must sell at a price that will move his merchandise.

While it is not quite this simple, the consumer really does "run things" by her actions in the retail store, says the marketing specialist.

Helpful Holiday Hint

Pecans Help Turn Plain Foods Into Holiday Treats

With pecan season underway, now is the time to liven some of your favorite foods with these nuts, says Pauline Gruner, Ohio State University extension foods and Nutrition specialist.

Pecans are especially good for making plain foods into festive holiday treats. They are hard to beat for use in candy, ice cream, and pastries. They are well adapted for use in biscuits, muffins, waffles, breads, cakes and cookies. They also may be used to add richness and flavor to poultry stuffing, croquettes, creamed chicken or fish. For eating alone, pecans are good plain or roasted and salted.

Pecans may be bought in the shell, as kernels, and as specialty gift packages. If the nuts are purchased in the shell, the nutrition specialist advices soaking them for 10 hours or pouring boiling water over them and allowing them to soak for 15 to 30 minutes. Either treatment tends to make the kernels more pliable and hold together better during shelling. It is best to shell the pecans as soon as they are dry.

Miss Gruner points out that pecans are nutritious in that they contain protein, fat and thiamin. She also cautions weight-watchers that one cup of pecan kernels furnishes about 750 calories and 12 medium halves furnish about 100 calories.

Free Guide To Game Cookery Offered To Our Subscribers

INSIDE ON THE Outdoors
By ROD COCHRAN

A recent survey conducted in the United States found that one household in every three harbors a hunter or fisherman.

This means that about 25 million people hunt and fish in this country, and virtually all of them bring home fish and game to eat sometime during the year. The enjoyment of hunting and fish-

ing is more than doubled if your catch is properly cared for, and prepared for the table in a delectable manner. The trophies of the game bag and creel are a gourmet's delight, appropriate for the most festive occasions.

To make certain that you get the fullest enjoyment from the game you shoot this season, this newspaper will send you on request a free booklet entitled "A Guide to Game Cookery."

Covers Local Game

The book fully covers Ohio game, and includes recipes for venison, rabbit, squirrel, pheasant, duck, goose, partridge, pigeon, woodcock, and grouse.

Several lines of interesting information accompanies each species of game. For example, here is the information on rabbits: "More wild rabbits are taken by hunters each year in this country than any other type of game, big or small. The annual number totals over 45,000,000.

Often the terms rabbit and hare are used interchangeably; however, the Cottontail, Brush, Marsh and Idaho Pygmy are true rabbits whereas the larger Jack Rabbit, Snowshoe and Idaho Hare are hares.

Young tender rabbits have light meat and can be cooked like young, tender chicken. Larger, dark-meated hare should be braised, stewed or marinated, just as older chicken is cooked. Rabbits weigh from two to three pounds and hares range from four to 12 pounds. The Cottontail is the most abundant rabbit of our country and is found in every state from the Atlantic to the Pacific." Recipes for fried rabbit and hasenpfeffer follow this introduction.

Gives Dressing Information

The first page of the booklet is devoted to game care in the field. This is a very important step if you want to arrive home with some good eating. Game that has been pretty badly shot up should be dressed on the spot. In recent years I have been carrying plastic bags in my game pouch, and its a convenient way of carrying field-dressed rabbits and squirrels.

The back of the booklet is devoted to game accompaniments, with the mouth watering titles of wild rice, chestnut puree, baked hominy grits, braised celery, fried hominy grits, and gourmet game sauce.

For a real treat have a game dinner for your family, or for perhaps a few friends. Try some of these time-tested traditional game recipes, and serve them with appropriate side dishes. I guarantee that you won't want for hunting partners from this date on. They will be more than glad to help you gather the ingredients for another feast.

Don't forget, this 21 page book on game cookery is free. If you are a subscriber write to Hartley Newspapers, 2466 W. Broad-st, Columbus 4, Ohio. Additional copies may be picked up at the receptionist's desk.

Church Women Arrange World Community Day

United Church Women of Columbus and Franklin County will observe World Community Day Nov. 13 at the YWCA at 10 a.m. Miss Margaret Flory of the Board of Foreign Missions of the Presbyterian Church will be the guest speaker.

All women of Columbus are invited to participate. The offering will go toward United Church Women's program for peace and for special self-help projects in under developed areas.

The observance is an opportunity to express responsibility for helping to meet the needs of emerging peoples. It is designed to advance understanding of world affairs and the work of the United Nations.

Parcels for Peace are to be taken to North Broadway Methodist Church, Nov. 15 and to Central Community Church, Nov. 18. Parcels should contain warm clothing, yardage of denim for work clothes, household linens, and blankets. Eight cents per pound should also accompany the parcels.

4-H CLUBS COUNTED

An average of about 30 4-H clubs per county are organized in all the states and territories.

Farmers' cash receipts from marketings in the first eight months of 1957 were about one percent above the corresponding period a year ago, according to Ohio State University extension economists.

FARM FAMILY CLOTHING

Clothing expenditures account for about a tenth of the total money outlay for Ohio farm families.

Hilltop Resident Appointed Life Insurance Agent

Donald M. Longnaker, general agent of the Lutheran Brotherhood fraternal life insurance society at Galloway, has announced the appointment of Richard A. Winter as a representative of the organization.

Winter, a native of St. Paul, Minn., has been employed as a designer for a fixture manufacturing company for the past two years. Before that he was a store planning engineer for a drug concern from 1948 to 1955.

Winter, his wife and two children reside at 690 Stephen-dr West. They are members of Our Savior Lutheran Church where he is currently president of the Lutheran Brotherhood's men's organization.

LETTER TO EDITOR

Should Drop Bean Dinner, Reader Says

Gentlemen:

Recently you asked for your readers' opinions in regards to the annual Bean Dinner held in Westgate Park.

As a resident of Parkside Road I wish to voice my disapproval of the whole affair. When our locality was small, it was a nice community affair and we attended and enjoyed meeting our friends. But now it seems to bring in people from all over the city and we seldom see anyone who is interested enough to even walk a short distance to see what is going on. The park is all a mess after the beans are thrown around not to mention the parking situation.

I for one make a motion that this Bean Dinner be discontinued. It has outgrown its usefulness. Let the people who attend, go to carnivals for their entertainment and cook their beans at home.

Sincerely,
Mrs. Erwin Rudolph

THINK IT OVER!

In Passing

By Esther Weakley

Good Lord sends me troubles
And I got to work 'em out,
But I look around and see
There's trouble all about,
And when I see my troubles,
I just look up and grin
And think of all the troubles
That I ain't in!

Anonymous

* * *

One trouble I ain't in is politics. Flu is enough trouble to be in, and there are about as many people planning to run for office as there are having flu.

* * *

Andrew-Mark sitting is my favorite indoor sport. Mark Andrew is my three-year-old grandson, as the one reader of this already knows. One day last week I Mark-sat, and after he became bored with television, he asked me to play "Tree" with him. I had never played Tree, so had no idea what to expect or what was expected of me.

The game turned out to be very simple. I, as the tree, had to stand in the middle of the floor and Mark sawed my legs (what price nylons!) with a "play saw" — thank goodness — then he yelled "Timber," and G-ma was supposed to fall on her face. Which she did, of course.

Mail—From my sister in Portland: "We went to Reno and Las Vegas for one week of our vacation. There is a lot of nothingness in Nevada; we rode for miles and didn't see a car or another person. We didn't gamble for it isn't as much fun when it's legal. It could have been an off-night, but there weren't many at the tables. Of course there could have been one of those mysterious "back rooms" you see on television."

* * *

From my favorite shutin: "Here in the east they have a good idea which I never heard of till I came to New York — though I didn't get around much in Ohio. Here in the towns in upper New York state they hire retired business men, patrolmen, firemen, etc., for school patrol duty.

The school children adore the men, and motorists tell me it is mutual. One motorist who travels this area often, told me if he needs directing that his road map doesn't furnish, he asks directions of one of these patrolmen and says they have never steered him wrong. Filling station attendants and even policemen often have given him confusing directions, but never these gentlemen."

From Newark: "If you go to New England, don't fail to see the Shelburne Birches. They are very lovely."

We did see the birches and they are indeed lovely. They were planted along the highway into Maine, by the citizens of the New Hampshire town of Shelburne, in memory of the war dead of that vicinity.

The trees meet at the top and with the sun shining through the beautiful autumn foliage, we could easily imagine we were in a white-walled cathedral, with the sun shining through stained glass windows.

If you have not seen the Shelburne Birches, you should. Not far from them is Mt. Washington. It is a huge gray hill, topped with a weather bureau, hotels, and a cog railroad, and is the highest point in New Hampshire, as you know.

CREDIT FIGURES SHOWN

Outstanding credit in the United States in January, 1957 was about 41 billion dollars compared to 19 billion in 1950. In 1956 consumer credit payments took approximately $14 out of each $100 that consumers spent for family living. In the middle income bracket, $4,000 to $7,900 almost two-thirds of the people use credit compared to two-fifths when incomes are under $3,000 or over $10,000.

Dear Son

By Joseph Martell

Chittlin' Switch,
Sunday noon.

Dear Son:

Last week your paw and I went to Polecat Junction to sell a load of hawgs. While we were there we went to a fancy restaurant for dinner. Paw embarrassed me no end. The waitress was very friendly and she told us she'd fix our lamb chops with paper panties on. Paw told her that if she cooked them real fast he didn't care what she wore.

Grandma Stronk bought a two-room bungalow at Prairie Corners. The place is bounded on the north by the gasworks, on the south by the glue factory, on the east by a rubber plant and on the west by a brewery. Grandmaw says there's two advantages to the joint. First, she can always tell which way the wind is blowing and second, she has no neighbors to bother her.

There's no question about it, Vic Pringle isn't the smartest cousin you've got. They had a movie at the Gem Theater at the Switch last Saturday where one scene shows a pretty girl in a forest getting ready to have a swim in a lake. (I might mention that she wore no bathing suit.) After she removed her shoes and stockings she was just about to slip out of her dress when a train went by and the next thing you know, the girl is in the water. Vic sat through the picture eight times. He didn't particularly like the movie but he figured one of those time the train would be late.

Last Friday morning your Uncle Lushmore had to appear in county court to answer charges of beating up your Aunt Galena every time he gets drunk which is daily. The last unscheduled bout she had with him he beat her about the head with his fists. The judge asked Lush what he had to say in his defense. He told his Honor not to pay any attention to Galena as she was punch drunk.

Your brother Luke finally got out of the sanitarium. The doctor thought that a couple of weeks in the "laughing academy" would be good for him as Luke kept thinking he was a dog. I don't think the treatments did him too much good because when he stepped in the house after his discharge from the hospital I asked him how he felt. Luke told me he felt great and if I didn't believe him I could feel his nose.

Guess I'll close now but before I do I'll have to tell you a joke on Paw. He was getting worried about his fat stomach and decided to go on a diet. The first week he lost three inches around his waist, the second week four inches and the third week two inches. Yesterday he lost his pants.

Write soon. Your loving,
MOM

Fall Round-Up Party

The special fall round-up party held at the Westgate Park Shelter House for the brownies and scouts in this area last Saturday, was well-attended. This party was under the direction of Mrs. D. T. Crawshaw, 109 S. Burgess-av, district chairman.

Attention all Brownies and Girl Scouts — the annual young people's concert sponsored by the Central Ohio Symphony Club will be held at the new Veterans Memorial Auditorium on Friday, Nov. 15, 3:30 p.m.

This will be an "All American" program with including "Hoe-down" from the production "Rodeo," spirituals for string choir and orchestra, and other American selections, concluding with George Gershwin's "Rhapsody in Blue." This youth concert will be under the baton of Robert Shaw, assistant conductor of the Cleveland Symphonic Orchestra.

Leaders interested in securing tickets for troop members may contact Mrs. Wayne Lewis at HU. 8-6702—tickets will again be 30 cents per person. This is a fine opportunity for all scouts and leaders to have a wonderful afternoon of real enjoyment.

Calendar Sale

Annual Girl Scout Calendar Sale starts Nov. 4 and continues through Nov. 24. Local chairman will be Mrs. Harry Richter, 306 S. Brinker-av. All unsold calendars must be returned by Nov. 25. Sale price is 30 cents.

Place mats are needed at the Day Nursery. Those interested in helping on this project and desiring information on where the materials needed can be purchased should contact Mrs. Robert L. Merrick, 172 S. Burgess-av, at BR. 9-3216.

Enrollment for the Gladden Community House training course for Brownie leaders, co-leaders, or interested registered adults of the scouting council, is still going on. The class will continue on Nov. 7, 12, 14, and 19, from 9:30 a.m. to 2:30 p.m.

UNITED NATIONS STUDY

By Jackie Howells

For the past three weeks, the eighth grade history and civics classes taught by Mr. Wiseman have been making a thorough study of the United Nations. Students have written the UN in New York for pamphlets concerning the numerous committees and their duties and have identified flags belonging to the 82 member nations.

Parents and students interested in the true reason for United Nations Day observed Oct. 24, are invited to see the bulletin board displays in room 214.

For Your Thoughts

Question: What do you think of the recent accusation that there are Communists in the PTA and teaching in the schools?

Mrs. Joseph Collura, 2229 W. Mound-et: "I don't have children of my own, but my nieces are always telling me things they learn at school, and I think if they had Communist teachers it would certainly show up in the things they say when they get home."

Mrs. Logan Davis, 450 S. Burgess-ev: "I used to belong to the PTA and it seems to me that if a person came in contact with Communists very often at meetings and other functions, that he would soon know about it, and try to do something about the person. So I doubt, if a member of that party would get by very long in that or any organization."

Mrs. Oliver Horn, 272 S. Harris-ev: "Until two years ago, I was a school teacher in Kentucky, but I never came in contact with any teachers with subversive ideas that would suggest they were Reds."

Mrs. Charles Jolley, 267 N. Wayne-ev: "Well, I don't know whether they are in the schools teaching, but I do think that they are scattered throughout various organizations and we just don't know about it."

Mrs. Lee Ocker, 548 S. Eureka-ev: "I think it is very possible, after all the Communists are very clever and they aren't going to go around advertising their political beliefs. However, my father is a school teacher and has never run up against any Communist teachers, but then who can really tell what someone else's politics are?"

Centers Hold Signups For Young Cagers

Glenwood and Sunshine Recreation Centers along with seven other community recreation centers will cooperate with the city in conducting a new basketball program this season for boys ages nine to 12.

Patterned somewhat after the Little Jet League baseball program, it is designed for this age group with limitations on team age and use of smaller basketballs.

Teams of 10 boys each will be organized at the centers consisting of no more than three 12-year-olds and at least three 10-year-olds or under.

Every boy who wants to play will be assured of playing at least one quarter per game, which are to be held either after school or on Saturday mornings.

All boys in this age group interested in playing basketball on a team under supervision, should attend one of the meetings to be held at 4 p.m. Nov. 8, and at 10 a.m. Nov. 9, at the recreation centers.

buy heating "for keeps"!

HEATING IS BASIC

It is a major, lifetime investment for the security and comfort of the whole family. A mistake in equipment can be very costly ... so select heating quality with care. It pays.

The one part of your gas-fired furnace that takes a terrific fire-beating is its very heart... its heat exchanger. (Note illustration on left.)

In ordinary heating equipment its life expectancy may be very low indeed...

But your furnace's "heating heart" can last a lifetime with

Dura-tube

...the "armored heart" heat exchanger that is practically indestructible...found only in the gas-fired

deluxe Janitrol Crusader

★ PROOF OF DURABILITY: In nearly ¼ million Janitrol Dura-tubes, in over 9 years, records show there have been no replacements.

★ BETTER THAN CAST-IRON; BETTER THAN STEEL: This process has been approved by American Gas Association for heat exchanger temperatures far beyond that allowed for either cast-iron or for steel!

One of the most important ways of measuring heating quality is its Durability. Dura-tube's actual replacement record of zero in 9 years and in nearly ¼ million tubes, speaks volumes.

Food Markets This Week

by Mrs. Estelle B. Franks

Marketing Information for Consumers
Franklin County Agricultural Extension Service

THIS WEEK SHOP FOR:

Fruits—Apples, Florida grapefruit and oranges, Emperor grapes, frozen strawberries.

Vegetables — Cauliflower, Pascal celery, canned green beans, frozen peas.

Meats—Round steak, pork roasts, turkey.

FOOD PRICES

"Who sets the price on the food we buy?" This is a favorite topic of many people, and our opinion probably varies according to whether we are a producer, food handler, or consumer.

Marketing specialists and agricultural economists say that you and I, as consumers, have more to do with setting the price of a given commodity than anyone else. Our influence as shoppers, they say, is the main price-setting force. We force changes in price by buying more or less or by not buying at all.

Supply and Demand at Work—The merchant watching the trend of the consumer shoppers, and studying his source of supply, arrives at a balance between his supply and the demand of his customers. If he has a large supply, or demand is slow, he may mark prices down to move his stocks. If he has a small supply, or demand is great, he is likely to put prices up. He tries to get as high a price as he can, but must sell at a price that will move his merchandise.

We, as consumers, influence demand by purchasing or not purchasing foods at given prices. When we purchase any food at a given price we are casting a vote for that price or vice versa. In general, our conduct as food buyers determines the price at which food will sell in the retail store.

Sections of the Ohio Canal with locks and tow paths, have been preserved in the State Park at Lockington, Ohio.

More than 3,000 Hilltoppers had a real ball, but at least two goblins goofed.

That was the gist of the summing up report rendered by John Clay, chairman of the 12th annual Hilltop Community Council Halloween party at West High.

Because of a tie in the sponsored costume parade, 13 prize winners were selected instead of the 12 planned. But only 11 of the winners claimed their silver dollar awards. The two unpaid winners may contact John Clay at BR. 6-3390.

Winners in the 2-6 year age group included Mary Lou Gautz of 2749 Palmetto-av, funniest; Christina Stauch, 169 Binns-blvd, prettiest; and Shelley Sutton of 157 N. Powell-av, most original. Six to nine-year old award winners included Diane Miller, 163 N. Warren-av, funniest; and Pam Latham, 3123 Ellis-pl, prettiest. Richie Nairn of 123 S. Harris-av and Karen Kraull of 159 S. Harris-av, tied for most original honors.

Winners in the 9-13 and the 13-years-and-over groups included, for respective honors, Steve Barnard, 2929 Fremont-st; Judy Leach, 287 Southampton-av; and David Youkin, 275 Powhatan-av; and Dick Sullivan, 157 N. Powell-av; Darlene Heston, 707 S. Wayne-av; and Eric Marlow, 574 S. Ter-

An unexpected guest, Mayor Jack Sensenbrenner, appeared on the stage in the auditorium and on the dance floor preceding the teen dance. "It pleases me to see that my own neighborhood, the Hilltop, is setting such a Halloween example for the rest of the city," he declared.

New Valleyview Elementary School To Be Open For Parents' Inspection Nov. 14

PARENTS' EYE VIEW of the new Valleyview Elementary School is seen here by Dale Hurst, head teacher, and officers of Valleyview PTA. Parents will inspect the new school at the PTA's open house tomorrow evening. Admiring modern art designs in the entrance hall are, from left, Mrs. Harold Griffith, chairman, and Mrs. Clarence Myton, PTA president. Guests will have an opportunity to visit their children's teachers.

DESIGNED for comfort and mobility, these modern desks at Valleyview come in three heights, with proportionate chairs. They may be easily moved into groupings to suit classroom needs. These three students, all second grade pupils are Michelle Tatman, Ricky Haldeman and Jerry Alban. Windows line one entire wall of each classroom with four small colored panes to give warmth to the lighting.
—STAFF photos

CONSTRUCTED OF BRICK in a rectangular design, the new Valleyview School was opened for occupancy this fall. Plans call for additions to the six-classroom and multi-purpose room building as needed. Already the school is filled to capacity with an enrollment of 250 students. Construction of Valleyview Junior High School, to start in the spring, is expected to be finished by next fall.

Community Loses Another Friend and Good Neighbor

This community mourns the death this past week of Dorrell E. Jacques, long time business man on the West Side and Hilltop.

Those of us who have had the pleasure to do business with him over the many years knew him to be a man of integrity and honesty. He contributed much to the business life of the community. He will be missed by a host of friends.

Large Drainage Sewer Should be in Budget

The city is currently in the process of developing a budget for capital improvements, and it is sincerely hoped that a major improvement for the Hilltop is in that budget. We refer to the large drainage sewer to be placed north of the New York Central railroad, on the back of the property to be occupied by the Hilltop Civic Center.

It is of utmost importance that the city provide relief from overflowing water in the area south of the railroad and yet at the same time do so by means of a covered sewer rather than by an open ditch.

Five groups are going together to develop this fine community center to contain some 5b acres. It would in no manner be fitting that an open sewer should run through this area.

We recommend that the mayor insist that this program be given a priority for 1958.

Notes and Nubbins: In the Hilltop, West Side and West Franklin County areas, the Christmas Seal X-ray Cruiser provided free chest checks for almost 3500 persons during 1957 revealing 23 active or questionably active TB cases, nine currently inactive cases and 124 non-TB chest ailments . . . Mr. and Mrs. Norman B. Murphy, 184 S. Richardson, were winners of the Oldsmobile 88 given recently by Aquinas . . . Bill Schmitter, West High coach, recently received from northern Ohio a letter addressed: "Bill Schmitter, Coach, Hilltop High School, Hilltop, Ohio . . . Harold Cunningham admonishes the public to be careful about that N. Sylvan-av railroad crossing because "It is an unrecognized crossing and if you get killed there it doesn't count" . . . Greetings to the ladies at Penney's Great Western on their big sale coming up Thursday and Friday.

Burial Services To Be Held For Ralph L. Hart

Funeral services for Ralph L. Hart, 65, 700 Racine-av, will be held at Jerry Spears Funeral Home at 10 a.m. Thursday.

Mr. Hart died Tuesday at Grant Hospital. He is survived by his wife, Margaret; sons, Wesley and Samuel; a daughter, Mrs. Patricia Thomas; a sister, Mrs. Grace Evans, and four grandchildren.

He will be buried at Sunset Cemetery.

Wide, Wide World... Now Sputnik Speaks To Local 'Ham' Operator

By Ray Shaffer

Around the world in 80 square feet — including most of the nations of the world and now outer space — is a tour easily made by Joseph Buehler, short wave radio operator, in his small 8x10-foot bedroom.

Buehler, a ham operator since his teens, was able to pick up signals from the first Sputnik just two days after it was launched. While being interviewed Saturday Buehler tuned in some of the last signals from the second satellite, or "Dognik" as he calls it, which sounded like a series of beeps and whistles.

In the small back bedroom, where Joe has been exiled with his radio outfit by his wife, Gladys, is enough equipment to start a small radio station . . . and there is more in the garage and basement. Joe has hundreds of radio tubes of every type and speakers, transmitters and various other parts. In fact he acts as a "spare-parts" center for his friends who enjoy the same hobby.

A retired fireman, Joe has tried to spend as much time as possible at home with his invalid wife, who has been a polio victim for 27 years. "I needed something to fill my spare time and, since I had been interested in ham radio when I was a kid, I took the

West Students To Present Annual Show

Annual Tax Stamp Show this year, an operetta entitled "Down in the Valley," written by Kurt Weill, will be presented to the student body at West Thursday morning, Nov. 21, in double assemblies. Public performance will be Friday night at 8 in the school auditorium.

Ten dollars worth of sales tax stamps or fifty cents is the price of admission to assemblies; fifty cents secures admission to the night show.

Heroine of the operetta is Jennie Parsons (Joyce Willis), a village girl whose lover, Brack Weaver (Gary Smith) is to be hanged for the murder of a rival, Thomas Bouche (Jim Williamson). Jennie had attended a dance with Brack, even though her father (Norman Geist) wanted her to go with Bouche for the sake of business.

At the dance, Bouche and Brack got into a fight: Bouche was killed; Brack, although he was carried off to jail, managed to . . . sorry, it is unethical to reveal too much of a plot!

Rest of the cast includes Pete Trott and Dave Bunner, leaders of the chorus; Dale Braskett, jail guard; Larry Gress, Peters; Bill Cook and Jerry Sanford, two men; Mary Grabill and Patty Clark, two women.

Players will be assisted by a 40-voice section of the choir, directed by Mrs. Edith White, and the orchestra, directed by Jack Dale.

Mrs. Evelyn Hall, the stage crew and the cast, stogether with teachers from music, dramatics and physical education departments have worked to make the operetta a success.

Value Of Jackpot Is Now $15

Hilltop Record subscribers last week overlooked 11 insignia printed on ads in 11 copies of the newspaper, worth a combined value of $21 in "Confederate" money. The jackpot insignia was worth $10 and ten other insignia, $1 each in "Confederate" currency.

No claimant last week means the jackpot insignia value has been upped to $15 in "Confederate" bills today. The usual ten $1 insignia are also placed on ads in ten other copies of the newspaper.

No tricks or gimmicks are used in our "Confederate" money game; insignia are always placed in plain view on an ad.

Any subscriber spotting an insignia in his copy of the Record may exchange the newspaper for "Confederate" dollars at The Hilltop Record office before Saturday

Merchants advertising in the current issue of the newspaper will accept "Confederate" money at face value for any merchandise in his store.

Any subscriber whose name appears on our records as having paid in advance, or on his carrier boy's route book as a paying customer is eligible to collect "Confederate" dollars.

Lions Boost New Club

The new Hilltop Lions Athletic Club was given $83 at the Nov. 7 Hilltop Lions meeting; John Garber, chairman of community betterment, gave the check to Ron Whaley, the teen club president. It represented profits from light bulbs the youths helped to sell.

Bosses, Employes Share HBA Spotlight Tonight

Tonight the men and women who contribute a large part to the welfare and prosperity of our community will meet in the Westinghouse cafeteria for the annual Hilltop Business Association employer-employee dinner.

The dinner begins at 7 p.m. and will be followed by the election of officers and a musical program provided by "The Singing Sheriffs," a popular barber shop quartet.

Main speaker for the evening will be Ralph Negri, director of personnel training for the National Cash Register Company.

In previous years the program was given in the plant's auditorium and the dinner held in the cafeteria. This year, however, both the program and dinner will be in the cafeteria. More than 200 are expected to attend the meeting.

HBA Secretary C. H. Campbell has announced the following slate of candidates: for president, Mrs. Hazel Roberts; vice-president, Ray Highfield; and H. James Holroyd.

For second vice-president, William Coulthard and Harry Graham; and for treasurer, Pete Scholten and Roy Von Ins.

Of the following, three will be chosen trustees: John Clay, William Coon, Dr. John Garrison, Jack Merriman, Don Rice, and Les Swinford.

Ballots will be counted at the meeting and the new officers will be announced.

PTA And Faculty Play Host To Parents At Open House

By Betty Dell

Completely functional yet truly beautiful . . . the new Valleyview Elementary School is modern architecture at its best, as visitors will find at open house tomorrow night.

Constructed of concrete block with brick on the outside, the school includes six class rooms and a multi-purpose room, with a folding door to divide the area into an additional two classroms.

Ceilings throughout the building are of channeled steel with walls of concrete block. Each classroom doorway is identified with an adjoining strip of bright color.

Bleached birch furnishings are used in each classroom with modern, mobile desks making possible an easy informality in seat groupings. Colorful cabinet room dividers separate each classroom from its individual cloak room area.

Filled to Capacity

Two hundred fifty students, the school's capacity, are enrolled in eight classes including one kindergarten group.

Faculty includes Forest Rader, appointed principal of Valleyview and West Broad Street Schools last week to fill the vacancy caused by the death of Miss Matilda Stuart, and Dale Hurst, administrative cadet with the Central Office, Columbus Public School System, who has acted as head teacher and acting principal since Miss Stuart's death.

Kindergarten teacher is Darlene Prout; first grade, Audrey Silcott; first and second grade, Joan Riedel; second, Sue Vernia;

Wins Church-Scout Award

EARLY START IN GOOD CITIZENSHIP is recognized in the God and Country Medal given Sunday to Gary Reynolds. Here he proudly examines his prize.

After two years of concentrated work on various projects, acquiring a knowledge of the World Council of Churches, attending conventions and youth camps and 150 hours of church work, Gary Reynolds was awarded the God and Country medal at the Hillcrest Baptist Church, Nov. 10.

Rev. A. L. Roth made the presentation to 15-year-old Gary, who is the son of Mr. and Mrs. James E. Reynolds, of 71 N. Ogden-av. Only three other boys have ever received this award at the church's post 181 of the Boy Scouts.

Gary, an Explorer Scout, has been active in scouting for six years. He is in the tenth grade at West High School and plans to attend Ohio State University.

A collector of college pennants, he is active in basketball, football and cross-country track at school.

In Passing

By Esther Weakley

BRIEF

Jagged tree tops against waning night,
Whirring note of birds in flight,
Baying hounds on rabbit trail
Through crackling corn stalks, prey assail.
Trellis rose vainly waits warm
Genial cock now crows the day.
Summer struggles in her death
As bulging clouds hold their breath,
Waiting to spit their whiteness down
Over hushed earth, eager for her crown.

Statistics: Mr. Henery (Superior Drug Store) is a cousin of a friend of mine, Miss Lucile Naylor of McConnelsville. Miss Naylor's father was the late Dr. James Ball Naylor, noted author and poet . . . Speaking of kissin' cousins, Charles Morfit, editor of the Sunday Citizen, is Garry Moore's. Garry's real name is Morfit.

A little neighbor of mine, Margaret Mays, 148 Belvidere-av, who is now 13 and in the eighth grade at West, sends this poem, along with a very nice letter:

MY MEMORIES

Of all the dear, sweet memories
That are locked within my mind,
Of the happiest, brightest years
That are not so far behind,
Are happy memories that cause laughter,
Tender memories that cause my tears;
Memories that are now my secrets
Of the past and peaceful years.
I would not accept a million dollars
For a single memory—
Not even the tiniest or vaguest—
For all my memories belong to me.
They are so precious, so priceless;
They are all that is left for me—
The sad ones, happy ones, sweet ones,
My long years of memories.

The critics at my house think Frank Sinatra should abdicate in favor of his daughter, Nancy . . . We all agree that the family shows the whole family can enjoy and in which there is never anything objectionable, are "Lassie," "Father Knows Best" and "Disneyland."

British-Born Are Invited To Join US-British Club

The group was formed in England in 1947 by parents of British war brides. Members are eligible to travel between the United States and Great Britain at reduced rates. Any British-born person is eligible to join. Anyone interested may call Mrs. F. Bray, AX. 1-8140.

'Calling All Hands' For Christmas Seals

MANY HELPING HANDS will be needed—hands of all ages, from every walk of life—as the 52nd annual Christmas Seal sale gets underway Friday. Hands of Franklin Countions demonstrate the Tuberculosis Society's hope that Christmas seal letters will be answered immediately, with cash or checks, to insure the society's anti-tuberculosis program for 1958. Christmas seals furnish the only financial support for free chest X-ray and other services on the Hilltop, West Side, and elsewhere, throughout the entire county.

For Your Thoughts

Question: How do you feel about the Russians placing a dog in their second satellite?

Mrs. Al Cecchione, 677 S. Brinker-sv: "I like dogs and hate to see them mistreated. I feel sorry for that little dog up there alone, but I'd rather see a dog in one of these contraptions than a human being."

Mrs. Willard L. Deitrick, 234 S. Reys-sv: "I'm not what you would call a passionate lover of dogs, but I do hate to see harm come to any animal. It is a definite step ahead in this space business I'm just wondering now what the United States has up its sleeves in the way of satellites."

Mrs. C. Joe Hogan, 343 S. Westgate-sv: "I love animals and I think it's terrible—of course, I suppose it's better to have a dog up there than a man. I doubt very much if the dog will ever get back to earth alive. If he does, I don't believe that he will be normal, either mentally or physically."

Mrs. James Mullins, 186 S. Harris-sv: "I don't like it at all; I like dogs too well and I think they are taking unfair advantage of a dumb animal. I suppose they're learning something from it all, but I wonder if it's worth the dog's life?"

Mrs. Roosevelt C. Watson, 314 S. Harris-sv: "Well, they use rats, mice, guinea pigs and rabbits for scientific experiments — maybe I'm heartless, but I don't see much difference in using a dog."

Hilltopper Returns To Vienna; Interviews Hungarian Refugees

By Betty Deft

Note: We obtained the following story from Galvy Gordon, former editor of Hartley Newspapers, who returned from a month's stay in Europe late last month. We were especially interested in his comments because he served in several European countries during World War II and worked in the Allied Commission for Austria following the war in a civilian capacity.

The ten-year lapse in his visits to Vienna, made us feel that a comparison of conditions would be interesting. Gordon is president of Hilltop Community Council and public relations director for the Columbus Public Library. His wife, Hedy, accompanied him on the recent overseas trip.

Our questions were:

WHAT WERE THE OUTSTANDING DIFFERENCES YOU NOTED IN EUROPE? "Since I spent most of my time in Vienna, visiting only briefly in a small town on the upper Danube and touring Austria and northern Italy on a fast bus trip, I don't believe I can give a very deep answer to this question. Surface observations would include, how-

"A total of ten hours layover in London airport led me to consider the Londoners, at least, as slightly soured on life in general and on Americans in particular. This observation, however, might not be entirely fair, as it was rainy and foggy on both layovers.

"Austrians, on the other hand, were lively and optimistic. I had the distinct feeling that the heroic, almost single-handed effort of the Austrians in dealing with the Hungarian refugee situation, had given every Austrian the right to hold his head high.

"Northern Italians I came into contact with were most gracious and quick to brag, of relatives living in New York, St. Louis and other points in America. Slightly confusing, however, was the large military buffer area in northern Italy where photographs were forbidden and strictest passport regulations were in force. The fantastic efforts many European nations seem to pour into protecting themselves from overtly friendly neighbor nations is always difficult for us to understand. I'm certain that very few of these people would understand or even approve of our lax travel arrangements with Mexico and Canada."

YOU SPOKE OF HUNGARIAN REFUGEES: DID YOU HAVE A CHANCE TO TALK TO ANY? "Yes, in fact I made the opportunity. As a representative of the Hilltop Lions Club I wanted to see the good works the International Lions Club was doing with refugees and so visited the relief headquarters maintained by the Lions in the Stift Barracks, in mid-Vienna. Here, I was privileged to sit in on actual interviews with Hungarians who were being considered for relief doles from the Lions. In the temporary absence of the translator, I was even able to translate the remarks of one Hungarian refugee who spoke only English.

"Austria took in some 200,000 refugees last year, only months after the Russians had withdrawn from their occupation of Austria. The action could have been suicidal as the Russians might have considered it sufficient 'interference' to march back into Austria.

"About 15,000 of the refugees remaining in Austria are quartered in the huge Vienna barracks which accommodated the Kaiser's forces before and during World War I and served as the main American Vienna garrison during the second world

"Some 40,000 other refugees are quartered in various parts of Austria and the remainder have been assimilated by the West, including the United States."

WHAT DO THE REFUGEES SAY ABOUT THE U.S.? "I had been warned that the Hungarians were so bitter about our lack of helpful action during the revolution that it might be dangerous to visit the barracks. I found, however, that they were too busy with their own plans for the future to worry about what we had or hadn't done to aid their nation.

"Besides, the only Hungarians who might have a right to be bitter toward the West were those who took an active role in the revolution. These comprised only about two percent of all the refugees. Most freedom fighters preferred to remain behind to die for the cause.

"An interesting incident developed while I was in the interrogation booth. A Hungarian refugee who had been blackmailing other refugees by threatening to expose them as Communist spies unless they gave him a certain percentage of their relief money, was himself arrested for having no identity papers and no visible means of support."

HOW IS VIENNA ITSELF, COMPARED TO THE DAYS YOU LIVED THERE? "Completely beautiful, the most enchanting city in the world. The changes were amazing. Instead of shuttered shops, all were filled with merchandise of the most amazing variety and quality. Espressos, imported from Italy, were everywhere, much to the disgust of many old-time Viennese, who fear that this new-fangled steam coffee brewer may spell the end to the traditional Viennese coffee house.

"The Austrians claim to have given coffee to the West. They discovered some of the rich brown beans left behind by the departing Turks several centuries back, brewed it and found it delicious."

ANY THING UNUSUAL HAPPEN TO YOU ON YOUR TRIP? "Not especially, although we did register surprise on a couple of occasions. Like the time we were planning to visit the State Opera House and I struggled through the text of Don Giovanni in German for about two hours, then arrived at the opera to find that the master singer had taken ill and we were seeing an evening of modern ballet instead.

"Meeting my old secretary was quite a shock, too. She had been most efficient and I had had difficulty keeping her in the face of constant demand by the office of High Commissioner General Clark for efficient stenographers. In the intervening years she and her husband have entered into silk, woolen and nylon import-export business with Italy, France and Switzerland and are fantastically wealthy.

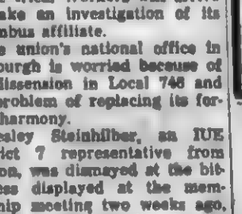
He is now undergoing second phase training at Lackland, where he has been re-assigned to the 3705th Basic Military Training Squadron.

IUE Officials Check Rift At Westinghouse

The next few weeks may bring an end to internal troubles of Westinghouse Local 746, when district and national officials of the International Union of Electrical Workers will arrive to make an investigation of its Columbus affiliate.

The union's national office in Pittsburgh is worried because of the dissension in Local 746 and the problem of replacing its former harmony.

Wesley Steinhilber, an IUE District 7 representative from Dayton, was dismayed at the bitterness displayed at the membership meeting two weeks ago, which terminated in disorder. He pointed out that union officials didn't want to take over Local 746, but they don't intend to let it fall apart.



Town Meeting Topic Is 'Russia'

Faculty Honors Glenn Rader, Former Teacher

Starling Junior High School faculty honored a former teacher, Glenn Rader, at a party in his honor at Pomerene Hall, Ohio State University, Nov. 5.

Seventy-three present and former teachers, with husbands and wives, were present. Master of ceremonies was Donald Decatur. Table decorations were arranged by Mrs. Helen Goodwin, Miss Betty Ley, Mrs. Helen Bauer and Mrs. Ray Trinter.

John Canfield and Mrs. Frances Louise Dicks were in charge of singing. Oakley Wiseman supervised choosing a gift for Mr. Rader. The gift was presented by Quincy Cheadle.

Several teachers presented a skit.

New Cheerleaders

Sixty girls practiced cheerleading techniques for more than a week preceding official try-outs, Nov. 7.

Six girls were chosen for positions on the cheering squad from the group of 60 contestants. Regular cheerleaders are Connie Kettell, 9A; Eva Thompson, 9B; Darlene Kelly, 9B, and Tamara Hessler, 8B.

Alternates are Anita Richmond, 8B, and Judy Stamper, 8B.

Girls were chosen on the basis of talent, appearance and personality.

Judges were D. Decatur, Mrs. C. Bolin, B. Schaffer and B. Howard, all members of Starling's teaching staff.

Requirements for cheerleaders include having a "C" average or better on grade card.

Mrs. Betty Taggart, girls' physical education teacher, sponsors the cheerleading group.

Mrs. Gunby's Recipe Wins Electric Range

SHOWING OFF A NEW ELECTRIC RANGE provides "coffee-klatch" excuse for Mrs. Phillip Gunby, 4720 Beacon Hill-rd, center, who won her Hotpoint Range during the recent Cookbook Carnival. She won the range for her prize winning recipe for Black Walnut Apple Coffeecake. Admiring the prize with Mrs. Gunby are, left to right, Mrs. Barbara Engler, Mrs. Barbara Metcalf, Mrs. Janet Hyser, Mrs. Florence Kerchner and Mrs. Jean Faye. Cookbook Carnival was a cooperative effort co-sponsored by the Electric Company and more than 250 electric appliance dealers.

Terriers Cop Second Title

Rounding out the season with an unblemished record of 10 wins and no defeats, the Terriers ran off with their second Glenwood Recreation League football championship.

Quarterback Ron Stewart, who is playing his last year for the team, led the newly crowned champs in scoring with 20 touchdowns.

The Glenwood boys showed a superb offense as they scored 256 points in 10 games, for a 25 point per game average.

They gave up 76 points to their opponents, for a seven point per game defensive average.

William Wells, Larry Stewart and Edward Wade all played consistent ball for the Terriers. Wells scored eight touchdowns. These boys will be too old to compete in league play next year, but Glenwood coach, Bob Kern, feels all have potential to develop into good high school players.

Other squad members who will form the nucleus for next year's squad are: John and Jim Monsour, Steve Maxwell, Bruce Kelly, Steve Tanner, Jerry Donley and Walter Grey.

One Terrier, backfield man, Dick Getz, suffered a fractured elbow on Oct. 4 and was lost to the squad the remainder of the season.

The Glenwood championship team for the past two years, have compiled a record of 19 victories, no defeats and one tie.

Diamonds Grab Bowling Honors

Bowling is swinging into high gear at Glenwood Recreation Center.

High bowlers in the Bantam League for the past week were Steve Daft with a score of 110, and Joyce Berlo, who toppled 105 pins.

Miss Berlo's team, the Diamonds, of which she is captain, ended up with high team honors. Members of the Diamonds include Eddie Commeans, Jimmy Gaskill and Frank Gall.

Bob Elliott knocked over 201 pins, and Larry Dulin with a tally of 168, led the Junior League Bowlers.

Officers of the Bantam League, Jim Roush, president; Patty Rice, secretary; and Jane Belanger, treasurer, expressed thanks to Mrs. Berlo and Mrs. Roush for keeping scores.

HAS PERMIT

Esther White, 825 S. Terrace-av, has a permit to remodel a frame dwelling. Worthington Roofing Co. is the contractor.

Council Confirms Awarding Notes On Interchange

In a special City Council meeting held last Wednesday, the awarding of notes to finance the Mound-Sandusky-sts Interchange was confirmed. Results of the session will also enable the State Highway Department to accept bids for the projects, Nov. 26. A contract will probably be let around Dec. 6 and construction should begin the first of the year.

Council authorized City Attorney Russell Leach to issue $280,000 in notes, the majority of which will be used to construct the first phase of the Mound-Sandusky-sts Interchange.

A consolidated bid carrying 3½ percent interest was submitted by Ohio National, City National, and Huntington National banks. A similar bid was made by three banks on a $65,000 note issue which will finance a quick survey of the slum clearance project in the Market-Mohawk area.

Illness Upsets Viaduct Work

Service Director Floyd Redick has called for a step-up in the work on the Mound-st Viaduct. He said that the contractors were lagging in the laying of the asphaltic concrete pavement. The route is used heavily by persons from this area commuting to their jobs downtown.

The Baker-Hickey Company of 2170 Eakin-rd is the general contractor for the project. Donald Baker, of the firm, said the lack of work was due to high absenteism among foremen, skilled workers and blacktop crew members due to the flu.

Early December had been set for the opening of the four-lane expressway to traffic. Remaining to be completed is the laying of the blacktop over most of the expressway and the erection of guard rails.

Baker said it is possible W. Whittier-st will be open before the viaduct, providing easier access to industries and warehouses along the Scioto River.

The viaduct will eventually connect into the Mound-Sandusky-sts Interchange, for which construction is slated to begin early next year.

Otewalt's Harmony Shoppe Is In Fifth Year On Hilltop

"When children grow up and get married some women become dissatisfied staying home everyday," said Mrs. Eunice Otewalt, who handled the problem by opening the Harmony Gift Shoppe, 2423 W. Broad-st.

She opened the shop five years ago and includes in her stock, china figurines, assorted gift items, greeting cards, hobby supplies, model trains and a variety of miniature plane, boat and automobile kits.

Mrs. Otewalt's son, Dave, works

in her shop when he can, but is now in the process of opening a store of his own in Great Southern Shopping Center.

She has been married for 22 years and has two children, Dave, who is married, and a daughter, Mrs. Richard Kincaid, who has two children of her own. Mr. Otewalt has been employed by an oil company for a number of years. The family originally hailed from Springfield, O., but moved to the Hilltop about eight years ago.

The Otewalt's, who reside at 143 Binns-blvd, enjoy separate hobbies. Mrs. Otewalt likes to sew when she finds time, while her husband, Arthur, spends his spare hours fishing. They managed to visit both the Atlantic and Pacific oceans this year. They went to San Francisco during the Easter season and toured the New England states this fall.

Mrs. Otewalt is a member of HBA and the First Church of Christ Scientist in Springfield. Her husband is a member of the Masons.

Your Youth

By Bud Martin and Al Hollowell

Bud Martin of the Hilltop YMCA and 15 members of the West Jr. Hi-Y Club joined about a dozen members of the Hilltonia Jr. Hi-Y Club along with their teacher-advisor, Fred Ricketts, to form a Hilltop delegation to the City-Wide Jr. Hi-Y Rally. It was the first of the school year at the Central YMCA last Monday evening. There was a brief talk from Curly Morrison, former Ohio State and Cleveland Brown football player, and the showing of the excellent film story entitled "Ten Years With the Cleveland Browns."

Hilltonia and West Jr. Hi-Y boys acted as hosts during the refreshment period.

Many of the boys of grade school age on the Hilltop celebrated the school holiday last Monday by going downtown for a swim at the Central YMCA. This is the first of several such swims during the winter season sponsored by the Hilltop YMCA for grade school boys.

With the Gra-Y football league coming to a close, the "Y" members are looking forward to starting basketball early in December. As was the case last year, each club anticipates having two teams divided according to age groups.

Following is the schedule for the week:

Hoge Is Scene Of October Nuptials

Miss Reta Ann Bowers and Mr. DeWitt Freeman Friend, Jr., repeated their marriage vows Oct. 12, 2:30 p.m. in Hoge Memorial Presbyterian Church. Rev. A. J. Wold, pastor, read the ceremony before an altar illumined with tapers in candelabra and decorated with white chrysanthemums.

Given in marriage by her uncle, Mr. Carl Bowers of Toledo, the bride is the daughter of Mrs. Howard Bowers, 69 S. Richardson-av and the late Mr. Bowers. Her husband's parents are Mr. and Mrs. DeWitt Freeman Friend, 740 S. Roys-av.

The bridal gown of skinner satin and Alencon lace was designed along princess lines with a fitted empire bodice of satin, sabrina neckline and long, tapering lace sleeves. The bouffant skirt of satin was worn over hoops and extended into a chapel train.

A bonnet of lace held a finger tip veil and she carried a white Bible topped with a white orchid and satin streamers knotted with white carnations.

Miss Sandra Lukins, maid of honor, was gowned in a peacock blue ballerina-length frock of taffeta with vee-neckline, elongated bodice and three-quarter length sleeves.

Bridesmatrons were Mrs. Gerald Peters, sister of the bride, and Mrs. Allen Anderson, sister of the bridegroom. They wore gold gowns styled identically with the one worn by the honor attendant. All wore wreaths of rust chrysanthemums in their hair and carried arrangements of the same flowers.

Eva Jo Anderson served as flower girl for her aunt. She wore a turquoise taffeta, princess style gown and carried a basket of white rose petals.

Mr. Terry Gettelman served as best man and guests were seated by Mr. Edward Blauser, Mr. William Mitchell, Mr. James Funk and Mr. Charles Kidwell.

Mrs. Bowers chose for her daughter's wedding, a gray lace over mauve taffeta gown with mauve accessories and a corsage of mauve chrysanthemums. The bridegroom's mother wore beige lace with pink accessories and a corsage of pink carnations.

Hostesses for the reception held in the church parlor immediately following the ceremony were Miss Ruth Evans, Miss Barbara Galer, Mrs. Judy Stewart and Miss Dee McKettrick.

The new Mrs. Friend is a senior student at West High School. Her husband was graduated from West High School and is employed at Westinghouse, tool and die department.

Following a wedding trip to Niagara Falls the couple will be at home at 109 Circle-dr, Hilliards.

The bride is the daughter of Mr. Walter L Gallagher of Chillicothe and the late Mrs. Marietta Gallagher. Her husband's parents are Mr. and Mrs. Alvin Hutchison, 3033 Crescent-dr.

The bride chose a blue wool jersey jacket dress with matching blue headband and gloves, and carried a prayer book with a small Colonial bouquet of carnations and streamers.

Miss Adrienne Callahan served as maid of honor and Mr. Richard I. Hutchison as best man.

Home of the bridegroom's parents was the scene of the breakfast that followed.

Mrs. Hutchison was graduated from Chillicothe High School and from Mt. Carmel Hospital School of Nursing.

Mr. Hutchison was graduated from West High School and is now enrolled in the University of Denver.

Following a motor trip through the western states, the couple will reside in Denver, Colo.

Twigs Plan Biggest Benefit Bazaar Of Them All

Final touches to a varied assortment of hand-made bazaar items were made by Twig members at a workshop meeting held last week at the home of Mrs. Charles Garish, 549 Columbian-av. Approval of each other's finished projects is offered by (l. to r.) seated, Mrs. R. H. Hardwick, Twig 31; Mrs. Glenn Eichenauer, Twig 122; Mrs. Dale Wolfinger, Twig 96; Mrs. Warren Miller, Twig 122; and, standing, Mrs. V. S. Lechlider, Twig 84; Mrs. Lloyd E. Moore, Twig 92 and the hostess, Mrs. Charles Garish, Twig 22.

Three on a Match—Mother, daughter and doll may be aproned identically in this trio made by Mrs. Lloyd E. Moore, right, of 609 Clark-av, chairman of Twig 92. Modelling the aprons is Terry Garish, left, shown with her mother, Mrs. Charles Garish, bazaar chairman of Twig 22.

Proceeds From Gigantic Sale To Benefit Children's Hospital

More than 2,500 women, all members of the Twigs of Children's Hospital, will cooperate in staging the biggest benefit bazaar of them all on Nov. 25. The annual Christmas event will be held at the Neil House, 10 a.m. to 8 p.m. on the mezzanine floor.

Proceeds from the bazaar are given to Children's Hospital. The women do not specify the manner in which the money is to be used, but request the hospital to administer the funds in the way which will benefit the most children.

Last year the bazaar produced $20,000 to help bridge the gap between hospital expenses and income.

Thousands of hand-made items suitable for Christmas gift-giving have been prepared by the women this year in anticipation of the annual affair. Items range from Christmas decorations, needlework, baked goods and candy to dolls, toys, furniture and jewelry.

The bazaar, biggest major money-making project of the year, is the one event in which all Twigs participate. In addition, individual Twigs conduct benefit projects of their own throughout the year.

Clayton Houchard, 27, of 605 Jenkins-av, narrowly escaped serious injury or death recently when his auto rolled, out of control, down the bank and into the Scioto River. The accident happened at 1:30 a.m. as Houchard was driving south on Scioto-blvd between Mound-st and Greenlawn-av. Escaping through the driver's window, he flagged a passing deputy sheriff and was taken to Mercy Hospital where he was treated for chest abrasions and leg lacerations, and released. Houchard, an employe of Integrity Supply, said, "I saw another car driving toward me, in my lane, and swerved to miss him. I hit the curb and lost control of the car. The other car didn't stop. Tom Sharp, ad salesman, snapped the picture.

Police Hold Seven Boys As Burglary Suspects

Seven teenage boys were arrested as suspects of 50 car lootings and nine burglaries in this area since July.

A stack of miscellaneous articles piled next to a Hilltop garage aroused a cruiserman's interest and police began investigation. One boy was arrested and he in turn implicated six other companions, all in their teens.

Included in their lists of burglaries were carry-outs, markets, and one house. They also took several cars for "joy rides."

Hilltop Branch Joins Library Anniversary

There's a doubly good reason for the whole family to visit the Hilltop Branch Library at 2955 W. Broad-st during the week of Nov. 18 through 23.

First of all, it's "Library Golden Anniversary Week" in Columbus, proclaimed by Mayor M. E. Sensenbrenner as a time for "all citizens and residents to get better acquainted with their Columbus Public Library, its neighborhood branches, stations and bookmobiles.

Open house will be held all week at Hilltop Branch during the regular hours: 1 to 9 p.m. Monday through Friday and 9 a.m. to 9 p.m. on Saturdays.

The event actually celebrates the opening in 1907 of the Main Library Building. Andrew Carnegie's gift of $200,000 permitted the first substantial expansion of service since founding of the Public Library and Reading Room of Columbus in the old State Street City Hall in 1873.

Miss Mary Elizabeth Kyger, branch librarian, said the week would also be the occasion for marking the opening of Hilltop Branch in Oct. 1938 at 31 N. Hague-av.

Special related displays will be erected.

Secondly, it's the 39th annual National Children's Book Week—dedicated to focusing attention on the importance of good books for children. The theme is "Explore With Books." Classes from the 10 elementary schools have already been scheduled to visit the library. Filmstrips of childrens books and children of other lands will be shown. New juvenile books along with colorful posters will be featured.

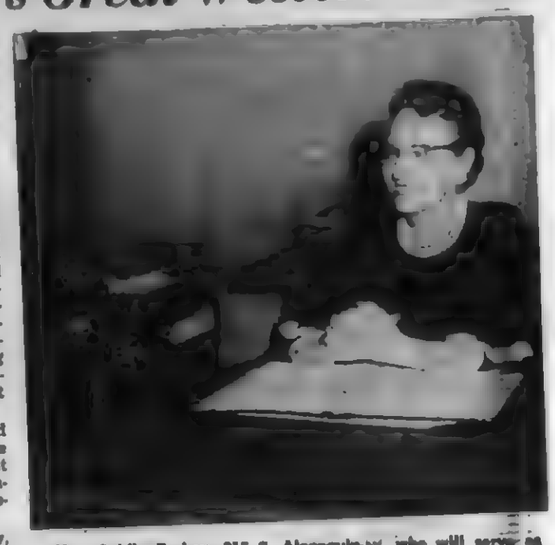
Ladies Take Over Management Of Penney's Great Western Store



Ladies' Days at the J.C. Penney Great Western Store—where the managerial reins of the establishment are turned over to feminine employes—will be held Thursday and Friday.

Serving as manager during the two-day period will be Mrs. Goldie Parkey, 215 S. Algonquin-av, head of the women's ready-to-wear department, who has been an employe of the Great Western Store since it opened about two years ago. In her managerial capacity, she has surrounded herself with an all-woman "cast" of department manager who, she says, are striving to make the event the most outstanding of the year at the Great Western Store.

The "kick-off" will be held Thursday morning when the women will be served breakfast at the store by men of the organization, including top management.

From a public point of view, there will be much to be gained by shopping at Penney's Great Western Store during Ladies' Days, according to L. B. Swinford, who answers to the name of manager, except for the two-day period of the event.

"The women have worked diligently to make the affair a huge success," he said, "and much merchandise has been secured by them at advantageous prices. They have in turn reduced prices to the extent that I feel sure the public's reaction will insure the success of their venture."

Mrs. Goldie Parkey, 215 S. Algonquin-av, who will serve as manager during Ladies' Days—Thursday and Friday—at the J. C. Penney Great Western Store.

STRENGTH FOR THESE DAYS from The Bible

For what is a man profited if he shall gain the whole world, and lose his own soul? —St. Matthew 16, 26.)

So often, these days, as many of us sacrifice so much to make "big" money—to "hit the jackpot" of fame or fortune—and we ignore the inner longing that is our soul. Somehow we think that this can wait until we have made ourselves secure in success... But, who knows the day and hour of his death?

Contacts Guam Hospital

Joe, a resident of 233 S. Eureka-av, made a contact in Guam shortly after the second World War which was to later benefit a worried mother in Valleyview. His daughter, Helen, and her husband and their son were stationed in Guam and Joe heard that his grandson was sick. He contacted a ham operator there and a telephone hook-up was made to the hospital. He and Gladys talked to their grandson who was very homesick.

A few years later, one Sunday morning, Joe went up to his radio room and happened to hear a call for Valleyview, from Guam. A young sailor was very sick in a hospital there and doctors thought it would help if he talked to his parents. Joe took the call and phoned the parents, attaching their line to his shortwave hookup. The mother talked to her son for almost a half hour. The boy soon recovered. The mother thanked Joe saying that she had not known where her son was because he had run away from

Gets National Citation

Joe did this type of thing for many people who wanted to talk to sons, fathers or husbands who were stationed overseas after the war. He was awarded the Congressional Selective Service medal by ex-president Harry S. Truman for his service to these people.

"Sometimes neighbors get very peeved because ham radio operators interfere with their television sets with static and blackouts, but once in a while we're able to do something worth while," Joe added.

Joe entered the fire department on a bet that he wouldn't last six months. That was in 1927 — he retired in 1953! He and Gladys have traveled as much as possible ever since. They have made six jaunts to California to see their daughter in the last three years.

Call Emergency Squad Only Where First Aid Is Needed

Columbus Fire Department records show Emergency Squads are making approximately 65% of their runs for illnesses where little or no appreciable aid can be rendered.

Time is lost, in cases of persons with serious illnesses when the Emergency Squad is called instead of a doctor, as Squadmen are not permitted to give or advise any medication. They can only advise that a doctor be called.

Call the Emergency Squad if stoppage of breathing, serious bleeding, internal poisoning, sudden illness, or serious injury or accident occurs where firemen or the Emergency Squad can give first aid.

For prolonged illness or transportation, do not call the squads. It is not the policy of the Department to respond in such cases. These calls make the squadmen unavailable when an accident or serious injury occurs where first aid services may save a life.

Fire Department Emergency Squads are asking the public to assist them in elliminating unnecessary calls they are now making.

New Water Heaters Shown

Two styes of new water heaters are now being made at the local Westinghouse plant. More compact than former models, they are said to heat water much more quickly.

The new Westinghouse "quick recovery" water heater being made at the Phillippi-rd plant can deliver a full 40-gallon tank of 150 degree water in just two hours, announced Frank Lowery, manager of the plant's water heater department.

Lowery said the new unit heats water six times faster than standard electric water heaters and the cost of operation is the same as for a slower unit.

If hot water is constantly being used, the new heater can deliver two and a half times more hot water in a day than a standard heater of the same size, Lowery said.

Complete immersion of two high-speed Corox heating is the secret of the fast recovery, added Lowery.

A special baffle prevents incoming cold water from mixing with hot water in the tank.

These Westinghouse units are available both in round and in table-top models, each only 24 inches wide. The table - top model is 36 inches high, allowing it to be fitted into a kitchen or laundry.

Food Markets This Week by Mrs. Estelle B. Franks

THIS WEEK SHOP FOR:

Fruits — Apples, Emperor grapes, grapefruit, canned purple plums.

Vegetables — Cauliflower, Pascal celery, turnips, canned and frozen peas.

Meats—Beef rib roast, whole ham, fryers, turkeys.

KITCHEN COUNSEL

The fresh produce counters are loaded with good eating. So many fresh vegetables are still available from Ohio farms that you will find it easy to include two green or yellow vegetables, besides potatoes in each dinner menu all week without repeating.

For your salads, consider using some of these fine inexpensive greens as: cabbage, kale, spinach, endive and escarole. There's a big turnip crop this year and they are now at their best. Crisp, cold turnip and rutabage strips will give a welcome variety to your relish trap.

It's Season for Squash — This is wonderful weather for serving squash — it's a hot and hearty vegetable, just the thing for these nippy evenings. You can choose from winter varieties as butternut, acorn, and three varieties of Hubbard, or from the summer squash now coming from Florida.

There's a bumper pumpkin crop this year which means plenty of inexpensive pumpkin for pies. November is also a good time to plan some thrifty dinners using sauerkraut.

FRUITS

Fresh fruits continue in abundance. Apples are the leading buy being at a peak of supply, but citrus fruits from Florida, grapes, pears and cranberries are also in plentiful supply. The cranberry crop is large—about five per cent larger than last year—and the color and eating quality are excellent. You may want to watch for good buys on cranberries and put a few packages in your freezer to use fresh later in the year.

Tangerines and kumquats are in from Florida, much earlier than usual it seems . . . prices on these will be lower as the supply increases.

PROTEIN FOODS

You will find that poultry remains the most economical of protein foods. Larger supplies than usual, together with the usual lower demand of fall, have combined to give us attractive prices on fryers.

Turkey prices are usually low in November, and you can expect this to be true this year because of the large storage holdings, especially the heavier birds. Other meat prices remain about the same as last week.

Egg prices have dropped one to three cents per dozen in most markets this past week. You will find more large eggs than medium from now on through the winter months.

Hilltop Business Association Picks First Woman President

It was "Hurrah for Hazel" last Wednesday night when a crowd congratulated Mrs. Hazel Roberts, new HBA president. Here she chats with l. to r. Jack Merriman, trustee; Charles Campbell, executive secretary, HBA; Clark Biddle, outgoing president, and Ray Von Ins, treasurer.

By Marcus Orr

History was made last Wednesday night when the Hilltop Business Association welcomed as its first woman president, Mrs. Hazel Roberts. Her election was announced at the annual HBA employer-employe dinner at Westinghouse cafeteria.

HBA has been the hub of Hilltop business activities since 1928 but never before has it had a woman at the helm. She succeeds Clark Biddle as president.

Mrs. Hazel Roberts

Since the sudden death of her husband five years ago Mrs. Roberts has continued, alone, to manage and expand Yost Florists at 303 Belvidere-av. She first came to the firm soon after her graduation from South High School in 1928. A few years later she and her husband took over management of Yosts, which has been on the HBA roster for the last 19 years.

Modest but proud of her appointment, Mrs. Roberts said: "I am certainly happy that all the business people of the Hilltop . . . and most are men, mind you . . . have seen fit to elect me as their president. I hope to help the HBA carry on another year of promoting anything that is for the good of the community."

When asked about talk of discontinuing the HBA-sponsored Annual Bean Dinner, Mrs. Roberts replied: "I'd hate to see it happen. I definitely think the Bean Dinner is a fine tradition with the Hilltoppers . . . and I think most of the objectors are those who never took part anyway. Supporters for the event now number about 50-50.

Mrs. Roberts' interest in flowers got an early start. Her grandparents operated one of the first flowers stands in Central Market. Business at Yosts has grown considerably in the last few years. A new greenhouse has been added and five helpers are steadily employed.

"Hazel", as she is universally known, has many other interests away from the greenhouses. She loves flying and but for lack of time would have gotten a pilot's license. Last year and this she made two trips to Europe.

She is active in Glenwood Methodist Church, Kiwanikwe, Gradale sorority, Allied Florists

(Continued on Page 7)

Installation To Be In January

Elected to serve with "madam president" at the HBA dinner last week were the following: H. James Holroyd, vice-president; William Coulthard, second vice-president; Roy Von Ins, treasurer; and trustees, Bill Coon, Jack Merriman and Les Swinford.

Ballots were counted following a turkey banquet in Westinghouse cafeteria.

Date for the installation was announced as Jan. 8 at the Colony Restaurant. Novice G. Fawcett, president of Ohio State University, will be the speaker.

Charles Campbell explained information given in a folder telling about the new law to combat shoplifting.

Herb Deems, induction chairman, introduced two new HBA members, Bill Buckingham of Buck's Auto Supplies, 3429 Sullivant-av, and Henry Garber of Garber's TV and Appliances, 2907 Sullivant-av.

"As is their reputation, the Singing Sheriffs quartet hit off both song and steam in spirited vocal concert. One of them, Harry Freeman, recalled that he had produced one of the first Hilltop Minstrels many years ago.

Commissioners Approve Annexation Of Georgian Heights Area To City

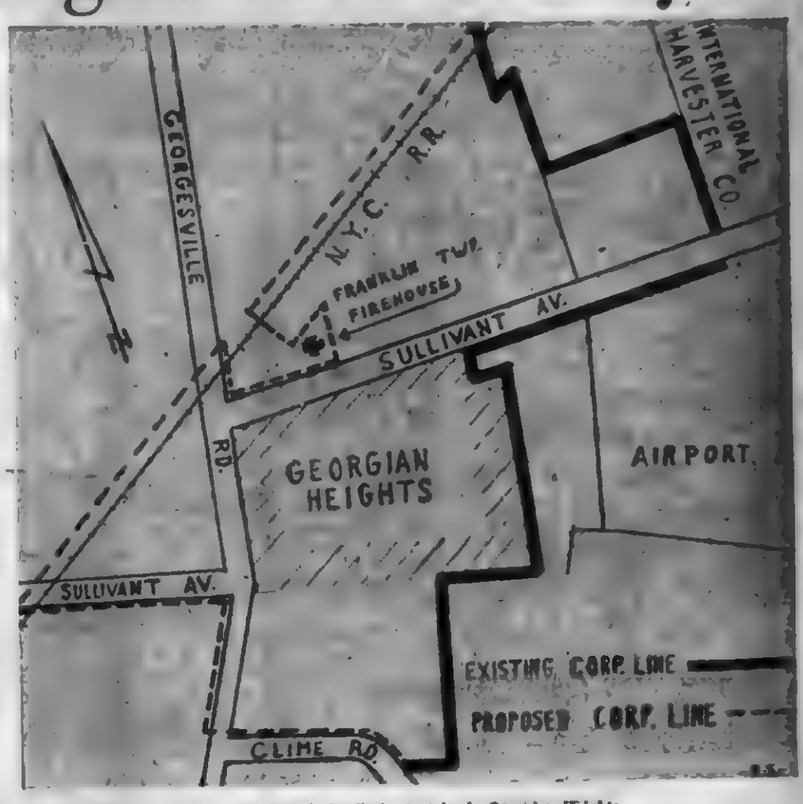
Efforts to push the boundaries of Columbus farther to the west another notch have been approved by Franklin County commissioners.

Last Wednesday the commissioners approved annexation of 240 acres in the Georgian Heights vicinity to the city. Transcripts are to be presented to city council in 60 days.

Meanwhile opponents of the move "definitely will file suits of injunction," according to their attorney, Thomas W. Applegate.

The area lies on both sides of Sullivant-av. If annexed it will extend the city limits from the new International Harvester plant and Sullivant Avenue Airport west to Georgesville-rd and the New York Central Railroad. (See accompanying map.)

Deleted from the original tract was the Franklin Township Firehouse, three acres on the corner owned by Raymond G. Highfield and a small strip belonging to Eshelman Grain Inc.



The annexation has been the subject of dispute since spring. Opposing sides were represented by Applegate and Harrison W. Smith, Jr. Earl Allison represented the county prosecutor. Action lately had been delayed by a dispute over eligible signers on the petition.

Of 483 freeholderi, about 300 had signed. Later 53 withdrew leaving a disputed 246 or 247. One person either way vitally affected the needed majority. After continuing the meeting several weeks ago for a recheck, the annexation was approved last week.

City Council delayed a vote on annexing 336 acres to the east of the city, in its Monday night meeting, at the request of Attorney Harrison Smith Jr. and Mayor Sensenbrenner. Indications are that there may be a possible slowing down on the acceptance of areas approved by county commissioners for annexation to Columbus.

The mayor urged council, in a letter, to check with state and city boards of education to assure the city of no tax loss by annexing the area.

One area in question, if annexed, would cost the city $1 million a year less.

Grandview-av Extension Plans May Be Altered

Service Director Floyd C. Redick and Jack E. Bachtel, planning director, are working on a suggestion made two weeks ago by Councilman W. Ralston Westlake to extend Grandview-av south of McKinley-av to Broad-st.

Westlake said that much of the heavy truck traffic heading north on Rt. 33 would be taken off Broad-st by this extension.

Redick, however, told the press, "dead-ending an extension of Grandview-av at Broad-st would not be wise and suggested that such an extension, if built, should continue south to S. Central-av at Rich-st, thus channeling some of the northbound traffic away from Starling Junior High School."

State Officials Interested

In talks with State Hospital officials, Redick said he found they showed interest in the extension which would be built on the hospital grounds. The hospital needs more sewer lines and Redick pointed out, "Sewers could be constructed in connection with the extension of Grandview-av."

The service director added, "An ideal extension would carry the roadway straight south, but a number of buildings would have to be torn down. This plan, however, would entail a minimum of cost since it would cross state hospital ground that is still all open at the present time."

Waiting to see if the state might share the cost, estimates of construction costs and financial set-ups will be worked out later.

"I think this project would answer a lot of the traffic problems on the West Side," said Redick.

Short Circuits Close Glenwood

Activities at Glenwood Recreation Center were curtailed late last week when a faulty electrical switch box needed attention.

Repairs were ordered made Friday, the city recreation chief said, but the center remained closed until a building inspector could give clearance to the work.

Teal Will Tell Kiwanis About New Dial System

James H. Teal, central office foreman of the Ohio Bell Telephone Company, will be the guest speaker at the Hilltop Kiwanis Club meeting Thursday noon at the Colony Restaurant.

He will outline the procedure for the new direct dialing in long distance calls and will provide a demonstration.

Vernon C. Fiscus will be chairman of the meeting.

Hundreds Will Sell Papers For Kiwanis Club On Dec. 4

Another big year for the annual Hilltop Kiwanis Christmas Newspaper Sale is in prospect, according to Elmer Hegenberger who is again serving as chairman.

The club's largest fund-raising campaign of the year, this year's event will be handled through the combined efforts of more than 300 "grownup newsboys."

Wednesday, Dec. 4 will be the big day. It will start with the gong of Auctioneer Clarence Latham at noon at the Colony Restaurant when the first copies of the Christmas newspaper are sold to the highest bidders. Bidding last year netted the club $2726.50, and an even higher figure is expected this year, Hegenberger said. Robert Cassel will be chairman of the action. Letters, listing many of the Hilltop Kiwanis projects of last year are being sent to prospective bidders.

Distribution of the papers in a massive door-to-door canvass of the Hilltop and Western Franklin County will be held the same evening, Roger Strouse is chairman. More than 300 Kiwanians and their friends will gather at West High school cafeteria at 6 p.m. for a feed, followed by instructions and assignments. Bundling of the thousands of papers is to be directed by Noble Allen.

Elmer Hegenberger

Distribution will be under ter direction of nine team captains — Otto Best, Herbert Deems, Dr. James Miles, Gene Wolfe, W. H. Jones, Franklin Sparks, Dr. T. S. Fox, Willis Sly and Roy Von Ins.

Counting of contributions later in the evening will be done at City National Bank, 3100 W. Broad-st. Refreshments will be provided by Mac Pemberton and George Williams.

Advertising for this year's paper was directed by Charles Campbell. C. C. Bartley is in charge of publicity.

On the auction committee are Otto Best, Robert Cramer, Herbert Deems, Harold Fox, Ed Johnson, Howard Lloyd, Don McVay, Jack Merriman, Henry Ruegg, Les Swinford, Ed Schaedler, Roy Von Ins, Curt Wilcox and Gene Wolfe.

Firemen, Mailmen To Solicit For Muscular Dystrophy

Familiar faces will be seen when local firemen and mail carriers make their house-to-house solicitations for the 1957 March for Muscular Dystrophy funds Tuesday, Nov. 26, 7 to 9 p.m.

J. C. O'Conner of 50 S. Ogden-av, fire battalion chief, will be chairman of the drive. Other officials of the city will act as honorary chairmen.

About 7500 canisters will be placed in stores, bus terminals, railroad depots, taverns and theater lobbies for public contributions to the fund.

The funds being sought will support a broad program of medical research seeking the origins and a cure for this mysterious muscle-wasting malady. The majority of victims are children, in whom the disease is nearly always fatal.

Zoners Reject Mound-st Site For Druggist

A West Side druggist was halted last Thursday in his efforts to relocate his pharmacy to a Hilltop site. Zoning officials declined to rezone the spot for commercial use.

Bill Harrup, owner and manager of Cramer's Pharmacy at 671 W. Broad-st, is forced to move his drug store because of the Mound-Sandusky-sts Expressway. After several months of fruitless searching for a new location, he singled out a spot next to the Schulze Food Market, 1971 W. Mound-st.

Although the grocery store is located there, the area is zoned for residences only. Harrup and the owner of the proposed site together met with the zoning commission.

There are no drugstores in that immediate vicinity, said Harrup. He added that residents polled in the area were in favor of the pharmacy.

Services Held Monday For Mrs. Ashburn

Mrs. Jacob Ashburn, mother of Rev. Julian Ashburn, pastor of Oakley Avenue Baptist Church, and the widow of Rev. Jacob Ashburn, Jr., former pastor of the church, died Thursday.

Rev. Jacob Ashburn had been pastor of the church 38 years before his death, Sept. 15, 1955. His son assumed the pastorate of Oakley Avenue at that time.

Mrs. Ashburn, a resident of 300 S. Oakley-av, was a member of the Columbus Area Council of Church Women and the Baptist Ministers Wives Alliance.

Funeral services were held Monday at Oakley Avenue Church. Rev. C. F. Jenkins officiated, assisted by ministers of the Baptist Ministers Alliance. Burial was in Green Lawn Cemetery.

She is survived by another son, Rev. Reginald Ashburn, pastor of the [illegible] Baptist Church, Sandusky; a daughter, Mrs Evelyn Gibson of Cleveland; her mother, Mrs. Fannie Becks of Staunton, Va.; three sisters, two brothers, six grandchildren and three great-grandchildren.

Stamp Show Set For Nov. 21, 22

Students of dramatics, music and physical education departments of West High School will present their annual production this year, Nov. 21 and 22.

"Down In the Valley," an operetta by Kurt Weill, will be presented to students Thursday morning in double assemblies; public performance will be Friday night at 8 in the school auditorium.

Admission price during the student show will be 50 cents or $10 in sales tax stamps. Fifty cents will secure admission Friday night.

Revenue from the annual show is turned over to the school and administered by the principal to best benefit all departments. Curtains and drops for the stage, cafeteria sound-proofing and the radio department are a few of the school improvements made possible by shows in the past.

This year's operetta is a folk story, narrated with music from a 40-voice section of the choir, directed by Mrs. Edith White and accompanied by the orchestra directed by Jack Dale. The production is under the direction of

Fall Hunting Season Opens

With the principal part of the hunting season yet to come, Ohio hunters have already set an unenviable record—30 hunting casualties, seven of them fatal.

It should be pointed out that although there was a like number of fatalities during the 1956 squirrel hunting season, the number of non-fatal accidents increased from 28 in 1956 to 39 this year, due no doubt to the increased number of hunters in the field.

Harold Green, Supervisor of Firearms and Water Safety in the Division of Wildlife, points out that "a shotgun is the most [illegible] firearm ever invented." A .22 rifle can kill a mile away.

Mary Magdalene Parish Dance Set

St. Mary Magdalene Parish will sponsor a Thanksgiving dance in the church basement Nov. 30. Karl's Combo will play for round dancing from 9 p.m. to midnight.

Paul Weisenbach is general chairman of the affair and Mr. and Mrs. John Murnane, chairmen of the ticket committee.

Public is invited to attend.

In Passing

By Esther Weakley

Sun-gold and autumn flame of leaf
Are spendthrift, burning, strangely brief,
Both brightened and betrayed by frost
These leaves are loosened, fall; are lost.

Soon, dull and dead they lie below
The star-bright beauty of first snow.

This is being written on Veterans' Day—or Armistice Day, as we old timers will always call it. Anyone who can remember the joy and tears of the first Armistice Day,, way back in 1918; the songs of the first World War—"Goodbye, Broadway; Hello, France;" "Just a Baby's Prayer at Twilight;" "Over There," and "Rose of No Man's Land" and the poem, "In Flander's Field;" President Wilson's tired face; war bond drives and all the rest of it, may be dated, but we do have bitter-sweet memories that "bless and burn." Last week's television show "Mama" brought back memories of World War I. I hope you saw it.

• • •

Children are beginning to count the days already, and the stores are reminding us it won't be long now.

• • •

There is nothing else to write about so here are a few travel notes: The north-south Pennsylvania Turnpike is more interesting than the east-west, that is for anyone who likes small towns. The turnpike runs along the edges of several towns, close enough to see the houses. There is only one tunnel and it is brilliantly lighted and more impressive than the tunnels on the east-west turnpike.

It may go farther north now, but when we were on it, it ended at Scranton . . . You have to use your imagination when you look at the famed Old Man of the Mountains, in New Hampshire. The lower part of the face is natural enough, but the top part shows the old man is either wearing a low-hanging fur cap or has a bulging forehead.

Speaking of New Hampshire, none of the natives we had the pleasure of talking with, in any way resembled the characters in "Peyton Place" (which is good) . . . In a little cross roads store in Quebec I asked the clerk if he had souvenir plates and he shrugged; went into a back room and came back with a horse blanket.

At Ogunquit, Maine, we Weakleys had the ocean to ourselves, except for some seagulls that would have eaten from our hands if we had had anything to feed them. We didn't know they would be there, or would be that tame and that hungry.

After "doing" New England, we agree with YANKEE, the New England magazine, that New England is "the best part of the country"—after Ohio, of course.

Shrubbery planted along the highways cuts down the glare from automobile lights and breaks the monotony of the long, smooth road.

West High Seniors Stage Traditional Fun-Filled 'Class Mixer'

West High' seniors turned "moonshiners" for an evening of informal fun and entertainment at the class mixer held last Friday night in the gym. One of the traditions at West, along with the senior class play and prom, all planning, decorations and entertainment was by and for the seniors. A few of the lovi and shirt-clad guests, shown above, around the pseudo-still are, from left, seated, Gretchen Vegnier, Helen Zielke, Pat Doelker and; standing, Joyce Henry, Patti Donaldson, Ronda Graham and Mary Grabill.

A boys' chorus line, composed of seniors, performed with elephantine grace during intermission. They are, from left, Terry Reichert, Dave Bunner, Don Furry, Jerry Galloway, Dave Mack, Paul Smith, and Dick Curtiss. Dick Distlehorst emceed the affair and other acts included the "Hillbillies," with Annette Bates, Roberts Ranney and Marty Abrams and the "Sequins" with Phyllis Hill, Bill Camel, Gwinn Conly, Walter Jackson and Henry Martin. Entertainment and decorations followed the "Moonshiners" theme.

Dependability Pays Off For Carrier Boy

Billy Doughty

Steady . . . that's best way to describe 14-year-old Billy Doughty, one of the Hilltop Record's most dependable carrier boys.

For two years he has maintained steady service for 35 subscribers in Valleyview.

Although still small in stature, he overcomes this with determination — and on Nov. 4 received Scouting's second highest badge of rank . . . Life Scout. With only four merit badges to go he is aiming for that Eagle badge.

The son of Mr. and Mrs. Larry Doughty, 2262 Elliott-av, he is an Explorer Scout with Post 172, Hoge Memorial Presbyterian Church. He will graduate from West Junior High School in February. Later Billy hopes to become a veterinarian.

By Jim Weisert and Bob Lynch

The school has been very busy with a variety of activities. The seventh and eighth grade boys interested in basketball have been working in the gym every night after school.

At noon the students are able to see movies in the aduitorium.

Every other Thursday the students go to the club of their choice. When clubs do not meet during the activity period, pupils go to an assembly program. These assemblies have been such things as plays, honor assemblies, and the Capital String Quartet.

During Book Week, Nov. 17-22, the Library Club will be selling pocket-size editions of many good books. The students may buy these before school and during their lunch period.

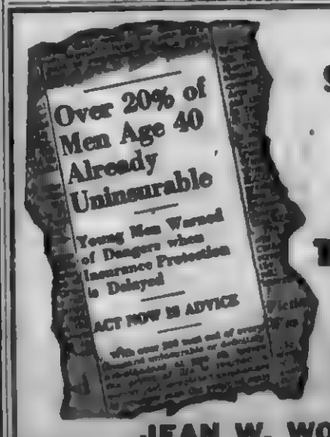
Two Boys Are Hit In Gun Accident



Two Hilltop teenagers had gunshot pellets removed Monday at Mt. Carmel Hospital and were released. David A. Steele, 18, of 53 E. Westmoor-av, and Geof Rausch, 18, of 3051 Palmetto-av, were struck in a gunshot accident three miles south of New California Sunday afternoon.

David's father, Curtiss Steele, said a group of boys was shooting clay pigeons when one accidently discharged a gun. The barrel was pointing towards the ground and the pellets struck a rock glancing off and striking David Steele and Rausch.

David was struck in the left leg with a number of shots but Rausch received only "two or three" pellets. X-rays were taken of the boys at the hospital.

Local Men Aid Charity Newsie Effort; L. F. Weigand Heads '57 Paper Sales

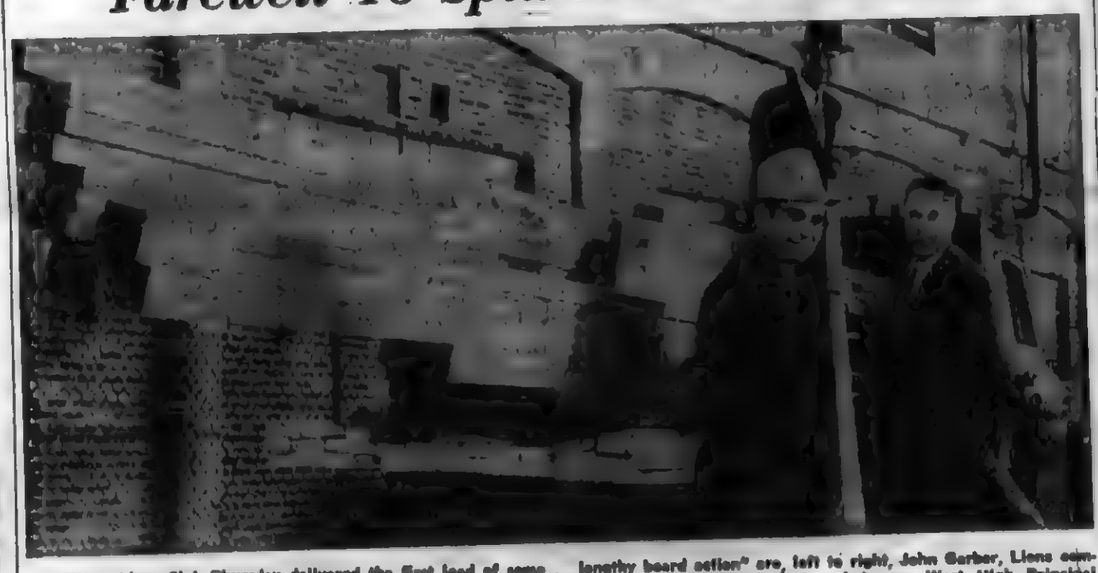
Fifteen men of the Hilltop community will be among those participating in the 51st annual drive of Charity Newsies, the "100 per cent for charity organization.

They will join scores of other Columbus and Franklin County men in selling the annual special "Open-Your-Heart" edition of the Charity Newsies newspaper on Saturday, Dec. 14.

Last year's sale resulted in 6278 children being clothed by the Newsies. In addition, other emergency calls from families in need due to sickness, death, fire or other calamities were answered. "Every call received by the uniquely Columbus charity organization is answered.

"When you donate to the Newsies, you know that every cent of your donation is going to someone in need since administrative costs are borne by sporting and social events sponsored earlier in the year," he continued.

Newsies now are taking applications from needy families for clothing. Nearly 1000 already have applied at the organization's headquarters and clothing center in old Memorial Hall. All applicants are investigated by Newsie members to make certain a need exists and that efforts of other charitable organizations are not being duplicated. All clothing given by the Newsies is new.



Ed Brinkman, 1497 King-av, is Newsie president. LeRoy Weigand of 3181 W. Broad-st, heads this yeards 51st drive. Other Hilltop men who will participate in the Dec. 14 sale are:

Local Man Takes Dream Safari Into Africa

Robert Richards, local attorney, with a trophy waterbuck shot while on safari in Kenya, British East Africa.

Also at Murchison Falls was this huge elephant taking a drink. Many animals were found along the water, including large, ugly crocodiles, and beautiful wading birds.

Hippos photographed by Richards at Murchison Falls National Park. The outboard motor on a small boat stopped on this trip, and the boat almost drifted into a herd of hippos.

By ROD COCHRAN

A big game safari in Africa is the fond dream of every hunter, and his dream came true for Robert Richards of Darbycrest during the first two weeks in September. Richards, a West Franklin county attorney, is well known in this area for his photography and I had the pleasure the other evening of viewing some of 2,000 photographs taken on his trip.

Actually, Mr. Richards was in Africa six weeks and he spent most of this time traveling and taking photographs in parks, where wild animals walk around almost like they were in a zoo. They are quite wild, of course, and Richards reports it was very exciting to watch the many and varied animals of Africa in their native environment. The only protection in these parks is to stay in the automobile—with only a car door or windshield separating you from, say an elephant, lion, or rhino.

Took Tub, Tablecloth Too

Richards outfitted for his safari in Nairobi. His white hunter was young, but experienced, and the 18 boys were experts at tracking game and setting up camps. A safari today carries most of the conveniences of life, including a canvas bathtub and a refrigerator. Even a tablecloth is provided for dinner every evening.

The safari traveled about 250 miles northeast of Nairobi, and the hunting was done along the equator. The plains of Kenya are where vast herds of grazing animals live along with the predators, lions and leopards, and the scavenger hyenas. According to Robert, the multitudes of animals are almost beyond belief. His hunting license entitled him to take 76 pieces of game, but he shot far less than this.

Takes Leopard

The second animal he shot in Africa was a leopard, and for this the natives treated him with respect. Leopards are nocturnal for the most part, and it's a rare occasion when you see one with enough light left to aim your rifle. So everyone was pleased, including Richards, to take such a prize early in the trip.

Robert was selective in his shooting and brought back an impressive list of trophies. He shot six zebra (three for trophies and three for bait), one leopard, two cape buffalo, two impala, one oryx, one gerenuk, two Grant's gazelles, one waterbuck, four dik-dik, and one hyena. A rhino attacked Richards and the white hunter in a jeep, but they didn't shoot it since they weren't interested in taking one. Small game was also plentiful, and shooting wild pigeons with a shotgun provided good sport and good eating.

Just as impressive as the animal trophies that Mr. Richards shot, are the literally hundreds of excellent color slides that he took. These were taken from the moment he stepped off the plane in Leopoldville, Belgian Congo, on Aug. 15.

His next stop was Johannesburg, from where he traveled by auto to the fabled Kruger National Park. These parks are protected from hunting, and are fantastically large. It takes, for instance, two to three days to travel through Kruger by automobile.

Livingston was next, with beautiful mile-wide Victoria Falls. In the meantime, the Elizabeth National Park was visited in Uganda, and Murchison Falls National Park where hippos almost upset the little boat he was riding in. Richards hunted out of Nairobi, and toured the Nairobi National Park. He finished the month and a half jaunt to Africa with a trip to Zanzibar.

Awaits Trophy Shipment

Richards hasn't seen all of the photographs yet, there are simply too many of them. The trophies, both heads and rugs, are still at Jonas Brothers, the taxidermists. So he has all winter to sort and catalog the pictures, and look forward to receiving his mounts.

In the meantime, he has a leather pouch within easy reach of his desk that a District Game Manager gave him in Africa. The pouch is scuffed, sweat-stained, and still has a little African mud and dust on it. Inside are steel-tipped arrows that have been dipped in a deadly curare.

The poisoned arrows were confiscated from a native hunter by government officials.

Poisoned arrows are outlawed today in Africa, but have been used for ages by the natives to procure food for themselves and their families. These short arrows are a link with the past that is all too fast disappearing in Africa. A man likes to have such a link handy to remind him of his dream safari.

Theodore A. Schroeck

known as Ted, who owns and operates Schroeck's Sinclair Station, 2460 W. Broad-st.

Automobiles are a hobby for Ted who is originally from Erie, Pa. He enjoys working on cars and other types of machinery and has done so most of his life — with the exception of a period when he tried selling life insurance just before opening his filling station 12 years ago.

He employs three full-time men in his station and one part-time helper. His son Ted Jr., also works for him.

Ted and his wife, Teresa, reside at 144 S. Brinker-av. They have three children, Nancy, who is married; Ted and Mike who are attending St. Mary Magdalene School.

Ted is a member of HBA and St. Mary Magdalene Church.

Happenings In Rea-Rainbow

By Myrtle Kidd
BR. 4-3649

Most people here seem to have flu — some families are all down with it. There seems to be more cases than a week ago.

Mr. and Mrs. O. G. Hill have returned to their home on Midland-av from Pittsburgh where they stayed a few days after attending the funeral of Mrs. Ethel McCullum. She was a sister of Mrs. Hill.

Timothy Wortman, who is with the US Air Force and stationed in Turkey, came home by plane, and Mr. and Mrs. William Wortman arrived from Missouri to attend the funeral of Thomas Wortman. He died at his home near Grove City last week. The relatives visited while here with Mr. and Mrs. James Morris on Whitethorne-av.

Lloyd Twyman of Ewington is visiting Mr. and Mrs. Brice Cremeens on Rea-av.

The Golden Eagles Club held a party at the VFW Hall in Rainbow, Friday.

Mr. and Mrs. Roscoe Hill of Clarendon-ax were called to Midcliff, W. Va., last Friday by the death of a relative, David Vance.

Miss Mildred Irvin and her family have moved to 966 Midland-av, recently vacated by Mr. and Mrs. Thomas Clark and family.

An optimist is one who makes the best of it when he gets the worst of it.

For Your Thoughts

Question: What do you think about using television as an aid to teaching in schools?

Mrs. Frank R. Schmidt, 143 N. Huron-av: I think it has a certain value. After all, if boys and girls could learn their lessons by the use of TV as easy as they learn the commercials, it is bound to be of some use.

Mrs. Roy W. Yockey, 646 S. Hague-av: It should be a good aid to education. Most youngsters do get quite a bit out of television. I can't see any harm in trying it out.

Mrs. J. H. Lang, 3044 Olive-st: Anything that will help students learn better is always a good idea. As for myself I would like to have been taught with the aid of TV —I just love it.

Mrs. Arthur Howie, Jr., 2275 Union-av: Children seem to take a lot of interest in things presented over television, so I think it would be a good idea. My children see educational programs at West Mound School and are always coming home to tell me about what they saw.

Mrs. Steve Kristofsky, 3718 Oakland-av: Really a wonderful idea. When I went to school teachers found out that we would make better grades on tests after we had seen movies on a subject. Besides, television should hold the students' attention better.

Fluharts Cop Cage Opener

Mel Fluhart's newly formed class "A" basketball team got off to a flying start last Tuesday by downing highly favored Roy's Drive Inn 72 to 65 in their first start in the Starling "A" Independent League. Warren Pemberton hit 24 points and Tom Edgar 15 to lead the insurance men to victory.

Lost Thursday in Mohawk League Fluharts' Insurance made it two in a row by beating a hard fighting Necco team 62 to 45. Pemberton again led the scorers with 19 markers and teammate Jerry Swindler had 13 points.

Included on this year's team are captain Jimmy Shifflett, Ron Dixon, Dick Witter and Bob Courtney all West Side boys. Don Maury and Raymond Stokes round out the roster.

Mrs. Roberts has one daughter, Mrs. Lee Addie, a bookkeeper at Ohio National Bank, Central Point. She has two brothers, John and Paul Nippert of Nippert Electric Products Co., and a sister, Mrs. Harry Kay, 579 Larcomb-av.

Speaker of the evening was Ralph Negri, manager of the Columbus office of National Cash Register Co. He discussed the "Art of Getting Cooperation."

He noted that productivity is determined by the mental attitudes of employes. He stressed that these good attitudes should include (1) an interest in people; (2) judgment of people more by their good qualities; (3) the ability to listen; (4) a share of appreciation and praise; (4) giving people good reasons for buying or doing a good job; (5) perfection of self control.

Your Youth

By Al Hollowell and Bud Martin

Leadership is needed for the "Y" Boys' Chorus. Anyone interested in this project is asked to contact Al Hollowell at the Hilltop "Y". The chorus meets after school at the "Y" and the day could be arranged.

The "Y" Boys' and Girls' Craft classes are at the present time pointing all activities toward the holidays ahead. Projects are scheduled that will enable the youngsters to make gifts for their friends and members of their families. The "Y" Boys' craft class meets at the Hilltop "Y" at 3:30 on Tuesdays and the Girls' Craft class meets on Fridays at 3:30. These groups meet each week and new youngsters are welcome to attend.

This past week a banquet was held at Sunshine Recreation Center for the members of the winning West Park church teams in our YMCA Leagues. The West Park Intermediate team and the Slo-Pitch teams were honored at the banquet. Congratulations, champs!

Small Gift Items Are Needed For State Hospital Patients

Franklin County Mental Health Association, in cooperation with the Volunteer Service Council of Columbus State Hospital, is calling the attention of citizens to the need for Christmas gifts for the 2700 patients of the hospital, many of whom have no family or friends.

The Girl Scouts, following last year's pattern, are preparing presentation boxes, in which various small presents will be packaged. They are decorating shoe boxes with colored wrapping paper and wallpaper samples. These attractive boxes are welcomed as containers for the various gifts and as personal boxes in which patients may keep letters or other items. Some 200 Scouts are working together on this project on Nov. 20.

Shoe boxes will accomodate quite a number of the small items which it is suggested be included as gifts. There is a need for such items as pocket combs, candy bars, facial tissues, cosmetics, scented soap, men's socks, wash cloths, games and tobacco products. Since the packaging has already started, the sooner these can be received by the hospital, the better. Ward gifts, such as radios, televisions, electric shavers, card tables, are also needed. A more complete list of suggestions may be secured by calling the hospital, BR. 4-1171, or the Franklin County Mental Health Association, CA. 3-1119.

Cash may be sent directly to the Volunteer Service Council, Columbus State Hospital, Columbus 13. Gifts may be taken to the recreation department of the hospital, 1960 W. Broad-st or may be deposited in boxes throughout the community. Locations for boxes include Westminster United Presbyterian Church, Lincoln Village; Ross Cleaners, 2636 W. Broad-st; Heaton's Music Store and Nationwide Insurance Company, downtown office.

Will Survey Walk Areas

A survey will begin soon of Westgate-av between Palmetto and Wicklow-rd now that City Council has approved a petition for the construction of curbs and sidewalks in that area, announced the City Engineering office.

Following an estimate of the costs property owners will be notified of their assessments. If all residents involved agree to the acceptance of the costs, construction should begin next spring.

The petition evolved from complaints from residents that Westgate School children are ruining their front lawns by using them as sidewalks on their way to and from school. The problem was complicated further by parents and teachers urging children not to walk in the streets.

Some of the property owners say that the boys and girls do not confine their strolling to the front edge of their lawns but romp through front and back yards.

Hilltop Do-Si-Do Fans Are 'Swinging' Crew

The square dance, country cousin of the more formal round dance and as traditionally American as Yankee Doodle, has become the choice of city sophisticates in recent years. "City slickers" have learned to swing their partners through the intricacies of the square dance set with an enthusiasm and skill that puts their rural neighbors to shame.

Columbus is no exception to the increasing number of square dance clubs springing up across the country and among these is the communities own, Hilltop YMCA Square Dance Club.

Comprised of members of the Hilltop "Y" and their wives, the group of 30 couples meets two Saturday evenings a month at DeMolay Hall, W. Broad-st at Burgoyne-av. A professional caller guides the group through the dance to recorded music.

Occasional special events, such as the New Year's Eve party, calls for an orchestra.

Officers of the club this year are Roy Agin, president; Jim Myer, vice president; Mrs. Dewey Parris, secretary-treasurer.

Roger Miller, professional caller, leads dancers through intricate steps.

Plaid shirts and full skirts are the accepted style for square dancing. Dancers above, forming a star pattern as part of the dance design are, [illegible], Mr. and Mrs. Don Reederer, Mr. and Mrs. Al Hollowell, Mr. and Mrs. Roy Agin and Mr. and Mrs. Jim Myer.

The caller commands "Dip in the valley," and dancers happily comply. They are Mr. [illegible] and Mrs. [illegible] Sydney Duncombe, Mr. and Mrs. Roy Wellman and Mr. and Mrs. Bill Nelson.

'Twon't Be Long! Gift Guide Will Be Your Helper

Christmas is still a little farther than "just around the corner" but many foresighted shoppers have already started their Christmas buying.

Early shoppers are the ones who have fun buying and wrapping colorful packages and still have time to enjoy cooking and Christmas festivities that can't be accomplished early.

A Christmas gift guide section begins today on the classified ad pages of this newspaper. New and more ads will appear in the gift guide section from issue to issue and the guide will attempt to give you gift suggestions for the whole family.

And perhaps it will convince some of those late Christmas "rushers" that "Christmas can be more fun when Christmas shopping's all done!"

Boy Trappers . . . Important Guys

Muskrats are Ohio's most valuable fur animals, and the bulk of the catch is made by youngsters. This fine catch was made along Little Darby Creek, and the trapper used a sled to haul traps and stakes.

INSIDE ON THE
Outdoors
By ROD COCHRAN

The hunter's year centers around Nov. 15, the opening of the upland game season. Much preparation and anticipation is aimed at this date, and last week's opening was no exception. All this tivity pales, however, when compared with the enthusiasm and anticipation generated by Ohio's corps of youthful trappers.

When a boy sets muskrat traps, his imagination takes him back to the days of the frontier, and bearded fur trappers. Just at daylight, fog and darknes shut out civilization, and a boy is on his own as he walks along streams and through fields and woodlots. He may have only a dozen traps, but his hopes soar to indescribable heights he approaches each set. A boy learns about disappointment when he traps. And he learns how hard work will bring him success.

Council Considers Youth

The professional trapper, once the most prominent man in America, is now a vanishing breed. A few of them still persist in the marshes along Lake Erie, but the bulk of Ohio furs are harvested by school boys. The Ohio Wildlife Council recognizes this, and went on record last summer at the public Fish and Game hearing, as favoring the youthful trapper. A fur buyer appeared at the hearing and recommended that the trapping season not open until December 1st. He stated that furs would be more prime then, and top notch pelts would give the faltering fur market a shot in the arm. All of this is true.

But the council said that professional trappers know how to trap through the ice and can take muskrats almost all winter. Ohio's most important trappers in terms of furs caught, are beginners, and they should be given the opportunity of the easier trapping conditions in November.

Form of Recreation

What the Wildlife Council said in effect was, that many a boy has opened his first savings account with money earned from trapping. They meant that trapping is a form of recreation—a sport where hundreds of thousands of teenagers can participate, and let off "steam." Trapping acquaints youngsters with the out-of-doors, where they can enjoy the lifetime sports of hunting, fishing and camping. The council said that the recreational benefits derived from trapping were of greater value than the extra dollars that fully prime pelts would bring.

So, history was re-enacted this morning when boys tended their traps along Big Darby, drainage ditches, and farm ponds. The early history of America is the story of trappers exploring, and leading the way for settlement of a wild continent. Such first hand experience cannot be provided in a classroom, and watching Davey Crockett on television can't compare either.

Mayor Tabs Hilltop Architect For Aviation Commission Job

Mayor M. E. Sensenbrenner will appoint Hilltop architect H. James Holyroyd to membership on the Columbus Metropolitan Airport and Aviation Commission, it was learned this week.

James Holroyd

Holroyd, a Republican, will take the place of James B. Rose, whose term on the board expired Feb. 11, 1957.

Holroyd is a pilot and owns his own plane. He learned to fly when he was 16 years old. His teacher was Lee Miller, chief production test pilot at North American Aviation's Columbus plant. He has owned four planes and now flies a Cessna 180, a four-place plane. He uses his plane extensively for business trips.

"I'm interested in anything that will provide adequate facilities for future air traffic of all types for Columbus," Holroyd pointed out this week.

He is 1957-58 president of the Columbus Chapter of American Institute of Architects, is treasurer of the Architects Society of Ohio, a member of the Architects' Joint Committee of Ohio, first vice-president-elect of the Hilltop Business Association and a member of Hilltop Kiwanis.

Holroyd and his wife and three daughters live at 620 Yaronia-dr. His business firm, H. James Holroyd and Robert H. Myers, Architects, is located at 3201 W. Broad-st.

His firm has the architectural contracts for the new Hilltop YMCA and Glenwood Methodist Church.

11 'Money' Prizes In Today's Ads

With Thanksgiving here and Christmas just around a couple of corners, holiday shopping is really underway. Any budget could stand a little relief at this time of year, and $35 in "Confederate" currency would be most welcome.

Today's jackpot insignia, printed on an ad in one copy of this week's Record is worth $25 in "Confederate" dollars and an additional ten $1 insignia, each worth one "Confederate" bill are printed on ads in ten other copies of the newspaper.

Any advertiser in the current issue of the Record will accept "Confederate" money at face value for any merchandise in his store.

Subscribers whose name appears on our records as having paid in advance or on their carrier boy's route book as a paying customer are eligible to collect "Confederate" currency.

Insignia are always placed in full view on an ad.

Newspapers containing lucky insignia may be exchanged at the Hilltop Record office before noon on Saturday.

Employes or carriers of the newspaper and members of their families are excepted.

Stark Shelves, Oppressed Farms Are Vivid In Refugee's Memory

Surrounded by symbols of America's abundance, Sandor Toth, newly-arrived Hungarian refugee, pauses on Thanksgiving eve to recall the confusion of his revolution-torn country just one year ago. An employe of Chubby Distelhorst Market, 2445 W. Broad-st, he had worked as a grocery clerk in his native Hungary, before emigrating to Columbus in August.

By Bette Duff

Sandor Toth, refugee farmer and grocery clerk from Hungary, will join his new American neighbors tomorrow in celebrating our national holiday with a true appreciation of the meaning of Thanksgiving . . . freedom from oppression and gratitude for plenty.

Sharp differences between an American grocery and the one in his native village make his new way of life seem much farther away than the miles of a dividing ocean and continent.

Sponsored by the Catholic National Welfare Association, he, his wife and month-old daughter are residents of 768 S. 17th-st. The family fled their country after the revolution, reached Austria, and were finally able to reach America three months ago.

Life on an impoverished Hungarian farm and the duties of a grocery clerk in a village of 3,000 are far removed from their new way of living.

He describes the contrast between American stores and those in Hungary with, "Only sardines, fish and processed meats were canned; cereals are unknown and flour and sugar are measured from bins for each customer. There was no fresh meat to sell, nor even refrigeration to keep it; our store could not afford an ice chest.

Grocers Given Allotments

"A grocer never ordered what he needed, but just accepted what was sent to him."

Under the Russian regime, farms throughout Hungary are given quotas of produce, based on acreage, for the government's share.

Sandor described his family's contribution from their four acres as, "In addition to supporting eight people, our farm must produce a share for the government. Each year we had to give 15 dozen eggs, 16 pounds chicken, one fat duck, 36 pounds pork, 72 pounds beef, 360 litres milk, and 750 pounds grain.

"Peasant farmers, taking produce and meat to town for sale were required to stop first and show to a Communist official what they had for sale. He would check the farmer's account and many times find that all he had

W. E. Reese Now In Rome, Italy For UN

Former Hilltop couple, Mr. and Mrs. William E. Reese arrived a week ago in Rome where Reese has been appointed to a United Nations position. He will be an assistant to Dr. Bramao, head of Land and Water Conservancy of the Food and Agriculture Organization of U.N.

Mrs. Reese is the daughter of Mrs. Doris B. Hayes, 133 Whitethorne-av.

Bill recently returned from Cali, Colombia, where he has been responsible for setting up the Soil Conservation Service for the Cauca Valley area of Colombia. During his 13 months there he made a survey of the valley and trained about six men of the country to carry on the work of mapping soils, testing and farm planning.

Bill had worked for several years in the Columbus Soil Conservation office before going to Colombia. Mrs. Reese has published some light fiction.

They both are graduates of West High School and of Ohio State University.

TEACHERS PLAN PARTY

West High women teachers will hold their annual Christmas party, Dec. 2, at Westgate Methodist Church at 5:30 p.m. White elephants will be exchanged as gifts.

Contractor To Locate On Hilltop

Construction activities going on in a lot located on Valleyview-dr near N. Southampton-av have caused some speculation from passers-by.

The Charles A. Gibeaut Contracting Company reveals it has purchased the lot and will build company offices, construction shop and warehouses on the site. The new facilities are to be completed within the next three months.

The company offices are now temporarily located on the Ohio State University Campus, where the firm has just completed work on the new law school building. The organization just finished a project at the Lockbourne Air Force Base.

The Gibeaut Co., originally from Dayton, recently completed a two-year construction job for the Campbell Soups Company in Napoleon, O. Gibeaut said he has decided to locate his business in Columbus permanently.

Gibeaut, a contractor for 20 years, is now residing on N. High-st but said that he plans to move to Hilltop soon.

H. P. Coulthard, Dies In Oklahoma

Harlan P. Coulthard, 84, died Saturday at Oklahoma City, Okla.

His son, William H. Coulthard, 6959 W. Broad-st, in Illinois on a business trip when he learned of his father's illness, was at his bedside when he died.

Mr. Coulthard, a native of Illinois, had lived in Oklahoma for many years. He had visited his son here many times, and had made a number of friends in Columbus.

A daughter, Mrs. Robert Wilder of Morrison, Ill., also survives.

Funeral services were held in Oklahoma City Tuesday with burial in Rosehill Cemetery Mausoleum.

They're Boosting Santa Claus Already!

GOING TO GREAT HEIGHTS to proclaim the Santa season from the Hilltop are Carl Hoover, 909 Millemia-av, and Wally Sturrup, Linwood-av.

Travelers entering western Columbus have no reason to miss the spirit of the coming holidays.

Business associations in both the West Side and Hilltop are backing the greatest street decoration program ever. In fact more decorations, area wise, are going up here than downtown.

Hilltop's Broad and Sullivant-st merchants are matching funds with the Hilltop Business Association to buy 21 new eight-foot luminous candles which are being erected on light standards. They supplement the customary lighted wreaths, stars and Santa's that border and cross the streets, said Charles Campbell, HBA secretary.

City light crews have erected additional permanent wiring on Broad from Chase to Warren-av and on Sullivant out to Athens-av.

In the West Side' 80 street-light standards on Broad-st from Central-av to Starling-st will be draped with double strands of red and white lights.

The plan was sparked by a Board of Trade committee which found enthusiastic support among the merchants. Some $3,000 was solicited

Wiring and 1400 bulbs are on order. Through arrangements by the mayor and other officials a city light crew is installing extra permanent wiring. The parks and forestry department will string the lights, a spokesman said.

Under-Over Route To Ease Sandusky-st Traffic Problem

Motorists in this area who travel through the near West Side daily either on their way to work or to shop should appreciate the news that the intersections which have become severe traffic bottlenecks will be eliminated in the near future.

An end to the bad intersections of Sandusky-st and W. Broad-st, W Rich-st, W. Town-st and Sullivant-av moved closer Thursday as Ohio Department of Highways prepared to begin construction on the second phase of the Sandusky-st Expressway.

Part of Columbus' multi-million dollar innerbelt system, this project provides for the depressing of Sandusky-st under West Broad st. Elimination of the intersection will permit a continuous traffic flow on both streets.

The expressway will pass over W Town-st, W. Rich-st and Sullivant-av eliminating these busy intersections.

Bids on the Sullivant-av to Stimmel-rd section, including the Mound-st interchange, were opened yesterday by the State highway Department. Low bid on the project was submitted by

Man Jailed After Ride In 'Caddy'

Temptation proved to be too much for Charles R. Ables, 33, of Richwood, W. Va., when he "borrowed" a 1957 Cadillac convertible parked in front of 3000 W. Broad-st, Thursday afternoon, and went for a little joy ride.

Ables took the car when the owner, Gebhardt W. Keny, 42, of 2070 Wilson-rd, went into a dentist's office, police reported.

When Ables was arrested in the car at Hilliards-Rome and Trabue-rds, he said he had had permission from Keny, president of Columbus Plastic Products, Inc., but an investigation by detectives proved this to be untrue.

He was booked at city prison for investigation of auto theft.

THANKSGIVING

Lord, we thank Thee for the work at hand;
The strength to do it; the undaunted will;
Let us remember places of this earth
Where fear shackles, and man lives to kill.
We thank Thee for the right to kneel in church,
For air waves that have made the whole world one;
For smiles of children, happy and well-fed,
And for a pillow when the day is done.
God, we are aware these little things . . .
These daily gifts which make our lives worthwhile,
Are ours because democracy prevails
Each man shall walk with freedom every mile.

Thanksgiving Day! What memories we old-timers have of that day.

On the 18th of this month we visited our favorite Indiana family and preparations were already started for The Day. The lady of the house does not hold with prepared and frozen food, and cooks everything from scratch. There were four huge pumpkins on the back porch ready for the kill.

In a pen a mammoth turkey was bursting at the steams and a little fat pig was running about, not knowing his days were numbered. The house smelled of spice and everything nice, for she had just finished making mincemeat. She says boughten mincemeat is all raisins.

Outside, the winter wheat was green; the trees were bare and the corn was in the big bins. There were several pitchers and vases of bittersweet in each room, and some bowls of late mums. Apple butter had been made weeks ago, as was all the canning and drying and storing. And they do still make apple butter outdoors in big copper kettles.

A batch of bread had just been taken from the oven when we arrived, and we had to sit right down and eat some, with butter and apple butter. There was coffee, with cream thick enough to cut.

There are sycamore trees and red barns on the farm. I can understand why homesick Hoosiers write nostalgic songs about them. While we were in Indiana, we went to Santa Claus. It is no place to go without children, but we were not the only adults there. All the children were having a grand time.

Take the children some weekend before Christmas — they will love Santa Claus, Indiana.

• • •

It's that time again—time to order Christmas cards, to try to find out what everyone wants, to check the old budget (the pore (hang!) and to say and hear "It doesn't seem possible that it's almost Christmas time again."

Three Families Pool Talents To Run Stationery Company

Good friends since early childhood in Greenville, O., twins, Bill and Fred Deubner and Karl Kruckeberg have carried the relationship into a successful business venture.

The three men opened the Columbus Stationery Company, 3107 W. Broad-st, in 1937, and built it into a large firm employing 14 persons in Columbus and 44 salesmen on the road.

Fred, president of the company which was incorporated in 1950, sold stationery before entering the partnership in 1937. Karl, Fred's brother-in-law, was a cost accountant before he joined the twins in their business venture. He is now secretary and treasurer of the firm.

The company specializes in personal stationery for high school and college fraternities and sororities. Also monogrammed T-shirts,

Fred Deubner

sweat-shirts and jackets for those organizations.

Fred bought the Capital City Excavating Company last May. Mac McDermitt, vice-president of that firm, operates the business for Fred.

A graduate of International College in Fort Wayne, Ind., Fred and his wife, Mary, and their six-year-old son, Freddie, reside at 2420 Wickliffe-rd. He travels throughout 14 states in connection with the stationery business, an area west of Columbus to the Mississippi River. Fred enjoys hunting and fishing in Canada when he finds time. He is a member of West Gate Lodge, Scottish Rite and the Shrine.

Bill's business travels take him through the eastern section of the country. He lives at 4043 Dublin-rd, with his wife, Frances, and their three children. A member of Johnstown lodge, Bill likes to hunt and fish.

Karl and his wife, Klair, live at 2736 Elliott-av. Their two sons, Jimmy and Donald, both graduates of West High School, are attending Wittenberg College.

Because of their extensive traveling, all three men represent their firm in the Hilltop Business Association. The three families are members of Hilltop Lutheran Church.

Now, beforte rats get established in their winter quarters, is a good time to put out bait stations.

Library Books Aid To Holidays

Hilltop Branch Library is reminding all that now is the time to start planning for Christmas decorations and entertaining since the holiday season will be here soon.

The library, 2955 W. Broad-st, has numerous books offering ideas and patterns for holiday gifts, cards, wrappings, table decorations, outside lighting and recipes for Christmas candies and cookies.

Among the books are "Pennsylvania German Cookery", "Christmas Cookbook", "Gifts From Your Kitchen", "Make Your Own Greeting Cards", "Christmas Trees, Decorations and Ornaments", "The Art of Wrapping Gifts", "Christmas Lighting and Decorating" and "The Candle Book".

There are also "The American Home" and the "Better Homes and Gardens" Christmas annuals.

GIVEN PERMIT

A. B. Barnett, Inc., 1863 Sullivant-av, has acquired a permit to build a one and a half story frame dwelling and two-car concrete block garage at 861 S. Roys-rd.

For Your Thoughts

Question: Do you feel that the trend in popular music is going back to sweet melodies and away from rock and roll — if so, are you glad?

Mrs. Kenneth Abbott, 134 N. Harris-av: "Yes to both questions! I did like rock and roll in the beginning but I've gotten awfully tired of it and I think it has lost its clean beat. I believe that good music will always be with us. We just have to go through these little fads."

James S. Boyce, 3278 Sullivant-av: "I don't get too much time to keep up with the trends in music but I do know if I was going into a record shop to buy a tune, it wouldn't be any of this 'rock' music!"

Mrs. Elmer Corbin, 461 S. Harris-av: "I have noticed that more of the top ten songs in the country have been slower tunes. I really don't mind rock and roll but the ones they've had out lately haven't even made sense."

Mrs. Melvin King, 186 S. Richardson-av: "I work in a public place that has juke boxes going all the time and I've noticed that a lot of the old songs are coming back with modern arrangements. They are still the prettiest and I'm glad to see the change."

Mrs. Carl William Spoekmen, 166 S. Eureka-av: "My husband has a dance band and he finds that most of the requests are for the better quality songs. He plays for people of all ages and the results are the same. People are just ready for good music again."

3500 Workers At Westinghouse To Get Pay Hike

A wage increase of one cent an hour will become effective between now and Dec. 1, for more than 3500 employes at the Westinghouse Electric Corporation.

The raise will be about the same for both hourly and salaried workers.

The increase, which will cost the company $2.5 million a year, applies to 160,000 Westinghouse workers throughout the United States.

Company officials said the raise was due to an increase in the cost-of-living indexes over a three-month period. The rise over the period was enough to warrant the Westinghouse pay hike, although government officials announced the cost of living upward swing was checked in September.

$45,000 Raised By 5000 Helpers On 'Light A Life'

With the mail carrier still delivering contributions to the Council for the Mentally Retarded, 1235 Mt. Vernon-av, Betty Crist, executive secretary of the school, has compiled approximate totals for the recent "Light a Life" drive.

On Nov. 12, more than 5000 workers around the city collected $45,000 in a door-to-door campaign to raise funds for the maintenance and expansion of the school.

On the previous Saturday, Boy Scouts collected $239 on downtown street corners.

There remains about $3000 due to come in from businessmen of the city.

Thanks Kiwanis Club

The secretary said she was extremely pleased with the gift of a new school bus donated by the Hilltop Kiwanis Club, which should be delivered to the school in the next few weeks.

This year's campaign edged out last year's total of $42,000.

"Workers noted that people knew all about the school and the campaign and they didn't have to explain the project as they asked for contributions. We owe this to the fine newspaper, radio and television coverage we received before the drive and I'm grateful for their cooperation," said Betty Crist.

GIVEN PERMIT

Stanislaus Viscantas, 155 S. Harris-av, has been given permission to renovate a frame dwelling.

TODD GETS PERMIT

Arrived On Holiday

Mr. and Mrs. Toth arrived in America on Aug. 20, traditional Hungarian feast day honoring St. Stephen.

The festival, honoring the Christian King Stephen of Hungary has come in modern times to be observed during the "Festival Of New Bread," the country's celebration of good harvest.

At festival time, Hungarian peasants decorate their community hall with great bunches of grapes and other fruits, bake symbolic bread from the first wheat of the new harvest, and dance in their native costume.

St. Stephen is still remembered by the people and his symbol, the crown, is honored. Even in their kitchens, Hungarian women cling to their Christian heritage by impressing the crown symbol on cakes baked for the Festival of New Bread.

Dec. 10 is the date set for the opening of bids for the work, which involves rebuilding Sandusky-st as a four lane divided highway from the Scioto River south to Sullivant-av.

The city, state and federal governments will share the total cost of the entire Sandusky-street Expressway which is estimated at $11 million.

Retired Fireman Follows Hobby That Makes Others Happy Too

To have a hobby to fill spare urs is one thing, to have one t pays is another, but to have hobby that brings much joy others is truly time and en- y well spent.

Walter Neal, known as Chet, had such a pastime since his rly teens. He started collec- g motors, drill presses and hes about 25 years ago and a fine workshop set up in basement. He has made most of his machinery from discarded steel found in junk yards. His talent includes making precision instruments for measuring, making screws and bolts, drilling square holes and a motor-driven wheel for grinding glass.

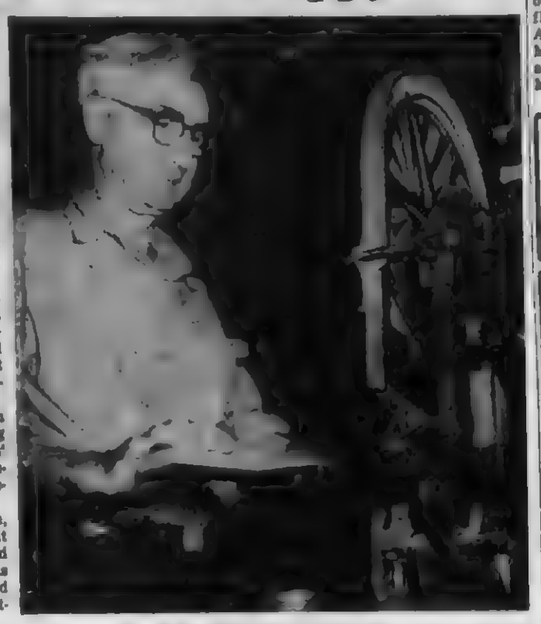
Chet, a resident of 2539 Ridge-av and a Hilltopper since 1910, is a retired fireman. While with the fire department he helped build toys for poor families during the depression. He said he built 700 cribs one year to be distributed to various people who couldn't afford them.

Is Good Cook Too

Another of his hobbies is cooking, and of course he was automatically drafted as a cook for his firehouse when he entered the department in 1916. His specialties are roast beef, rhubarb pie or orange pie.

Chet said he'd never tried to make money at his woodworking hobby and does it purely for enjoyment. During the winter he spends about half of his time in his workshop either making tools for his friends or designing new machines to add to his shop.

Built Toys at Firehouse



"When the 'boys' at the firehouse used to make toys to give to the poor, I really got a kick out of it because it gave me a chance to put my hobby to practical use and make little kids happy" added Chet.

Besides being handy at metal work and at building machinery, Chet has some excellent examples of his cabinetry skill around the house. He has built all types of furniture from almost every type of wood.

His skill is well known throughout the city, including the owner of one of Columbus' largest newspapers, who enlisted Chet to build a corner cupboard for his home.

Chet and his wife, Sylvia, were married after he got out of the Army in 1920. They had two children, James, who was killed in World War II; and Harold, who is now an accountant.

With three grandchildren to supply now, Chet is still kept busy making toys!

DURING THE WINTER "Chet" Neal spends most of his daylight hours in his basement workshop. In summer, however, Chet takes time out to raise a vegetable garden.

CHET NEAL proudly looks over this corner cupboard that he built several years ago. On the right is an unusual stand that he designed and constructed to hold some of his wood carvings.

Natural Wooded Area Makes Binns School Site One Of City's Loveliest

Scaled-to-size drinking fountains and low doorknobs emphasize the concern for children's comfort evident in modern school designing. Lined up for a turn, are, from left, Holly Hutchings, Dixie Davis, Michael Stephen Smith and Tommy Randall Masters.

Mobile, new-style desks adapt to more comfortable, informal seating arrangements and a whole wall of windows insure cheerful, well-lighted schoolrooms. Dolores Gomez, 183 Dane-av, third grade teacher, shown beside a colorful, draped Mexican serape, has introduced study of Spanish words and customs as an extra-curricular interest.

Administrative duties in a modern school are many and varied. James Honery, principal, confers above, in the school office, with secretary Mrs. Frances Bikstein, and nurse, Mrs. Betty C. Heil, on the school's preventive health program.

Binns Elementary School, opened for occupancy this fall, is built on one of the loveliest school sites in the city, the wooded area on Binns-blvd at Eakin-rd. Its ell-shaped construction of brick with concrete block back-up, provides an outside window-wall for each of the 24 classrooms. David Shackne, architect for the Columbus Public School system, was the architect, and construction by Kent Brothers Contractors under the organization of Bill Smith, superintendent, was finished in the record time of six months.

850 Students Enrolled In Binns School

Among the new schools on the Hilltop, planned to accomodate the community's rapidly increasing population, is the new Binns Elementary, Binns-blvd and Eakin-rd.

Opened for occupancy this fall, enrollment in the school has already reached 850.

Surrounded by a natural wooded area, the ell-shaped building of brick over concrete block houses 24 classrooms, including two kindergarten rooms; a multi-purpose room and administrative offices.

A gas-fired hot water system is used for heating the building and each room is equipped with a unit to filter warmed, outside air.

Pressed steel channel box ceilings are used throughout the building and interior walls are of concrete block. Clear bright pastel color accents are used in the corridors and each classroom.

Modern lighting features of the building include fluorescent tubes in eggcrate design for proper diffusion, and globes in the corridors.

Girls' Basketball Is Inaugurated

Pre-season senior and intermediate basketball leagues for girls officially started at Glenwood Recreation Center Nov. 13.

Three teams in the intermediate league and eight teams in the senior league will play on Wednesday and Thursday evenings.

Regular basketball season will start a new league at the first of the year. Girls 18 years of age and under interested in forming a team for the regular season may contact Glenwood.

West Students Mark Holiday

Junior and Senior High Thanksgiving assemblies were held today at West High School.

Annette Bates, president of Y-Teens, gave the welcome at the assemblies. Senior High Boys' Glee Club sang two songs, "Faith of Our Fathers" and "Thanks Be to Our Lord," for the senior assembly.

Rev. Robert Clark, associate minister at Hoge Memorial Presbyterian Church, was the speaker.

Three Hardwood Quintets Victors In Loop Openers

Opening tilts in the Glenwood Senior Girls Basketball League found the Hot-Shots victors over the Go-Getters, 16 to 9; the Hilltop "Hoppers" walloping the Black Angels, 27 to 11; and the Aces smashing the Powder Puffs, 25 to 6.

Rita Smith led the victorious Hot Shots with eight points in their conquest over the Go-Getters. Diana Robinson was top scorer for the losers.

The Black Angels were led by two 12 point scoring efforts by Kay Hudson and Sue Veregye.

Shirley Larkin contributed 12 points in the Aces win.

Although defeated, the Jailhouse Five managed to snare individual scoring honors as Terry Briggs pumped 20 points through the basket. Dean Grabill and Bill Kern paced the winners with 18 and 12 point efforts, respectively.

In the evening's second encounter the Panthers racked the Tigers with a 33 to 10 trouncing. Perkins, with 13 points, copped scoring honors for the winners.

Highway Dept. Studies West Freeway

The Ohio Department of Highways had under study last week, the consulting engineer's first preliminary engineering report for Columbus' multi-million dollar West Freeway from the city's innerbelt to a point just west of West Jefferson.

In reviewing the report, Highway Chief Charles M. Noble stressed that the consultant's recommendations "are subject to thorough study by the Department and Federal Bureau of Public Roads and should under no circumstances be considered final."

Noble pointed out that previous studies indicate a definite need for the west freeway in view of Columbus' growth and the tremendous increase in traffic volumes.

"This report represents, therefore," he stated, "only a next routine step in determining the most feasible general location of the proposed traffic artery."

The freeway, the report stated, technically comprises ". . . one of the radial connecting roadways between the two belt expressways (innerbelt and outerbelt) . . . and the relocation of U.S. 40 from State Route 29 in Madison County to the outerbelt in Franklin County."

The report, compiled by Praeger-Kavanagh of New York, outlines two possible routes — each with a variation at the eastern end. Most strongly recommended is the 16.7-mile line which starts at the Spring-Sandusky Interchange and heads west, north of present U.S. 40, to a point just west of State Route 29.

The second route outlined begins at the Mound-Sandusky Interchange, which will be under construction within a matter of weeks, and heads west, south of present 40, to just beyond State Route 29.

The western terminus of both the "south" and "north" routes is at the same point, while the eastern terminal is not.

A variation of the "north" route would carry the west freeway into the innerbelt at the Mound-Sandusky interchange instead of the Spring-Sandusky interchange. And a variation of the "south" route would carry the new highway into the proposed southwest freeway, south of Stimmel-rd, instead of the innerbelt proper at the Mound-Sandusky interchange.

The Southwest freeway will serve as an extension of the Sandusky-st leg of the innerbelt, which is to be under contract within a month. It will tie-in with the southern leg of the Cincinnati-Conneaut freeway.

The consultant estimated that total cost of the "north" route would be $26,142,000; "north" route with variation, $27,896,000; "south" route, $31,014,000, and "south" route with variation, $24,604,000.

The freeway, part of the 41,000-mile interstate highway system, will be eligible for federal funds. The federal government will pay 90 per cent of total costs, and the state will pick up the tab for the rest.

Recommendations in the preliminary report included:

A design speed of 70 miles per hour in rural areas, 60 in urban areas and 25 to 30 miles per hour on ramps.

Minimum right-of-way width of 300 feet in rural areas, except for interchanges, which will be wider.

Medians (area between divided highway) of from 16 to 84 feet, and installation of fence along the entire length of the project.

According to the consultant's report, construction of the freeway along the recommended route will save motorists a total of $4,102,000 a year. The annual savings for the alternate would be $3,520,000.

Savings of vehicle operating costs would accrue, the report explained, through the elimination of stops and starts and by providing a more direct route landing downtown Columbus and its suburbs.

Following is a detailed description of the recommended or "north" route as outlined in the preliminary report:

Starting about one mile west of the intersection of existing U.S. 40 and State Route 29, the freeway turns northeast toward a point just north of the Battelle Memorial Institute property fronting along the Plain City-Georgesville-rd.

The Freeway will pass under State Route 29, Blair-rd, Middlepk and Plain City-rd, and will span the Little and Big Darby Creeks. It turns eastward beyond Big Darby Creek and crosses Hubbard-rd, Amity-rd, Rome-rd, the proposed outerbelt, Jones-rd, Cole-rd, Alton-Darby Creek-rd, Hilliard-rd, Hague-av and Fisher-rd.

The freeway turns southeast beyond Fisher-rd and starts a gently curving approach to the Spring-Sandusky interchange of the innerbelt and downtown Columbus. It passes under Harrison-rd and changes direction again, turning northeast.

It then crosses over Harper-rd and McKinley-av. The road curves once more after passing over Grandview-av and occupies the stream bed of the Scioto River until it intersects with U.S. 33 (Dublin-rd). From here it extends to the westerly end of the Spring-Sandusky interchange area.

The channel of the Scioto River is to be relocated several hundred feet to the south in order to provide necessary space for merging U.S. 33 into the freeway in front of the Columbus Water Works.

Interchanges are planned for Amity-rd, Hague-av, Grandview-av, Dublin-rd, outerbelt and State Route 29.

Case Tech Cadet Awarded Honor

John Howell

The honor of Distinguished Military Cadet in the Air Force Reserve Officers Training Corps has been awarded to John R. Howell, a senior at Case Institute of Technology at Cleveland.

Howell, 21, a graduate of West High School, is the son of Mr. and Mrs. Fred "Fritz" E. Howell of 494 Weymouth Lincoln Village. His father is Associated Press sports editor for the state of Ohio.

Based on citizenship, scholarship and participation in college activities and service to the corps, the honor makes Cadet Second Lieutenant Howell eligible for a regular air force commission after graduation.

Howell, a chemical engineering student at Case, is editor of the yearbook, Differential, and a member of Phi Kappa fraternity. He is mainly interested in rocket fuels and is concentrating his studies in that direction.

In addition to these activities he is also a member of the glee club at Case. His hobbies include bowling, photography along with an interest in music.

Pheasant Hunting Is Still Good

The good pheasant crop that hunters found in this area on opening day will provide better than usual hunting for the remainder of the season.

INSIDE ON THE Outdoors

By ROD COCHRAN

Birds were more plentiful this year on opening day than they have been for several years, and hunting will hold up better than usual throughout the season.

Franklin County Game Protector Bob Strohm says that pheasants were taken in the county this year where there haven't been any for several years.

The report from Madison County is just as encouraging. Alan Ward told me that he checked more game on opening day then he had for some time. Rabbits are also up, and more quail were seen by hunters than were observed opening day last year.

Hunters Are Surveyed

A survey of the game shot and seen by hunters on opening day is conducted by game protectors in every county. This gives a pretty good indication of the game supply. It's difficult for hunters who may see very little game to believe that hunting is good. Jack Davis, for instance, saw only one rabbit and one red fox, and bagged them both incidentally.

Balanced against his observations are hunters with full limits of birds or rabbits. A quartet of hunters in Madison County had four birds over their legal limit; and now probably wish that hunting wasn't quite so good.

Game biologists have been telling us that rabbits and pheasants were up for some months. The opening day hunter survey is just one check on game populations. During the spring and summer surveys are conducted in the field that indicate whether it will be a good, medium, or bad year for hunters.

The proof of the pudding, however, is in the eating, and a good nesting population of pheasants in the spring does not insure good hunting. A wet season, or even one widespread, heavy rain at a critical period, can affect bird populations significantly. But a hunter survey is definite — they either see game or they don't.

Many More Hunters

In addition to more game in the field this year, there were more hunters. In fact, there was 30% more hunters afield this year than on Nov. 15 a year ago. Weather conditions were partly responsible for this, and the fact that the season came in on a Friday may have attracted more hunters. It is also an indication that more and more people want to enjoy the outdoor sports of hunting and fishing, and that wildlife supplies will have to be shared with an ever-increasing number of hunters and anglers.

Statewide, the rabbit take per hunter was about 15 per cent above last year, and the pheasant take was up 20 to 25 per cent.

Strohm reports a significant increase in bobwhite quail in Franklin County—67 hunters that he checked saw 584 quail. In Madison County, Ward said that Hungarian Partridges seem to be increasing. Several hunters reported seeing coveys of these fine game birds, and one hunter that Ward checked was lucky enough to bag one.

You won't see as many pheasants from here on out as you saw on opening day, but you might well consider some late hunting in view of the good season. Rabbit hunting sustains itself, and hunters with dogs will be taking cottontails right up to the last day.

Food Markets This Week by Mrs. Estelle B. Franks

THIS WEEK SHOP FOR:

Fruits — cranberries, citrus fruits, apples, frozen orange juice.

Vegetables — head lettuce, pascal celery, potatoes, frozen peas, canned pumpkin.

Meats — chuck roast, rib-end pork roast, poultry.

Tart Cranberry — Long Popular

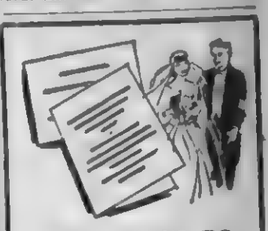
The story of the cranberry dates back to the days when the Colonists used it for sauces, jellies and jam, and to the Indians before them who mixed it with deer meat to make pemmican. The Indians called it, "i-bimi" (sour berry.)

Long before nutritionists proved that the cranberry contains a wholesome mingling of minerals and vitamins, the skippers of North American clipper ships had found it prevented scurvy, and kept raw cranberries in sacks on deck for sailors to munch.

Better Quality—Over the years cranberries have improved in quality. The plump berries you see in such abundance in your store this week are juicier and more flavorful than the earlier wild ones.

And cooks have been finding more and better uses for their tart, sweet flavor. They have discovered the flavor is just as good with ham and other meats as it is with chicken and turkey.

Plentiful — This year's cranberry crop is a bumper [illegible]. Prices are now at their seasonal low . . . a good time to freeze a few for later months. They are one of the few fruits which can be frozen without further processing. A whole package can be put in the freezer as is. Prepared sauces and relishes freeze well also.



When buying cranberries look for and demand good quality. A fresh plump appearance, combined with luster and firmness, indicates good quality. You will find good buys this week on canned products, too, if you prefer cranberries all ready for the table.

Post-Thanksgiving Menu

Stuffed Pork Chops — Chuck full of your favorite dressing, temptingly browned and tender, may be a post-Thanksgiving treat for your family's Sunday dinner.

To serve, arrange rosy spiced crabapples down the center of the platter . . . they're a bright spicy go-with for pork. Pass a dish of buttered broccoli, a basket of hot corn sticks. Salad in a sunshine mold . . . dessert, cranberry sherbert and crisp oatmeal cookies.

What's Texas Got To Do With This Turkey?

There's a chance he might have been raised there. There's an even *better* chance the natural gas you used to roast him to mouth-watering perfection flowed to your home all the way from Texas or Louisiana.

Today's demands for natural gas far surpass supplies available in nearby Appalachian fields. So billions of cubic feet of this modern fuel are pumped from southwestern wells to serve homes and industry here.

The facilities required to bring natural gas to you are costly. But it's money well spent because it assures you of a dependable, economical fuel supply at *all* times.

That's another reason why natural gas is the modern, efficient fuel. And it serves you best when you use it with modern, automatic gas appliances.

Thanksgiving Day will be a happier, more meaningful day...

for a "thank-you visit" to your church or synagogue——

It's a story we all know and love—the first Pilgrim Thanksgiving. The excitement in their little homes must have been pretty much as it is today—the tantalizing smells of roast turkey and pumpkin pie—the bustle and rush of eager children—it must have been a wonderful day!

But before the Pilgrims sat down to their feast they observed the true meaning of Thanksgiving. They all gathered together in their meetinghouse to give thanks for the good they had received, for survival through a long year of hardship, and to pray for the strength and courage to keep their faith in this strange, new land.

This Thanksgiving, why not take your family to your house of worship. A quiet hour of prayer and thanks will make your holiday so much more meaningful.

Wherever you are . . . whatever your beliefs may be . . . take time to offer your words of thanks . . . just as the Pilgrims did more than 300 years ago.

WANT ADS . . .

Don't be like Sad Sack. He's tired of looking at the old stove and washing machine in his basement. He sure would like to sell them and use that money to help pay for the new ones his wife bought two months ago. He told his friends about them but they didn't tell him about classified ads.

Sad Sack also rents the upstaris apartment in his house, but right now it's empty. Funny thing, no one's even come to look at it and he has a sign in the front window. Someone should tell him about classified ads.

Sad Sack is a good repair man and he has a lot of spare time. He's repaired everything in the neighborhood and now spends his spare time looking gloomy. He loves to repair things, any thing. Classified ads could make him a busy man again.

Sad Sack needs another car. He can't afford a new one right now, so he would like to find a good used car. He's searched and searched, but all in vain. He can't find what he's looking for on the used car lots. He should get assistance from classified ads.

Buy A Paper When Kiwanians Call Tonight

When about 300 men take to the streets tonight to sell the annual Kiwanis Christmas Edition they will be doing so because they believe in a cause—that of helping other people who may be a little less fortunate or youngsters who will be given a lift to become better citizens when they grow up.

Many thousands of dollars have been raised by this method by the Kiwanians in years past and each year every dollar of this money has gone to worthwhile programs right here in this community—everything from scholarships for high school students to buying food for needy families.

Every man who sells papers tonight should have the real spirit of Christmas in knowing that by his service he is "giving to help others" and you who make this sale possible by your generous gifts know you will be rewarded by having this real Christmas spirit rub off on you.

What might have been a catastrophe of some magnitude was averted this past week-end when nine local women used their heads. Said gals were on an annual sojourn to a cottage at Buckeye Lake for the week-end and lighted the gas furnace in the cold house. They thought they detected fumes and so on retirement that night opened some bedroom windows. Next morning, after some of them became ill, a gas man was called and his investigation revealed that a bird had built a nest in the furnace vent. He

Santa Claus Gives Sneak Preview To Adventure-Bound Grandmother

THE SPIRIT'S THE SAME—IT'S JUST THE DATE THAT'S DIFFERENT—A Christmas tree, brilliantly lighted and decorated with gay packages to open in the presence of the family members spell Christmas on Dec. 2 as well as the 25th. Since Christmas Day will find Mrs. Georgia Higgins, 2447 W. Broad-st, Apt. A, in a far-off native village in British Guiana, South America, she and her great-grandchild were treated to a preview of the Santa season on the eve of her departure, Monday evening. Seen, from left are Bobby, Terry and Richard Gray and, in Mrs. Higgins' arms, ten-weeks-old Kathy Sue Gray.

By Betty Daft

Christmas promises to be twice the fun this year for Mrs. Georgia Higgins.

Surrounded by family and friends, she enjoyed the traditional holiday merriment of a tree and gift exchange in her apartment Monday evening, and will celebrate Christmas day with her daughter, Nota, a missionary in South America.

Happily anticipating the adventure of spending Christmas in a primitive native village in a section of British Guiana accessible only by plane, Mrs. Higgins left yesterday on the first leg of her journey.

She traveled from Columbus to New York by plane and will fly from there to Kato, British Guiana. A small plane, on its twice monthly trip, will take her to Parmatmakto Village where her daughter is stationed.

Daughter Is Nurse

Nota Higgins, registered nurse and first white woman to enter the village, has worked with the natives for several years. Two other missionary families are now stationed in the village.

Mrs. Higgins, 66, a resident of Chicago and Wisconsin-ave for her life until she moved to the Hilltop three years ago, re-

The Cartwheels Will Roll Soon!

The silver dollars are on the march again!

Right out of the history of the Old West, more than 3,500 silver dollars will reappear on the Hilltop scene in keeping with a tradition more than 10 years old.

Employes of the Hartley Printing and Publishing Co. will receive their pay this week in silver dollars and will start the cartwheel march when they patronize local stores. Merchants are urged not to bank them but to pass them on as change.

Many people will ask for them to use in Christmas stockings and other small gifts.

Watch for the silver dollars . . . and keep 'em marching!

Oversize Signs Installed At Dangerous Intersection

Motorists traveling US 40 just west of Columbus faced safer driving conditions this week as the Ohio Department of Highways completed erection of huge traffic lane signs at the Georgesville-Phillippi and US 40 intersection.

Placement of new freeway-type overhead markers is the latest in a series of steps taken to combat the high accident rate at one of Ohio's most dangerous intersections.

The state Department of Highway Safety ranked the Georges ville-Phillipi and US 40 crossing sixth in its current listing of high-accident intersections. It was ranked first in the state last year and second in 1955.

The new signs were posted over the weekend. They are green on white, measure 4x11 feet and indicate left-turn, right-turn and through lanes for traffic going in either direction on US 40 (West Broad-st). The highway is eight lanes wide at this crossing, with opposing lanes separated by a median strip.

Thorough traffic behavior studies have disclosed that turning movements, in addition to very heavy traffic densities have contributed to the unusually high accident experience at this intersection.

Although no fatalities were recorded between January 1955 and July 1957, a total of 66 accidents have occurred in this two and one-half year period. These resulted in some 75 injuries.

In the first six months of this year there were 11 accidents and 13 injuries.

Previous steps taken in the all-out war against accidents at this intersection included the construction of two turning lanes. Highway Chief Charles M. Noble stated.

LOADING UP for their share in the Kiwanis Christmas newspaper sale are Kiwanians Ted Stethem, builder and contractor of 606 S. Westgate, and Del Pack, 656 Wrexham-av of Pack's Shoe Repair.

Out to prove they haven't forgotten how . . . more than 300 men will become newsboys again and tonight will sell the annual Hilltop Kiwanis Christmas newspaper.

The ball started rolling at noon today with an auction of the first copies at the Colony Restaurant. Once again it was the familiar chant of Auctioneer Clarence Latham that invited the charitable donations of scores of local business men.

Names of high bidders were not available at press time, but it was hoped by Kiwanians that gifts would exceed last year's $2,726.50.

The club has established that money derived from the auction, sale of advertising and door-to-door contributions will go into local civic and welfare work here in 1958. Elmer Hegenberger is overall chairman and is assisted by Robert Cassel, auction chief, and Roger Strouse, distribution.

The porch-lighted brigade will start soon after 6 o'clock this evening. First the workers will collect at West High School cafeteria for a bite to eat and then get to their papers and instructions. They expect to distribute 15,000 papers on the Hilltop and West Franklin County in the following three hours.

Son In State Hospital After Mother Dies

Suffering from cold and lack of food, the handicapped son of a Hilltop woman who allegedly spent her lifetime trying to keep him out of an institution, is in the Columbus State Hospital for treatment.

The 37-year-old man was transferred from Mt. Carmel Hospital where he was taken after police discovered him on a couch in his mother's home, 172 Midland-av.

His mother, Mrs. Inez Purdy, 66, a widow, was found lying dead across an ironing board in the kitchen by the police Saturday night. They were notified by a roomer in the house. He said he had not seen her since last Wednesday and became worried, police reported.

Mrs. Purdy rented apartments in the large frame building where she and her son, William, had lived for 10 years. Few neighbors had ever seen the helpless boy and, according to friends, Mrs. Purdy rarely left the home because she had to care for her son.

She has a sister and brother surviving and arrangements at Spears Funeral Home are pending contact with them. Her sister, Mrs. Onda Grennell is living in Columbus. Her brother, Raymond Bartholomew, is a resident of Florida.

Explorer Scouts Set Paper Drive

Supervising the drive is Gary Reynolds. Harry Miller is furnishing transportation.

PLAN CHRISTMAS PARTY

Ladies of Maria, K of C, will meet for a Christmas party at the club rooms at 8:30 p.m. Dec. 11. Members will bring gifts for the patients at the State Hospital.

Lt. Heischman Funeral Rites Held Tuesday

Funeral services were held yesterday in the Jerry Spears Funeral Home for Police Lt. Lawrence W. Heischman, 51, of 821 S. Harris-av, who died Friday evening in Mt Carmel Hospital of lung cancer. Rev. L. L. Young, pastor of West Park Methodist Church, and Rev. A. J. Wold, pastor of Hoge Memorial Presbyterian Church, presided jointly at the service.

Lt. Heischman, one of the first recruits to go through the police training school, entered the force the day after Christmas in 1939. He walked a beat in the Fourth-Main-sts area until assigned to the Detective Bureau in 1943.

He was named a sergeant in 1946 and served as desk sergeant until he was assigned as district sergeant in 1954. Previous to his illness he was in charge of police records and communications and was working as house detective

Shrine Aids 'Bucks For Braces' Work

Hilltop Shrine Club is the group to contact if you would like to support the fast-growing "Bucks For Braces" work in this area.

Tickets for the first annual kick-off dinner can be secured from K. M. Elder, BR. 4-4133; George Levisay, BR. 9-3160; Phillip Stout, BR. 9-4290, or at the Hartley Newspapers office.

Now in its third year, Bucks For Braces aids crippled children in all walks of life. Under the direction of Aladdin Shrine Crippled Children's Hospital Assn. and Dr. Judson Wilson the donations go for free braces, crutches, shoes and hospitalization for any child needing them.

The dinner will be held the evening of Thursday, Dec. 12 at Ohio State Fairgrounds Coliseum, and a big package is promised for the $10 ticket donations.

Swim Pool Is Showcase For 10,000 Trees

CHRISTMAS TREES for Hilltoppers begin a journey by ox-cart in far off Nova Scotia. Bob Case, enterprising owner of the Hilltop Swimming Club, took this picture in the camp where he assembled 10,000 trees for shipment here. He just returned from a five-week stint in the forests and Indian reservations.

If switching ones thoughts from the swimming pool to Christmas trees seems too abrupt . . . consider Bob Case. He's been doing it since 1948.

As soon as the season's last drop drains from his popular pool (the Hilltop Swimming Club on Valleyview-dr) Bob starts planning another trek to wintry Nova Scotia.

His empty pool is the world's best showcase for Christmas trees Bob believes . . . and it must be true. He just got back with the largest shipment ever . . . 10,000 trees!

This is the first year that he has set up his own buying and cutting yard for trees. In a camp near Bear River crews work over 50 square miles of rough forest lands in search of choice balsam fir (short needles that don't shed) and Scotch pine.

The workers, many of the Micmac Indians and French Canadians make out their cuttings by ox-drawn sled or wagon to the truck paths. After bundling, the trees finish the trip by rail.

Prices have edged up slightly again this year. The average family tree may cost in the neighborhood of $3.50 or $4.

How do you get the best out of your investment? Just peel the bark off the lower trunk and stick it in a pot of wet sand or a bucket of water, Bob advises. Bob lives at 238 Powhatan-av and we'll bet his tree this year is a dandy!

Y's Men Open Sale Of Trees Next Tuesday

With a scant 17 shopping days left until Christmas, it's time to start searching the basement or attic for the tree decorations and perhaps adding another set of lights and buying some new tinsel. After that comes the search for the right Christmas tree.

The Hilltop Y's Men will be glad to help you find it and you'll be helping them support the activities and building fund of the Hilltop YMCA.

For the third year the Y's Men will hold their annual Christmas tree sale in the lot adjacent to the Y. The sale will begin Dec. 10 and will continue until Christmas. More than 500 trees of every type and size have been ordered for the sale.

BUY, USE CHRISTMAS SEALS

No home is safe from TB until every home is safe. The Christmas seal sale is lagging—it is TB Society's only financial support.

Ad Got Results . . . Too Darn Many Of Them!

J. CURTIS ALLEN'S photography studio was the scene of near cat-astrophe more than once last week, as Hilltop small-fry responded with a will to an appeal for help in finding his lost cat, Mamie. With the added incentive of an offered $10 reward, appearing in the classified ad section of the Hilltop Record, the youngsters chased cats up and down alleys, pulled the protesting animals from under porches and out of trees, and produced them by the armful to deposit unceremoniously on the studio counter. Happily disregarding Mamie's description as a striped tiger cat, they hauled in cats of every size and color with coats ranging from luxuriant to mangy! Mamie, shown above in the arms of her owner, was discovered locked up in the Rivoli Theatre, and three of the disappointed searchers, seen left to right, are Adonna Joan Williams, Michael Harden and Richard Curtis.

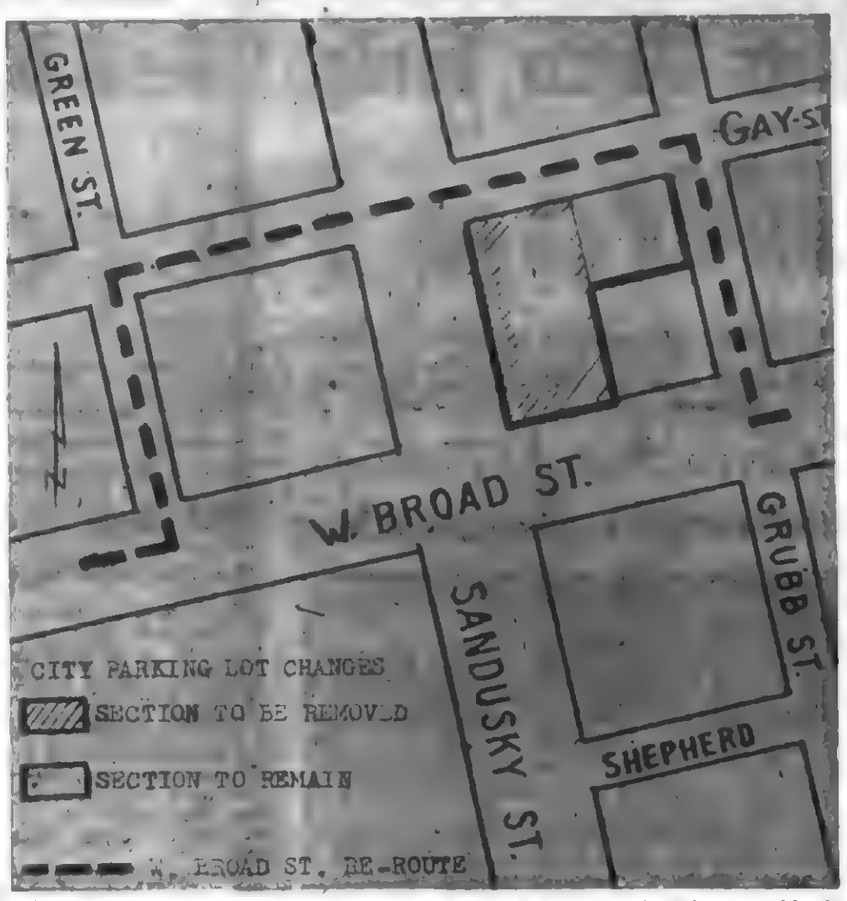
Plan 'Kink' In Broad Street

City Parking Lot To Be Cut Considerably

Robert F. Werner, chief of the City Division of Engineering has announced two changes which will affect the driving habits of motorists and commuters living in or traveling through the West Side on Broad-st.



Many of these motorists have been wondering if Broad st traffic would continue as usual while the Sandusky-st Expressway underpass will be built. According to expressway plans, Sandusky will be built as a four-lane divided highway under W. Broad-st and over W. Town-st, W. Rich-st and Sullivant-av, eliminating these bad intersections.

Werner said that a four-lane concrete run-around or detour will be built to re-route W. Broad-st traffic from its present path to allow for the construction of the underpass. The run-around will begin at Grubb-st and W. Broad-st and continue one block north to Gay-st. Traffic will continue on Gay-st to Green-st for a swing left leading back to the main thoroughfare.

Begin First of Year

Work on this project should begin sometime in January or February of 1958, said Werner, at which time Sandusky-st will be closed to traffic.

Building of the expressway will also call for the removing of more than two-thirds of the present city parking lot, located at the north east corner of Broad and Sandusky-sts. Many motorists employed in the downtown area who live on the Hilltop or farther in west Franklin County drive to and park in this lot then take the city bus to save the cost of downtown parking.

Map showing temporary W. Broad-st detour route to be used while the Sandusky-sts underpass is being constructed. Also shown is the section of the city parking lot to be removed by the expressway.

Werner pointed out that the city had originally purchased the site with long-range plans for the expressway in mind. The parking lot was just a way of using the plot until the expressway became a reality, he added.

The L-shaped lot holds about 120 cars at present, after the expressway is built, however, only the corner of the lot fronting on Grubb-st and Gay-st will remain, holding about 40 cars. The area to be taken in by the underpass, measuring about 116 by 198 feet, will be removed after the first of the year.

There's Right And Wrong Way To Light Your Christmas Tree

Many people make the mistake of lighting their Christmas tree by starting from the bottom up. According to Eve Freyer, home lighting consultant for the Westinghouse lamp division, you should start at the top of the tree.

Miss Freyer said that strings come in varying lengths of from seven to 25 bulbs, so that you should figure out how many you need before you buy. For a striking "jeweled" effect, for example, a six-foot tree requires about 75 bulbs. Skimping on lights can lead to a spotty, unattractive appearance.

The first step, she said, is to straighten out the strings of lights along the floor, removing all kinks. Make sure all bulbs are burning brightly and that none of the cords are frayed or sockets damaged. Then disconnect the strings and arrange the colors alternately if you are going to have a multicolored tree. For a more contemporary look use bulbs of all one color — perhaps pink on a pink or white tree. Make sure you have replacements on hand for each color used.

Starting at the top, string your lights around the tree and work down. Place the lights on the inside boughs first, and work from the trunk outward to the tips of the branches. After each string is in place, light it and stand off to view the effect before proceeding with the next string.

After the strings are all in position disconnect them before beginning to hang your ornaments, again working from the top down.

If you follow these rules, says Miss Freyer, your tree will have beautiful symmetry and charm.

Gift Membership Is Ideal Present Says AAA Man

A new idea for a Christmas gift has been offered by a spokesman for the Columbus Automobile Club who said, "an AAA membership would be an ideal gift for your favorite motorist this year."

"Nearly all motorists agree that they would like to have greater comfort, safety, savings and protection in the coming year. Bail bond protection, touring and travel service in this country and abroad, and 24-hour emergency road service are but a few of the advantages enjoyed by AAA members," he added.

The fee is $15 the first year and $12 for renewal. For further information call or visit the Columbus Automobile Club, 15 E. Main-st.

Club Is Active With Conservation Projects

GUN SAFETY is another project sponsored by the Central Ohio Anglers' and Hunters' Clubs

INSIDE ON THE **Outdoors** By ROD COCHRAN

One of the most active sportsmen's clubs in Ohio is the Central Ohio Anglers' and Hunters' Club with fine clubhouse and grounds located on Little Darby Creek near West Jefferson. At their doorstep is some of the best small-mouth bass fishing water to be found in this area.

Club members are not content, according to President Walter Lauffer, to improve this stretch of stream for fishing. Or to go out to the club grounds on weekends to shoot trap, or to hold regular meetings. They do all of these, of course, but the club has the idea that conservation is more than hunting and fishing—it's a way of life. For some years it has been carrying out a variety of conservation edgestion projects, is in attempt to make youngsters aware of our natural resources, their priceless value, and their wise use.

License Fees Assist

These education projects are increasing each year, and have been financed from the 25-cent fee obtained from issuing hunting and fishing licenses. The club has sub-agents that issue licenses all over this area, and they have an arrangement whereby the sub-agents and the club split the fee. The club takes its share and devotes it to youth education proj-

Here are some examples of work done this past year:

- 5,150 conservation charts and texts were donated and distributed to fifth grade classes of all schools in Columbus and Franklin County.
- A school bus and license was purchased to haul youngsters to and from conservation activities sponsored by the club.
- Twenty-six youngsters were taken to the National Rifle and Pistol Match at Camp Perry, and entered in the Junior and Tyro school.
- Two scholarships were made available to Ohio State University, one to the Natural Resources Institute and one to Stone Laboratory.
- Six partial scholarships were provided so that school teachers could attend the Ohio Conservation Laboratory last sum-
- A bus field trip was provided to boys and girls attending 4-H camp.
- Nine boys and girls were provided scholarships to the Ohio Forestry Association Training Camp at Tar Hollow State Park.
- Fifteen boys were provided scholarships to the F.F.A. summer camp at Leesville Lake.
- The League of Ohio Sportsmen's Conservation Bookshelf was presented to all but two of the scholars attending one camp or another. This amounted to 30 sets of books.

All this, mind you, was accomplished by the education committee of one club in one year. Many other worthwhile projects are carried on by the Central Ohio Anglers' and Hunters' Club, but few will be as long lasting as their educational work.

Only Real Wealth

People and natural resources are the only real wealth on this earth — everything else has an inflated value these days.

Many sportsmen do not realize the important work being carried out by the few pennies they pay as a license issuing fee. This money enables the Central Ohio Anglers' and Hunters' Club to work with the citizens of tomorrow, and to teach them about the natural resources that will feed and clothe them, and provide them with the healthful outdoor sports of hunting and fishing.

It is beautiful here; we still have our 'wide open spaces' and I suppose we always shall, because of our climate. For Your Thoughts

Question: Do you think a law should be passed enabling the Vice-President to assume the duties of the President when he is physically unable to handle them?

Mrs. Norman J. Brokamp, 939 Clarendon-av: "Yes I do, especially after the attack suffered by our President last week. I believe the Vice-President should be able to step in and take over the official duties."

Mrs. Morris H. Fisher, Sr., 398 S. Eureka-av: "I think we should have such a law. For one thing the Vice-President would always be ready to handle the duties, knowing the responsibility he might have to take over. Another thing, the way things are in this country, we should have someone who could handle a crisis if it should arise even though the President is ill."

Mrs. Robert R. Knapp, Sr., 1018 Midland-av: "I think it would put a president more at ease to know that someone could take over his duties for him if he became sick. It must be quite a strain knowing that a whole nation's economy and everything else depends on your health."

Mrs. Forest Malone, 308 S. Demorest: "Yes, I think Congress should pass a law of that sort. After all, that should be one of the Vice-President's duties anyway."

Mrs. Donald E. Stemm, 55 N. Oakley-av: "If a law would be passed saying that the Vice-President could take over the presidential duties on the advice of the President's physicians, I think it would be advisable to do so."

Thugs Lead Glenwood Girls' Intermediate

The Thugs topped the Charts 25 to 18 at Glenwood Recreation Center for their second win of the season against no defeats. They had previously defeated the Cool Cats.

The Charts were held scoreless until the second quarter when their surprising rally was not quite enough to overcome the lead already maintained by the Thugs.

Beverly Gill scored nine points for the Thugs while Delores Butler, Eunice Smith, and Norma Valentine each scored six points for the Charts.

Go Getters Gain First Win In Girls' Sr. Loop

The Go Getters, after losing its first game to the Hot Shots, came back to defeat the Black Angels 13 to 2, at Glenwood Recreation Center.

The Go Getters' defense was outstanding as the Black Angels were limited to two points, both free throws. Diane Hinton, of the Go Getters, led the scoring with six points.

Celtics Score Second Win

The defending champion Celtics blasted the Hoosiers 43 to 29 to capture their second win in the pre-season senior basketball league at Glenwood Recreation Center.

Ralph Williams and Don Gilliland paced the winners with 16 and 13 point efforts, respectively. Bill Cooke tallied 13 markers for the losing Hoosiers.

Other league games found the Aces rolling to a lopsided 67 to 27 verdict over Demolay and the Bulldogs smothering the Hilltop Lions 56 ... 15.

Dave Debl with 16 points and Mike McDonald with 14 led the Aces in their massacre of the Demolay. Gary Fullerton topped the losers in scoring with 10 points.

A 24 point output by the Bulldogs' Ralph Seymour was more than enough to down the outplayed Lions.

In the final game the Beef-Trust won via a forfeit over the [illegible].

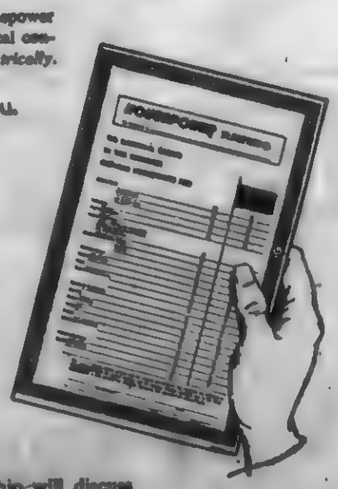
Leo L. Daugherty Honored For Air Rescue Of Pilot

For his part in a recent life-saving mission in an army helicopter, Specialist Third Class Leo L. Daugherty, Jr., has received a Skiroaky Air Rescue award in Nellingen, Germany. He is the son of Mrs. Georgia M. Daugherty, 352 Midland-av.

Crew Chief Daugherty was on a training flight when Army Airfield radioed that an army airplane had crashed. He and two other helicopter crew members discovered the wreckage. The pilot of the downed aircraft and his passenger, who were critically injured, were sped to a hospital in the helicopter. They both recovered soon after.



Daugherty, who entered the army in January 1956, is assigned to the 11 Transportation Company. He received basic training at Fort Leonard Wood, Mo.

Jailhouse 'Five' Edge Silhouettes

Terry Briggs dropped in a foul shot in the last three seconds of the game to give his Jailhouse 5 team a 41 to 40 victory over the Silhouettes in the Glenwood Center Intermediate Basketball league.

Briggs' 18 points topped the winners scoring, while Bob Dodson and Dave Pennell led the Silhouettes with 14 and 13 points respectively.

The league leading Cavaliers trounced the Panthers 79 to 9, as all members of the Cavaliers team scored at will against the losing Panthers.

West Choir To Present Christmas Musical Sunday

West High School Senior Vocal Department will once again put forth its best when members present their annual holiday concert Sunday. The Christmas musical has become a tradition on the Hilltop, as much a part of the season as is Santa Claus.

Senior Choir will open the program by singing "Fanfare for Christmas," "Silent Night," "The Night Journey of the Wise Men" and "Carol Noel."

"Lo, How a Rose E'r Blooming" and "Sleigh Ride" will be sung by the Girls' Ensemble. "Ye Watchers and Ye Holy One" and "Carol of the Bells" are the numbers of the Girls' Chorus.

The season's opener, played at Newark Nov. 26, was a 64 to 45 victory for West.

Don Furry set the pace for the Cowboys, collecting 14 of the 27 points scored in the first half. He picked up two more markers later in the game and "Big Dave" Mack, high point man for the Brono-Busters, collected 19 tallies.

Kenny Clapsaddle chalked up ten, Tom Armentrout nine, Larry Price, eight and Jerry Spears two.

Florists Car Hit By Teenagers 3 Times This Year

John Hensel, owner of the Rosebud Floral shop, 261 N. Burgess-av, was unhurt but shaken when his car was struck Friday morning by another car on McKinley-av just north of Fisherend.

Damage to Hensel's car amounted to $466 and the youth carried no insurance. The impact forced the front wheel of Hensel's car back to the door. The other driver was not injured.

Hensel said that this is the third time in six months that teenagers have crashed into his car. "I'm getting a little tired of borrowing other cars while mine is in the body shop," he said.

Building Inspector To Check Gas Heaters Upon Request

John T. Corrodi, recently appointed Franklin County Building Inspector, has announced that his staff will inspect gas heater installations in homes located throughout Franklin County and not within the boundaries of any city or village upon request of the occupants.

Corrodi emphasized this free inspection service is available only upon request of residents, since Franklin County has no regulations compelling property owners to have heated inspections. The county prosecutor is hoping to set up regulations to require that all space heaters be inspected. In the meantime the Franklin County Commissioners have authorized the County Building Department to make the inspections without charge. They invite county residents to request this service by calling CA. 1-1181 Ext. 315.

Jailbirds Edged By Aces, 14-12

With but four seconds remaining to be played, Jack Logue's tie-breaking effort swished through the hoop and the Aces were 14-12 conquerers over the Jailbirds in a junior boys basketball game at Glenwood Recreation Center.

With the Jailbirds' Carl Graves scoring seven points and the Aces' Dick Groezingers hitting the nets for five, the tilt entered the final seconds of play in a 12-all deadlock, thus, setting the scene for Logue's vitorious effort.

The junior league is composed of four teams: the Aces, Jailbirds, Junior Globetrotters and the Wildcats.

Plans Are Revealed For Future Hilltop YMCA Building

This is an architect's drawing of the new Hilltop YMCA to be built on the 10-acre site just west of Hague-av on Valleyview-dr in the new Hilltop Community Center. The building will contain an attractive main entrance portico, main lobby, executive offices, all purpose room, kitchen, club rooms ,game room, and natatorium. Detailed floor plans of the building are printed inside today's paper. Architects Holroyd and Myers and Robert Cassell have prepared the plans. This building will be largely financed from funds raised in the county-wide YM-YW Development Fund Drive now being organized and scheduled to kick off early in 1958.

Estimated cost of the Hilltop Y building is in excess of $350,000. It is the hope of the local board of management that construction will get started in 1958. According to C. C. Hartley, drive chairman, other "Y" expansion and improvement in the county will involve construction of a new YWCA residence hall at 64 S. Fourth-st and renovation of the YWCA main building across the street; a new building between Clifton-av and Long-st to house the Spring Street "Y"; a new building at Jenkins-av and Sixth-st for the South Side "Y" branch; extensive modernization of the Central YMCA at 40 W. Long-st; and improvements at the Y's Camp Willson

Saturday is Newsie Day . . . Buy a Paper!

Another Charity Newsie day will roll around again Saturday and the former newsboys who turn out to hawk their wares for a good cause ask that you open up your hearts for their 100% charity event.

For many years it was my pleasure to be a Newsie and I know how well people of this community respond to this appeal.

This year the drive chairman is a Hilltopper, Leroy Weigand, and he deserves a big hand right out of your pocket that day.

This past year the newsies have helped 2424 families and aided 6378 children. This help has consisted of food, coal, blankets and outfits of clothing for the youngsters.

There is no finer local charity than the Newsies. Let's all buy a paper!

We'll Be Proud of New Hilltop Y Building

Today we are happy to present an artists drawing of how the new Hilltop YMCA building will appear.

For nearly 10 years now the Hilltop Y board has planned and worked toward this building. It now appears that actual construction of the building may get under way in 1958. Every effort is being made in that direction . . . It will depend on the successful outcome of the county wide YM-YW development fund drive.

This fine new building will be one that our entire community will point to with pride.

In view of the fact that this project is about to become a reality there may be individuals in this community who are interested in aiding this cause at Christmas time so as to take an income tax exemption this year. We will be happy to hear from any such individuals or firms.

The Gay Philosopher Says: "Most folks are about as happy as they make up their minds to be."

That's what the old philosopher says on his new 1958 calendar now ready for distribution.

For many years now this newspaper has issued the Gay Philosopher calendars and he has been a source of enjoyment to many from far and wide.

This year he is posed with a foot long hot dog in hand and applying the catsup bottle while at the county fair . . . showing by his smile that he definitely has made up his mind to be happy.

A limited number of small calendars are available at our office on a first come, first served basis

Kiwanis Chalks Up Another Big Paper Sale

Buy a paper mister? These men bought Kiwanis newspapers last Wednesday at the kickoff of the annual sale. They represent the high bidders at the club's auction held at noon at the Colony. When Auctioneer Clarence Latham sounded off with the "going, going, gone," the first paper sold went to Great Western Business Association for $100. Next high bids were at $50 each. Left to right the top bidders were Lee Swinford, manager of Great Western J. C. Penney store; Roger Strauss, Ohio Fuel Gas Co.; James Goudy of Great Western Business Association; O. O. Tope of West Franklin Kiwanis Club; H. G. Deems of First Federal Savings & Loan Association; Elmer Hagenberger of Shenk & Saunders, inc. All phases of the newspaper sale will net about $8000 for youth activity projects in the community in 1958.

Community Council To Get Briefing On 'Y' Spring Drive

A special "preview presentation" of the coming Spring campaign of the Metropolitan YMCA-YWCA to raise $2,520,000 for badly needed capital improvements will be featured at the monthly meeting of the Hilltop Community Council, 7:30 p.m. Thursday, Dec. 12, in the City National Bank at 3100 W. Broad-st.

C. Carlton Hartley, general chairman of the metropolitan drive, will introduce J. C. Brodhead, campaign director, who will narrate the color slide presentation.

Featured prominently will be details of the projected $350,000 building of the Hilltop YMCA on Valleyview-dr and slides of Hilltop YMCA-YWCA activities.

Organizational representatives will be given an opportunity to reserve the program for future presentation to their own group. Organizations not represented on the Hilltop Community Council are also invited to send preview delegates.

Council officers for 1958 also will be elected at the meeting.

Optimists Name Chairman; Plan Meet Programs

Web Junk, mortician for Jerry Spears Funeral Home has been named new program chairman for the Western Optimist Club. The newly-organized group meets every Tuesday at the Colony Restaurant.

Speakers for the next three weekly luncheon meetings are Dec. 17, Ralph Alvis, warden of Ohio Penitentiary; Dec. 24, Dr. John W. Dickhaut, president of Methodist Foundation and Jan. 7, Col. E. D. Reynolds, commander of Lockbourne's 301st Air Division.

CHIEF WARNS DRIVERS TO LOCK PARKED CARS

Police Chief George W. Scholer issued a warning yesterday to motorists and shoppers who leave their cars unlocked either on the streets or in shopping center parking lots.

Chief Scholer said, "December is the worst month for thefts from unlocked parked cars due to the attractiveness of Christmas packages and gifts."

He urged that motorists lock their cars at all times when they are to be parked on the street, in a parking lot or in shopping centers to avoid theft.

The police chief also reminds motorists to be sure to remove car keys from the ignition, always. This is a state law, he said, however, it does not cover locking the car itself. A car, unless it is locked, may be started by tampering with ignition wires. "Thus far, 1957 has been the worst year for auto thefts in recent years," added Chief Scholer.

State May Build On W. Broad

A total of $2,289,000 has been appropriated for the construction of two large State Highway Department buildings which will probably be built on the Columbus State Hospital grounds on W. Broad-st.

The tentative plans call for the construction of a highway testing laboratory and a state highway garage that were originally to be built on Ohio State University property.

Zoyd Fisher, public works director, said it was decided to construct these and other state building on the farmland

Newsies Will Be Active This Saturday

Eleven Charity Newsies will be stationed in the Southwest Columbus area Saturday selling their "100 per cent for charity" special edition newspaper. The men and their locations are:

William Krause, lower West Side; Robert Dienst, Hugh McKinley, Tom McFadden and W. D. Wentzel at Central Point Shopping Center; James P. Ellinger, Fred Kuhn, Richard Rodenfels and Nick Zallanis at Great Western Shopping Center; Richard Young covering Sullivant-av and Mound-st, and Charles Weigand on W. Broad-st. LeRoy Weigand, active Hilltop civic leader, is chairman of this year's 51st drive.

Charity Newsies are devoted to the care and clothing of needy children and are now operating at Memorial Hall, outfitting children in clothing.

Christmas Tree Ceremony, Carol Sing Set For Sunday

Mayor M. E. Sensenbrenner will "flip the switch" and a teenage choral group from the Youth Services Council will carol at the annual Hilltop Christmas tree lighting ceremonies at 6 p.m. Sunday, Dec. 15, on the hill just north of Glenwood Recreation Center.

All Hilltoppers are invited to take part in the brief ceremonies accompanying the lighting of the tree and Christmas scene that serves to say "Merry Christmas from the Hilltop" to West Broad-st motorists.

The 30-minute program will consist of greetings by Galvy Gordon, Community Council president; invocation by Rev. Robert E. Clark, assistant pastor of Hope Memorial Presbyterian Church; "Hark the Herald Angels Sing," by the Hilltop Youth Services Council choir; remarks and "switch-flipping" by Mayor Sensenbrenner; and "The First Noel" by the youth choir. This will be followed by community singing of "Oh Come All Ye Faithful" and "Silent Night," under the direction of James McCafferty, director of the West-

West High Choir, Orchestra Active In Music Festival

West High School's choir will join seven other Columbus high school choirs presenting their ninth Annual Christmas festival at Central High School on Sunday, Dec. 15.

Open to the public free of charge, the festival will feature music by the West High School orchestra under the direction of John Dale.

An organ interlude will be given by Robert Johnson, vocal music teacher at Hilltonia Junior High School.

Each of the city's eight high school choirs will present two selections and join together in a 600-voice choir to sing the "Hallelujah Chorus."

West High will be joined by choirs from Central High, South High, Linden-McKinley, Northwest, East High, Marion-Franklin and North High School.

Move To Obtain Land For Park

City Council Monday night approved efforts to acquire 11.5 acres of land on W. Mound-st for use as a park near Hilltonia Junior High School.

It will be the second tract of land to be acquired for building parks near schools, which is a new city policy.

The authority has been given to the city attorney's office to go to court in acquiring the land from Florence Hardesty, the present owner, if it should become necessary.

Legionnaires Will Play Santa To Crippled Children Dec. 14

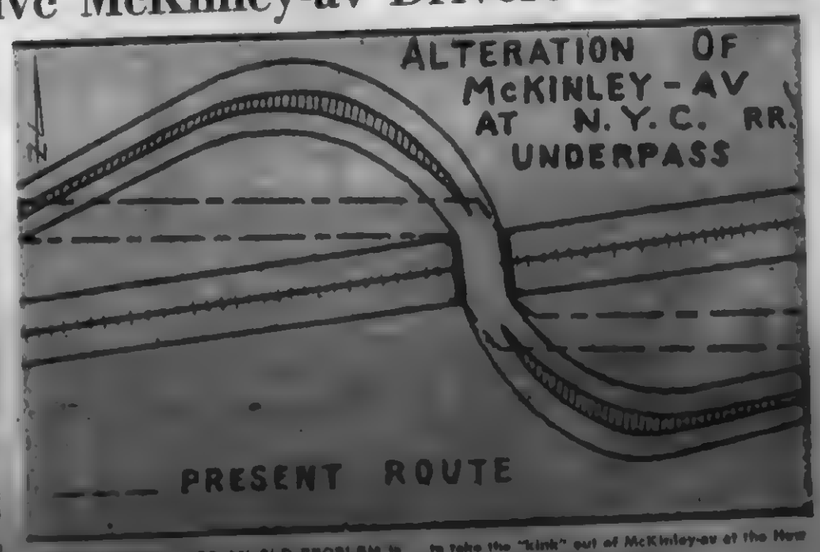
Engineers Hope To Give McKinley-av Drivers A Break

By RAY SHAFFER

Franklin County Engineer Guy Elbin announced Monday that work has been held up on the McKinley-av route change at the New York Central Railroad underpass because of unpredictable weather.

County officials had hoped to have the new two-lane divided roadway completed by late this fall but the extreme amount of rain hindered the work.

The project will resume early next spring and will require about six weeks for completion, said Joe West of the County Engineers office.



The new route will eliminate the sharp curve of McKinley-av below the underpass. The straighter road will enable motorists to see oncoming traffic as they drive through the underpass. Total length of the new project will be 995 feet.

Width of the underpass will not be changed said West but the centerline of McKinley-av will be moved 110 feet on the north side and 35 to 40 feet on the south side of the underpass.

Traffic lanes of the new blacktop road will be divided up to the entrance of the underpass. The county acquired 1.2 acres from a private owner to be used in the construction

No estimate of the cost has been made since work by county crews involves no contract.

You Can Help 2,250 People Have A Happier Christmas

As the Christmas season approaches, an appeal for toys and gifts for the 2,250 residents of Columbus State School is again being presented to the community. By doing so, an opportunity is offered which will enable many to share the joy of Christmas and the joy of the Yuletide Season with others.

Receptacles have been placed in Moore's Stores and Penney stores in all the shopping centers and also downtown for the convenience of those wishing to deposit gifts.

"Giving to these patients will give a wonderful feeling of satisfaction that will make your own Christmas a happier season," a CSS official said.

The following suggestions are made:

For small children—large rubber toys, crib gyms, rubber dolls, soft toys (with washable covering), pull toys, roller skates, coloring books and crayons.

For older girls—costume jewelry and all cosmetics.

For older boys and men—basketballs, footballs, cigarettes, playing cards, smoking tobacco and pipes, table games.

Gifts may either be deposited in the before-mentioned containers or delivered to the Columbus State School at 1601 W. Broad-st.

Plan Early Construction On Local Freeway Leg

Contracts for the first section of the Cincinnati to Columbus leg of the north-south freeway will be let early next year, Highway Chief Charles M. Noble has announced.

We have tentativaly scheduled for contract sale in early 1958 the segment in Franklin County running south of Columbus between Stimmel and Lambert-rds," Noble said.

This segment is technically a relocation of US Routes 62 and 3, Noble pointed out, but will carry State Route 1 — the Cincinnati-Conneaut Freeway.

The department paved the way for early construction of this section by approving the relocation following a public hearing Nov. 7.

Major portion of the freeway's south leg, between Cincinnati and Harrisburg (Franklin County) is planned for construction after July 1, 1959—conclusion of Governor O'Neill's announced biennium program.

The Franklin County section begins at Stimmel-rd, where it ties in with the Sandusky-st leg of Columbus' innerbelt system. From here it extends south to Frank-rd, east of State Route 104.

At this point the new highway begins to angle southwest, following a southwest course to the end of the project just north of Harrisburg. It connects present Routes 62 and 3 just east of the B&O Railroad crossing.

Interchanges Spotted

Interchanges are planned at Frank-rd just east of State Route 104; at a point in the vicinity of the present Dyer-rd - State Route 104 intersection; at Stringtown-rd, about midway between Hoover-rd and 104; and at State Route 665, in the vicinity of the Seeds-Haughn intersection with 665.

Provisions will be made for an interchange at Lambert-rd, end of this project, which is to be completed as part of a later project.

Bridges are to be constructed to carry Hoover and Young-rds over the freeway. Another bridge is tentatively planned to carry the Freeway over White-rd, about one mile east of Hoover.

The Hoover bridge (grade separation) is to be built between Orders and Holton-rds, and the Young bridge in the vicinity of the present Young-Zuber intersection.

The new highway is to be four lanes wide, with opposing lanes separated by a median strip. Median width for the entire stretch south of Frank-rd is to be 84 feet wide. It will gradually narrow between Frank and Stimmel to connect the Sandusky Expressway, which has a 50-foot median.

The relocation of Routes 62 and 3 was first discussed at a public hearing last year, after which it was determined certain modifications should be considered. The routing as now adopted is slightly different than the original line.

Slight changes made provide for better interchanges at the Dyer-State Route 104 intersection and Lambert-rd and a less expensive grade separation with the railroad north of Harrisburg.

Noble said the 12-mile Franklin County Freeway section will be constructed as two separate projects.

"We hope to sell the contract for the White-rd to Lambert-rd section by March and the other (Stimmel to White) within a short period after."

Noble noted that some 66 miles of the freeway north of Columbus will be under contract by Christmas.

Christmas Bureau Offers Aid In Gift-Giving To The Needy

Two residents of the Hilltop area are members of the advisory committee of the Christmas Bureau. They are Herb Williams, 128 Guernsey-av, and Charles C. Bridwell, 3393 Parkwood-rd.

The Christmas Bureau helps needy families at Christmas time by coordinating the efforts of the individual donors, church groups and the social agencies which serve the families.

"Thanks to the cooperation of the people and clubs that use the Christmas Bureau, many people can be helped and they will be helped in the way they really need it," a bureau spokesman said.

Last year, 4000 families were assisted through the Christmas Bureau. Duplications were eliminated because cooperating individuals, churches and clubs cleared their giving through the bureau and needy families, unheard of in any other way were helped. A confidential record of each family's needs is kept on file at the bureau.

The bureau encourages gifts of money rather than food or clothing because only the family knows what it really needs and money will provide those real needs. It also lets the members of the family purchase gifts for each other — in the true spirit of Christmas.

The bureau recommends indirect giving through a social agency which the family knows instead of direct help which would embarrass the family.

The Christmas Bureau also helps plan Christmas parties and projects and coordinates the distribution of toys collected by the Marines' "Toys for Tots" campaign.

A service of the Council of Social Agencies, the Christmas Bureau is financed by United Appeal-Community Chest funds.

For help in planning your Christmas giving and projects, call the Christmas Bureau, CA. [illegible].

Woman Saved From Blaze In Apartment

Jessica Thrall, 54, of 1845 Sullivant-av, was found unconscious by firemen who broke into the bathroom of her burning apartment to rescue her Wednesday night. She had taken refuge there because the flames prevented her from escaping through the front door.

Suffering from smoke exhaustion and second degree burns over the upper portion of her body, she was taken to Mt. Carmel Hospital where she is listed in critical condition. Firemen unofficially estimated the damage at $2500.

An employe of the State Industrial Commission for 19 years and secretary to Commissioner Michael J. Pavick, she is said to have dropped a cigarette into an overstuffed chair before retiring, said J. C. O'Conner, battalion fire chief. Connor said that this apparently caused the fire.

Another tenant in the brick two-story eight-apartment building turned in the alarm, F. D. Kaltenbach, 631 Powhatan-av, building owner, opened the Thrall apartment with a key but the door was also secured with a chain lock and had to be broken down by firemen.

Found in the bathtub, firemen think she had been prevented from escaping because the fire started near the front door leading to the hall from her second-story apartment.

West Bows To North In Last Minutes

West High's Cowboys lost to the Polar Bears last night, 57 to 55 in their first defeat of the season. North, trailing throughout the game, scored the winning tallies in the last, furious three minutes of the game.

Played on North's floor before a capacity crowd, the Polar Bears were trailing by eight points when, with less than three minutes to play, they staged their spectacular victory.

Frank Truitt, basketball coach at North, was junior high coach at West last year.

West's Don Furry collected 23 points, Kenny Clappeaddle, 15; Dave Mack, 10; Tom Armentrout, eight and Larry Price, one.

West will play Linden Friday night, on the Cowboy's floor.

In Passing

By Esther Weakley

SNOWFALL ON ROCKS

The rocks are sharp, the rocks are sharp and hard,
Dull gray they are, unfeeling, motionless
Beneath the sunshine's friendly, light caress,
Their unresponsive features deeply marred
By wind and water, and by frost so scarred
Beyond the power of warmth and light to bless.
Too taciturn and haughty to confess
A kinship with the pulsing land they guard.
But see how snowflakes fill the jagged maw,
And smooth the mutilated craggy brow—
The tell-tale wounds of centuries of shocks—
Till gray white softness covers every flaw,
And Nature shows her misty magic now
In motherly compassion for the rocks.

Russell Pettis Askue,
in his book,
The Brown Thrush Sings.

Columbus has lost a fine man. The Larry Heischman family were our next-door neighbors when their Jo-Ann and our son were small. We had a warm regard and respect for them then, and it has never lessened through the years. Larry, Jr., had not yet arrived when they were our neighbors. Larry's family knows the sentiments of everyone who knew him, including the Weakleys.

Columbus is a better town because "he passed this way."

•

The privilege of listening in on the conversation of two little girls was given to me recently. How refreshing it is to listen to children when they are not aware that they are being overheard. They discussed — most intelligently — everything from religion to sputnik.

They were sure they saw sputnik and we were sure it was a plane but didn't disillusion them. I learned that they have an unbounded faith in God; their parents; teachers and in Santa Claus too.

What their parents and teachers tell them is indisputable so far as they are concerned. They read the Bible and know that they will be punished for their minute sins, if they do not ask forgiveness.

They don't care for rock 'n roll; they love the old Shirley Temple films being shown on television; they like Pat Boone but not Elvis; they also like music, poetry, beautiful scenery and sunsets, and have a fierce protective feeling for their younger sisters and brothers.

These children are typical — therefore, I think that so-called juvenile delinquency has been over-rated and over-emphasized.

Food Markets This Week

by Mrs Estelle A Franks

THIS WEEK SHOP FOR:

Fruits—Apples, grapefruit, oranges, tangerines, bananas.

Vegetables—Cabbage, head lettuce, frozen lima beans, canned pumpkin.

Protein Foods—Beef rib roast, whole ham, cheese.

FOOD GIFTS

Have you run out of ideas and still have some names on your Christmas list?

There is warm sentiment attached to "homemade" gifts. Most folks do appreciate a gift made by the giver. Food gifts qualify all around. A family or an individual may enjoy making such gifts. Such a project offers an excellent opportunity for your whole family to take part and share the true spirit of Christmas.

Some ideas include fruit baskets, other food gifts such as jams, stuffed fruits, fruit cakes, cheese assortments, and even cured meats.

A little basket or tray filled with plastic bags of shelled nuts, all measured ready to use, and tied with gay ribbons will be a joy to the woman who loves to bake.

Fruit Baskets—A nice box or basket of fruit is always refreshingly welcome at Christmas time. You can assemble your own assortment from the fruits that are plentiful. Ohio food markets, at this time of the year, offer excellent quality apples (Ohio growers had a super crop this year), citrus fruits, bananas and grapes.

If your gift is to travel far it is wise to pack the fruit in a sturdy box or basket. Line the contained, whether it is to go near or far, with a gay dish towel, colored cellophane, or other attractive paper such as gay Christmas paper napkins, bringing the points up over the edge of the container. Cover the top with transparent cellophane paper and tie a big red ribbon bow on the handle or pin it on the side. Such a gift is colorful, refreshing, nutritious and worthwhile.

Similar gifts may be assembled from a variety of food products or from cheeses. Cheeses make attractive gifts by themselves or in combination with other foods. Give small quantities of several types of cheeses. How about this . . . pack a small round cheese on a little cutting board (about 50c) . . . fasten with a gay ribbon, and you have as festive a gift as anyone ever received.

Almonds and Filberts

The supply of almonds and filberts is the second largest on record. The 1957 crop is reported to be above average in quality.

U.S. Grades—This is the first year that there have been U.S. Standards for grades of Christmas trees, and it seems likely that these standards will bring better trees to market and prevent shipment of trees so poor in quality that they show up as dreary after-Christmas casualties.

Library Stocked For Hunters Too!

Hunting enthusiasts may be surprised to learn they can get pointers at the Hilltop Branch Library as well as at dog kennels, reports Mary Elizabeth Keyes, librarian; Besides outdoor magazines like "Field and Stream" and "Sports Illustrated," the library has books on all phases of hunting and guns.

A recent book for the beginning hunter is "Guns and Hunting." Information is given on guns, all types of game, and how best to enjoy the sport of hunting. For deer hunters who use bow and arrows, there is "Bucks and Bows."

Other books on hunting include, Sports Afield's "Hunting Annual," "Hunting in North America," "The Complete Book of Hunting," Sports Afield "Gun Annual," and "Guns and Shooting."

Charts Detour Cool Cats With Fourth Stanza Blast

Exploding for 16 points in the fourth quarter, the Charts turned what had been, up to then, a more or less even contest into a rout as they downed the Cool Cats 49 to 31 in a Glenwood Recreation Center basketball game.

Norma Valentine led the Charts to their first victory by dumping 28 points through the nets. Vicki Quinn topped the losing cats with a 21 point effort.

Craft Fabrics Owner, Wife Have Widely Differing Jobs

Two diverse professions make life more interesting for Ralph Snyder and his wife, Yvonne, of 684 Wiltshire-rd. Having been friends since their early childhood in Van Wert, O., both received their individual professional degrees at Ohio State University.

Ralph Snyder

Ralph is an interior decorator and owner of Craft Fabrics, 3115 W. Broad-st. Yvonne is a registered pharmacist and work for one of the city's larger drug stores.

Following his graduation from high school, Ralph entered the Army. After his hitch in the service he went to OSU, got his degree and was employed by a large downtown department store.

Craft Fabrics, which Ralph opened three years ago, sells rugs, furniture, drapery fabric, lamps, pictures and most accessories needed for decorating.

Ralph employs one saleagirl and 12 persons in the sewing department. He visits New York and Chicago two to three times a year to find new fabrics, furniture designs and decorating ideas. "Our drapery materials are all the newest designs. I don't wait till a color or pattern gets 'hot' and then jump on the bandwagon, I try to bring it out while it's still fresh and new," added Ralph.

Having played semi-professional basketball, Ralph has settled down to bowling and golf as spare-time activities.

Music is Yvonne Snyder's hobby listing piano and accordion as her instruments.

Both are still active in their college fraternity and sorority. Ralph is a member of HBA and Yvonne belongs to various pharmaceutical organizations throughout the city.

TALL TEXAS TALE

Having received a marriage proposal from a handsome Texan, a New York fashion model wanted to find out how wealthy he was.

"I suppose you own a lot of oil wells," she said.

"Nope," said the Texan. "Not a one."

"You go in for cattle?"

The Texan shook his head.

"How much land do you have, then?" she persisted.

"About thirty-five acres, I reckon."

The model was plainly disappointed. "That's not much of a ranch," she said, "but what do you call it?"

"Well, ma'am," the Texan replied, "last time I saw it, they called it downtown Dallas."—Frank Rhoades in San Diego Union.

Lions Find New Way To Shop For Christmas

OH-H-H-H . . . BOYS! How could you? We wonder how those Hilltop Lions could possibly look at the camera in a situation like this. Must've been temporary, though, because from all reports the fellows were most attentive during last week's meeting. The reason? It was a private modeling of Christmas gift suggestions for the little wife by a professional model sent from the Gladys Lee, Inc., shop, 2388 W. Broad-st. Now Lions' wives have every reason to find "just what she wanted" under the Christmas tree.

Salt Water Soak Has Become Daily Ritual For J. Murnane

Some people say that trouble always comes in pairs. John Murnane will vouch for this now after having blood poisoning in both hands from two different accidents in the space of a month!

Murnane, owner and operator of the Sohio Service Station at 2635 W. Broad-st, dropped an auto wheel on his hand exactly one month ago today. He ignored the minor wound. A few days later, while on a hunting trip, John cut his other hand on a rusty tin can. Both the scratch and the cut turned to blood poisoning and forced him to remain at home.

After a month of doctoring with tetanus and penicillin shots John said he will be glad to return to work this week. "I'm tired of soaking my hands in salt water every day," he added.

A resident of 119 N. Wheatland-av, John has operated his filling station for 14 years.

West's Reserve Basketball Team Takes One Of Three

West High School's reserve team has one win and two losses on its record, for the first three games of the season. Cowboy reserves bowed to Newark 30 to 25, won over Whitehall 30 to 28 and accepted a 31 to 27 defeat from Aquinas.

NEWARK 30, WEST 25

Reserve Cowboys lost their first basketball game of the season to Newark, Nov. 26, with a final score: Newark 30, West 25.

Although Newark was ahead at the end of the first half, the Cowboys out-played the Wild Cats in the second. But Newark's defense paid off as the Wild Cats chalked the game up in their win column.

Mike Todd and Carl Brown are important assets to the team, for their combination resulted in 17 rebounds.

WEST 29; WHITEHALL 28

The reserve team was the guest of Whitehall Nov. 29, the Cowboys winning 30 to 28.

Both teams, pretty evenly matched, fought a hard battle. At the half Whitehall was leading West 19 to 17. But with Carl Brown's effective style, and good teamwork on West's part, the Cowboys took the 29 to 28 win.

Aquinas 31; West 27

Reserve Cowboys played host to Aquinas Terriers Dec. 6, with the Terriers capturing the win, 31-27.

Although West was leading at the ends of the first half Aquinas defense showed in the second. With a few seconds remaining in the final quarter West started shooting. But time won't stand still, and West accepted the 31 to 27 upset.

An egotist is not a man who thinks too much of himself; he is a man who thinks too little of other people.

SATURDAY IS [illegible] DAY for the important people you see here. It's "Toys For Tots" Day. The Marine Reserves and Boy Scouts will again collect thousands of toys for less fortunate children in a door-to-door campaign. Looking over some early contributions are: Paul Brunello, of Pack 33; John Armstrong of Troop 283; Charles Malinowski of 27th Infantry Company; and Wesley Downer III of Troop 283. If you are missed Saturday call BR. 1-2737 Ext. 24 or CA. 1-8485. Only toys in new or usable condition are wanted. For several years Columbus has led the nation in quantity and quality of toys collected. The city is in keen competition with Philadelphia this year, Sgt. Malinowski said.

ground at the W. Broad-st institution.

The laboratory will have at least 100,000 square feet of floor space and will cost an estimated $1,269,000. The garage will occupy some 126,000 square feet for which $1 million is available.

State officials said there would be ample room on the hospital grounds for the two new State Highway buildings, two new juvenile treatment buildings on the farmland Grandview-av, W. Broad-st interchange to be built by the city.

ADDS TO GARAGE

George T. Snyder, 879 S. Richardson-av, has been given permission to build an addition to a concrete block garage.

The median price for new homes this year is $14,800. This is 1.4 per cent above the 1956 median of $14,600.

Making Good Impression Is Main Objective In This High School Classroom

High school students from all over the city come to Central High School to learn how to make a good "impression," printing wise, that is, with black ink! Nearly four million impressions were made this past summer during vacation in Central's print shop.

According to records produced by Harold Stegmiller, printing instructor, exactly 3,681,715 copies of job work were run off in the shop which remains open during the summer months.

This work was done for the Board of Education Administration and various schools around the city. Jobs included library permits, 400,000 class absent slips, school calendars, grade cards and grade books.

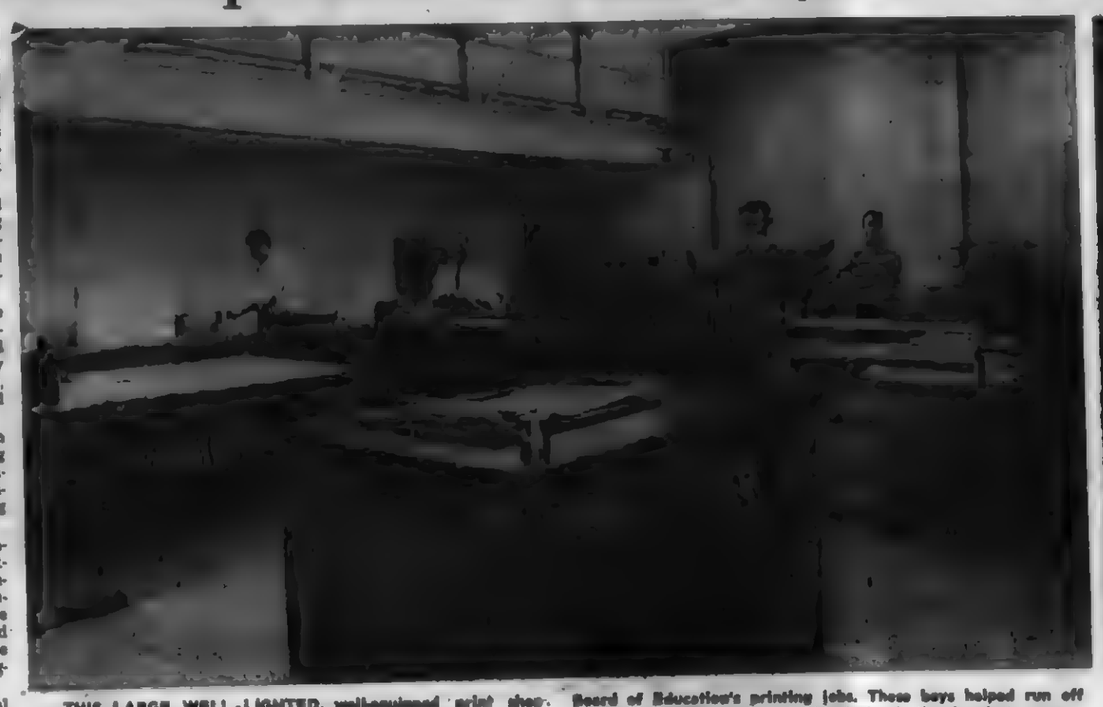
Students living anywhere in the city, interested in printing as a vocation, may come to Central, only high school in Columbus offering vocational training in this line.

Besides providing time to handle commercial and school printing needs, keeping the shop running in the summer gives students summer jobs. Students are paid for their vacation work and are under the supervision of the two printing instructors, Stegmiller and Earl Hayes.

The shop started at Central when the old Trade High School combined with Central High in 1927, and was divided into two classrooms, one for beginners and one for advanced students. In 1934 it was moved into new room 18. It is said to be the biggest and best-equipped school print shop in the country.

Boasting eight presses, one cutter, one stitcher, one perforator, one drill and 250 type cases, the shop has recently added a $4 thousand offset camera and fully equipped darkroom.

'At Home' At Central



Harold Stegmiller of 127 Nottingham-rd, started his high school education in Central on the first day the school was opened in 1924. He continued to work there after graduation while attending Ohio State University. He taught at Mifflin High School for three years and returned to Central as a teacher in 1939.

His two sons are both interested in printing and have free access to the Stegmiller press at home. One son, Richard, is attending Crestview Junior High School while his other boy, Bob, is a student photographer at Central. Bob intends to make printing his career, if it's any surprise after such a background.

Opportunity For All

Harold feels that many students in Columbus with the aptitude for printing don't know of the opportunities that Central offers because only seven new students entered the course this year. He added that in recent years, the commercial printing industry has cooperated tremendously in backing Central's print shop.

"The industry has had an 'open-door' policy towards our young printers, taking them on tours and giving any advice they have asked for in regards to printing," concluded Harold.

THIS LARGE WELL-LIGHTED, well-equipped print shop which was set up in 1954 in Central High School is a far-cry from the one Harold Stegmiller saw open there in 1927. Said to be the largest school print shop in the country, Central's shop is so swamped with work that it is only able to handle a part of the Board of Education's printing jobs. These boys helped run off nearly four million copies of job printing in the shop last summer. They are Harold Clegg, left; Stegmiller, instructor; Charles Lykins, Tom Kinnell, Ken Rayburn and Forrest Townsend.

HAROLD STEGMILLER, Central High School printing instructor, reviews operation of a rotary press for Forrest Townsend and Martha White. Martha is one of several girls enrolled in the printing course and worked in the print shop during last summer.

Dual Art Exhibit At Hilltop Library

A dual exhibition of 12 paintings by John H. Hopkins and four portraits in oil and gouache by Natalie B. Doyle are now on display at the Hilltop Branch Library, 2955 W. Broad-st.

Hopkins, 2084½ N. High-st, is a graduate of Williams College, and received his MA from Ohio State University. While there he studied techniques of painting and drawing under professors William Pierson and Robert Gatrell. Winner of many awards he works largely in the area known as romantic surrealism.

Miss Doyle studied at Miami University and Ohio State University. She has exhibited at the Ohio State Fair and has done numerous covers for the WOSU Monthly Bulletin.

This vivid and realistic collection will be on display through Jan. 4, announced Mary Elizabeth Keyes, librarian.

LEARNING TO READ "UPSIDE DOWN" is one of the first requirements for anyone aspiring to the printing profession. Here, Bob Stegmiller who has mastered this art, goes over some type.

(Continued from Page 1)

It was a begonia, begorra, that Hilltopper Bob Dent got as a surprise Christmas present last week. It all started a year ago when Bob was selling Christmas newspapers on Holton-av for the West Side Kiwanis club. He admired a beautiful Angel Wing Begonia in a customer's home. The owner promptly promised to start a plant for Bob. Nothing was heard from him all year until last Friday night, Bob again had the Holton-av beat in a pouring rain . . . and knocked at his friend's door. "Sure I'll buy a paper, said the familiar resident . . . "and here's that begonia I promised you." Christmas is a pretty good time of year, Bob thought as he walked away with a flower big as an umbrella. He didn't notice the rain after that.

Short Notes: A worthwhile program of youth helps in 1958 from the Kiwanis Club is assured again following their successful newspaper sale again last week . . . And a big vote of thanks goes to all who made this possible . . . And now for a plug from my old friend Charlie Meinteruff who sold papers that night . . . He invites you to come out and look over his nice 'selection of Christmas trees on his lot on the northwest corner of Brinker and Broad, and he also has that kissin' mistletoe . . . Mrs. Wilbur Paullin is moving to Burbank, California, where she will live with her daughter, Melba Powell . . . Merry Christmas, Powells! We know you read the Record.

Author McConnell examines a boy's percussion halfstock rifle that is approximately 100 years old. His book, GRAN'PAPPY'S PISTOL, is now available in bookstores.

INSIDE ON THE Outdoors
By ROD COCHRAN

With television and movies saturated with "adult westerns" these days we are surrounded by re-creations of the frontier, and with a little imagination, the smell of gunsmoke.

Much shooting is done on film, usually with a six shooter, and more specifically with a Colt revolver. Even with this emphasis on guns, only a gun collector would know about a "ten shooter." Especially if said gun had only five chambers in the cylinder, two hammers, and one trigger.

Columbusite Duncan McConnell has written a book about such things, primarily for would-be gun collectors. Practicing gun collectors will enjoy the book, which is called GRAN'PAPPY'S PISTOL, if they can stand to laugh at themselves and their eccentricities. McConnell defines a collector as "a dealer that is trying to preserve his amateur status." With tongue in cheek the author relates how deadly serious the art of gun collecting is. After years of experience, that extends from Colorado to the East Coast, he has heard only one collector laugh out loud. They are almost always presenting a grave expression, and telling you that the gun in question was once owned by Jesse James.

Cover of the book says it is for everybody, particularly arm-chair sportsmen. A few lines at the beginning of Chapter 8 are fairly typical of the whole book. They go:

"I shoot a shot,
And brag a lot,
But do not care
To meet a bear.
—A. Plinker"

Even though the book pokes fun at the gun-collecting fraternity, McConnell is a serious collector and speaks warmly of the hobby. At present Dr. McConnell is research professor at Ohio State University. He has held various positions in mineralogy and chemistry over the years, allowing him to look for guns, powder flasks, bullet molds and the like, in a wide variety of places.

Are Traders Mainly

He claims that gun collectors are about the same everywhere. After they come into possession of a few guns they begin to trade — a transaction where no money changes hands. This gives them an inflated value of the guns involved.

"It's like the man who had a dog for sale for $30,000," says McConnell, "and a friend was somewhat incredulous on learning the price. In a few weeks the friend inquired about his progress, and the man said he had been completely successful. He had traded the dog for two $10,000 cats."

The author has made many such trades, but is still very modest about his collection. He says it is a small one, selected on quality as much as anything else. I do know that he seems to have guns throughout his house, even the bureau in his bedroom is full of them.

Not many of us will become gun collectors. But the fact remains that the history of our country is deeply associated with firearms. Early settlers, the Minute Men, buffalo hunters, soldiers of Blue and Gray, cowboy, frontier train robbers, fur trappers, river boat gamblers, Rough Riders, and all the rest had their guns.

These men seem to come alive as you look at their guns. Gun collectors are preserving an important part of our heritage — an interesting hobby indeed.

Local Catholic Bucketeers Off To Successful Beginning

Already on the way to what looks like a successful season, members of Holy Family High's basketball brigade eagarly await the remainder of their schedule.

Under the tutelage of a new coach, Richard Scott, a senior at Ohio State University, the team has so far rolled to an impressive early season record. The squad has chalked up a total of four victories against a lone defeat.

Scott, who says he has the material for a good ball club, greeted six returning lettermen at the start of the season with which to form a nucleus for the coming year. Tom Cullen, Don Perdue, Marty Crawford, Roger Rees, John Gill and Larry Durfee are all boys with hardwood savy under their belts. Cullen and Perdue were chosen co-captains.

It is reported that a good school spirit thrives to back up the boys, and the members of the team enjoy a tremendous following, even to out-of-town games. Father Durbin has seen to it that buses are available for games away from home. He also purchased new uniforms from funds provided by Holy Name Society of Holy Family Parish.

Remaining games find the Catholic quintet meeting St. Mary, Dec. 13; Chuckery-Darby, Dec. 14; Ohio Deaf, Dec. 17; and Watterson, Dec. 20.

January conflicts include St. Charles, Jan. 3; Rosary, Jan. 10; Chillicothe Central Catholic, Jan. 14; Newark St. Francis, Jan. 17; St. Mary, Jan. 24; and Delaware St. Mary, Jan. 25.

Rounding out the schedule, they will meet Watterson, Feb. 1; St. Charles, Feb. 4; Rosary, Feb. 7; and Newark St. Francis, Feb. 11.

Glenwood Choirs Combine For 'Messiah' Presentation

Christmas portion of Handel's "Messiah" will be sung Sunday at the 10:30 a.m. service in Glenwood Methodist Church, 64 S. Highland-av.

The chorus of approximately 80 voices will be made up of the combined Wesley and Chancel choirs of the church.

D. Talmadge Crawshaw, minister of music, will conduct, and Mrs. Clyde D. Moore, organist, will play the accompaniment. Dr. Joseph R. Shellhase, is the minister.

Soloists are Ida Grinstead, Martha Hoover and Marijohn Crawshaw, sopranos; Wanita McGlone and Eugenia Armstrong, altos; Dennin Leach jr., tenor and D. T. Crawshaw, bass.

11 'Money' Prizes In Ads Today

Santa Claus season; merriest time of the year, is also the most expensive. An unexpected windfall of $45 can go a long way towards lightening the load on Pop's purse.

With no claimants last week, today's jackpot insignia is valued at $45 in "Confederate" currency. As usual, ten additional insignia, each worth one "Confederate" bill are also included on ads in ten other copies of the newspaper.

Subscribers spotting insignia on an ad in the newspaper may exchange the newspaper for "Confederate" bills at the Record office before Saturday noon.

Complete rules of the game and exact size replica of the insignia are shown in the accompanying box.

Look For This

Any subscriber who finds this insignia stamped on an ad in this copy of this newspaper should take it to the office of The Hilltop Record before Saturday at noon. Can You Guess What's On Their Minds? . . . . . You're Right!

FUTURE RAILROAD ENGINEER? Maybe, at least an electric train was at the top of Roberta Sue Tier's Christmas want list! She hasn't found time to write Santa as yet she said but hoped her mother would take care of it for her! Five-year-old Roberta is the daughter of Mr. and Mrs. Charles Tier, 772 S. Harris-av, and attends kindergarten at John Burrough's Elementary School.

"AND A LITTLE GUN ABOUT THIS BIG," said Harold Walker, concluding a long list of western artillery. Even though Harold wants guns and holsters he ended the interview saying, "You know, I'm getting tired of those 'westerns' on television!" Harold is the five-year-old son of Mr. and Mrs. Frank Bower of 135 Lochner-av, and is in the kindergarten of Highland Avenue

"I'D LIKE A NEW SLIP for one thing," said Marcia Hain, "and doll clothes, ironing board and an iron. Oh yes, I'd like Santa to bring me a parakeet. I'm just crazy about animals!" Marcia is the five-year-old daughter of Mr. and Mrs. John Hain, 659 Powhatan-av, and attends kindergarten at Westgate Elementary School.

"WELL TO BEGIN WITH," began Christine Borchers going over her Christmas list, "I would like a great big doll and just loads of doll clothes!" She added, "I've still got to make out my Christmas cards yet." Six-year-old Christine is the daughter of Mr. and Mrs. George Borchers of 2645 Sullivant-av, and is in the first grade at St. Mary Magdalene School.

AN AVID FAN OF SANTA CLAUS, Larry Vellani said he watched the old gentleman on television daily. "I'm asking for a stuffed lamb or a sheep to sleep with," said Larry. He is the son of Mr. and Mrs. Al Vellani of 724 S. Eureka-av, and is five years of age. Larry is in the first grade at St. Agnes School.

A Man Who Knows Economy Is Possible

A man who believes in economy in government and has ways to prove that the government can save money is a rare individual. Such a man is Raymond Blattenberger, who directs the huge government printing office in Washington, D. C.

This past week Mr. Blattenberger, the Public Printer, as he is known, addressed the annual meeting of the Columbus Printing Arts Association.

Since taking this position at the request of President Eisenhower he has returned some 13 million dollars of unused money to the U. S. treasury.

While he was doing this job for the government he reduced the number of employees of his department by 600 people and increased pay for the other employees by over 2½ million dollars.

Efficiencies and economies can pay off in government just as they do in private business. We need more Mr. Blattenberg-

Briefly Told: Glenwood Methodist Church has a buyer for their building on Highland-av, and the congregation will vote on the matter the second Sunday in January. When such approval of the sale is given the Glenwood congregation will have up to nine years to move . . . Hilltop Kiwanians are bringing gifts to their meeting Thursday for State Hospital patients . . . A local county political office holder has requested that his name be printed in a special colored ink on county forms, all of which means that the taxpayers are in effect paying for his campaigning by this method . . . Record carrier boys express their sincere thanks to the many customers who passed out Christmas gifts as they collected this week . . . And then there was the lady who sent an item in to be printed in the newspaper with the request: "Please print this so we can have it for our scrap book." . . . See you Christmas Eve.

Local No. 17 Firehouse Gets Cheery Facelift

SHE NEVER LOOKED PRETTIER . . . Old No. 17 Engine House at Wheatland-av and Broad-st may be ashamed to tell her age but she nevertheless rates many a whistle from admirers right now. Her Christmas finery boasts hundreds of lights, an 8x20 foot mural, stars, streamers, two bright gold crosses and six Christmas trees . . . all gifts of local merchants and civic groups. Bedecked like no other firehouse in the city, No. 17 never before has had outside decorations. The firemen say this year's display has been the pipedream of Lt. Fred Neff for many years.

Construction Started At Diagnostic Center

Governor C. William O'Neill took part in the ground breaking ceremonies this morning for the new 150-bed reception and classification center and the 100-bed psychiatric treatment unit at the Juvenile Diagnostic Center, 2280 W. Broad-st.

The services of these new units will be administered by the Division of Juvenile Research, Classification and Training.

John R. Ferguson, chief of this division, said when the new buildings, costing about $6 million, are completed, Ohio will have one of the finest facilities in the nation for the diagnosis and classification of committed juvenile delinquents.

The 150-bed unit, for boys 15 to 18 years of age, was designed by the Columbus architect firm, Benham, Richards and Armstrong. Following diagnosis and classification the boys will then be assigned to the proper state institution.

The 100-bed unit, for treatment of boys and girls committed to industrial schools whose behavior edges upon mental illness, was designed by a Cleveland architectural firm, Conrad [illegible].

Youth Groups Participate

This morning's ceremony began with the singing of the National Anthem and the leading of the Pledge of Allegiance by the Girl Scouts of the Girls Industrial School. Rev. Harold E. Davidson, Protestant chaplain at the center, gave the invocation. Dr. Roger Gove, supervisor of the center, followed this with a few words of welcome to the visiting dignitaries.

After the ground was broken, Governor O'Neill spoke on the broad mental hygiene program being carried on by Ohio.

Before the ground-breaking ceremony, Dr. Robert A. Haines,

Church Of God Plans Christmas Tableau

Annual tableau of the first Christmas will be presented again this year by members of Hilltop Church of God, 635 Whitethorne-av on three nights, Dec. 20, 21 and 22.

Three 30-minute performances of the pageant will be given each evening at 8, 8:30 and 9 in the lot beside the church.

Eighty members of the church will participate in the presentation. Junior and senior choirs will provide background music and live sheep and a burro will add to the scene's realism.

Edgar Guyer will narrate the story as characters in authentic costumes depict the Bible story of the first Christmas. The star of Bethlehem moves overhead, shepherds follow it to the manger and the Three Wise Men present their gifts.

Montie Ball is managing director and characters are portrayed by, Joseph and Mary, Mr. and Mrs. Elden Scott; Wise Men, Thomas Dixon, Darwin Williams, James McFarland; angels, Mrs. Paul Shewalter, Judy Garrison; shepherds, Jim Litman, Roger Seeley, Jack Snyder, Leo King, Paul Shewalter.

Says State Lands Available For Street Extension

R. M. Larimer, director-designate of Ohio Public Works, announced last Thursday that State Hospital ground on W. Broad-st could be made available for the proposed southern extension of Grandview-av.

Councilman W. Ralston Westlake made the original proposal that Grandview-av be extended south of McKinley-av across W. Broad-st to connect with S. Central-av.

Larimer said the exact location of the proposed route would have to be determined in connection with plans to build State Highway Department buildings on the site. The new roadway would cut across state-owned property both north and south of Broad-st.

Westlake was to introduce legislation before City Council Monday night asking the state to give the project top priority.

City Council Monday night authorized Service Director Floyd C. Rodick to meet with the state highway director to discuss the continuation of Grandview-av to Central-av.

Today's Jackpot Worth 50 'Confederate' Bills

Holidays are happy days . . . but they could be even happier with an unexpected boost to the ailing family budget. An unexpected $50 would assure a merrier Christmas for most of us.

Printed in plain view on an ad in one copy of today's newspaper, the jackpot insignia is valued at $50 today. Ten additional insignia in ten other copies of the Record are worth one "Confederate" bill each.

"Confederate" money may be spent at face value with any merchant advertising in the current issue of the newspaper.

Any subscriber whose name appears on our records as having paid in advance or on his carrier boy's route book as a paying customer is eligible to collect "Confederate" money.

Newspapers containing lucky insignia may be redeemed at The Hilltop Record office before noon on Saturday.

Employees or carriers of the newspaper and members of their families are not eligible.

The scoutmaster, together with Institutional Representative Ed Johnson invite all interested boys or potential adult leaders to visit the troop any Thursday at 7 p.m. at West High.

The troop has use of the school gym for athletics and holds a monthly camp-out at its own cabin near Lancaster. Summer camp sessions also are held at Camp Lazarus, near Delaware. Four or five troop members are nearing Eagle Rank, Pfaffenberger said.

THE CHRIST OF BETHLEHEM

"The heavens were filled with a silvery light
Shining down deep into the hearts of men,
Revealing to God the hidden things
And showing the need for Christ—
The light for all mankind,
So Christmas, nearly two thousand years ago,
Was the gift of the Christ Child
To fill the need of man
With an undying faith that believed
A spiritual love . . .
Today, on lofty mountain peak
And across the mighty ocean foam,
In valleys deep and in fertile fields;
Where cities and villages meet,
We find the Christ of Bethlehem.
Invisible, He stands with outstretched hands
To welcome all who will accept His love.
The bells of Christmastide still carry
The tidings of peace and joy to all hearts everywhere,
And the true spirit of Christmas extends
To our neighbors and friends, and those who tarry
In distant lands — to find the Christ of Bethlehem.

LITTLE TOWNS

We like little towns on Christmas Day,
With streets running gaily every-which-way
Past cottage and stable, but going nowhere,
With a "Good Morning" here and a "Howdy-do" there;
Past chapel and church tower and pointed spire
With sweet carolers from the village choir;
Past chimneys high and past chimneys low
With stockings and presents all hung in a row;
Asking for nothing from hollow and hill
But a Star to guide them and guard them still.
These little towns—we sorta like them—
They sorta remind us of Bethlehem.

Fred Zartman.

A MOTHER'S WAY

Son, when you find the Baby King tonight—
Before you offer frankincense and gold,
Give His Mother this white woolen blanket
So she can protect Him from the cold.
Tell her it is one I made for you

When you were little . . . she will understand.

And when you and the others reach the barn,
Do not approach it with your arms outstretched
Lest she see your shadows,
Like three crosses, etched
Across the sand!

Christmas Seal Sale Behind, Society Urges Do-It-Day Now!

"HOW ABOUT YOU?" asks Joyce Lukatz, 674 Joyful-st, as she mails her Christmas seal contribution to the Tuberculosis Society. The daughter of Major George S. Lukatz, Lockbourne Air Force Base was homecoming queen this year at South High School. She was one of a number of high school homecoming queens who helped the Tuberculosis Society promote its annual Do-It-Day. The 1957 Christmas seal sale is behind that of last year. "If you didn't do it Monday why not observe Do-It-Day now," says Joyce.

Latest victims of the champions were the Tigers, who suffered a 38 to 17 setback.

Gary Reynolds led the champions with 28 points. Bill Williams scored eight points for the Tigers.

Thugs Tepid, Cats Cool In 23-11 Glenwood Fray

The Thugs led all the way with Lynda Maurath scoring 10 points. It was the third loss for the Cool Cats in as many starts.

Calvin English pumped 23 points through the nets to lead the Silhouettes to a 76 to 36 victory over the Panthers in a second league encounter.

Good Time For Hunting Rabbits

Al Staffan inspects a rabbit shot on a day when it was "too windy to hunt." Trudy voices her approval.

INSIDE ON THE Outdoors By ROD COCHRAN

The weather was brisk, and the west wind was a little too strong for good hunting conditions. The best time to go hunting, however, is when you can, so Al Staffan and I loaded Trudy into the trunk of my car and we headed for northern Madison County.

This is really the most pleasant time for hunting. The pheasant season is over — the bird fever has run its course. Winter weather keeps you from becoming overheated. Rabbits are in a mood to run, and a good beagle does his best to oblige them. December is for hunting rabbits.

Al and I gained permission to hunt from a farmer friend, and we decided to take a swing around his woodlot. Almost immediately, a bunny popped out of a dead treetop, and started putting trees between us. I sort of surprised myself by connecting on my first shot of the day. We walked only a short distance and Trudy bounced another rabbit out of some brush, and this one ran in Al's direction. As he picked up his prize, Al remarked, "Maybe all this wind isn't going to hurt things after all."

Scout Fencerows, Brushpiles

It turned out that he was right. After hunting only part of the woodlot, we started toward our favorite field. Its a pasture with several large brushpiles in it. Here is where Trudy really proved her worth. She tackled those brushpiles, and the rabbits came out. Trudy was yelping like a coon hound, and Al and I were burning powder. After the excitement died down, the dog came out of one big brushpile and seemed to be satisfied that all the rabbits had been chased out. So we started over the hill toward a fencerow where a couple of rabbits had headed.

Trudy started barking again about this time behind a brushpile out of our sight. We figured she was just trailing one of the rabbits we shot. We ignored her and went on. Finally we realized that she was back in the woods again, and almost out of hearing.

Just at that moment she came into view at the fringe of the woods, hot on a trail. She had taken a rabbit into the woods, and the rabbit had circled around the edge again — but we were a quarter of a mile away. We ran back to the woodlot, and we could hear her still trailing deep in the woods. We had to stand quietly to hear her, for the roar of the wind in the trees almost carried her voice away. Suddenly Al called, "Here he comes right toward you." Then I saw the rabbit sneaking along too close for me to shoot. I waited until it got past me and at good range, and then I dropped him neatly.

Lost Trail in Wind

Trudy bove into view trailing furiously. I didn't pick up the rabbit, I wanted to see if she would find it. The dog was trailing at least six feet downwind from where the rabbit actually ran. The scent had drifted that far in the strong wind. Trudy came to the end of the track and was puzzled. She circled in one direction, hit the track, and came to the same dead end. She circled in the other direction, almost jumped over the dead rabbit, hit the track, and was still lost. It wasn't until I showed her the rabbit that she realized it was several feet from its track.

I gave Trudy a pat for doing a good job, and then we hunted on until both had limits. It was a day to remember. We had found rabbits. The rabbits were running. And the dog had a good day.

We shall, indeed, not soon forget this day. But the moral of the story is to not wait for ideal conditions to go hunting. If Al and I had listened to our better judgement we wouldn't have gone afield this day. It would have been easy to say, "This strong wind will ruin scenting conditions," or "All the bunnies will be holed up on a day like this." You can expect a little inclement weather this time of year, but go hunting anyway. It's a long time until opening day, 1958 — and remember, December is for hunting rabbits.

Aces Trump Hilltop Lions In League Go

The Aces remained undefeated in the Glenwood Recreation Center senior boys' basketball league, by trouncing the Hilltop Lions 77 to 23.

Jim Lape tallied 22 points and Dave Dehl and Joe Martin chipped in with 19 and 17 points respectively, to lead the winners.

Miller scored 10 points for the defeated Lions.

Jack McNabb scored 17 points as the Bulldogs edged Demolay 43 to 31.

Ralph Seymour scored 12 points to aid in the victory as the Bulldogs upped their record to three wins against no defeats.

Jerry Galloway authored a 16-point effort to spark the Demolays, who suffered their third loss of the campaign.

Hot Shots Quell Knights For Third Straight Win

The Hot Shots remained on top in the senior girls' division by downing the Knights 19 to 5 for their third straight victory at Glenwood Center.

It was a nip and tuck affair during the first half with the Hot Shots only four points ahead when the buzzer sounded. But the winners came back to hold their adversaries scoreless during the final two frames and inflict the first defeat of the season on the Knights.

High point-getter for the Hot Shots was Arleen Hemmerly with seven.

In other games the Sharpshooters and Powder Puffs claimed victories via forfeits over the Black Angels and Go-Getters, respectively.

Food Markets This Week by Mrs. Estelle B. Franks

THIS WEEK SHOP FOR:

Fruits — citrus fruit, apples, bananas, frozen orange juice, dried fruits.

Vegetables — head lettuce, Brussels sprouts, celery, sweet potatoes.

Protein foods — turkey, chicken, ham, sausage, large eggs, cheese.

FESTIVE FOODS

Festivity at Christmas time invariably calls for eating. Children home from school, family dinners, and visits from friends all call for a well-stocked larder that will enable you to serve holiday treats without too much bustling and hustling at the last minute.

Lots of Fresh Fruits — Fresh fruits around the house, either available for between-meal snacks or as part of the regular meal, are probably the most popular type of festive food. And what a wonderful variety of fresh fruits to choose from. We are particularly lucky this year with a good crop of many of them.

If we compare the fresh fruits available today with Grandpa's time, we realize how lucky we really are. At that time a few apples stored in an apple cellar and an orange in the toe of a stocking on Christmas morning were about the extent of holiday fruits. Modern technology and improved marketing practices have changed all that.

When you shop this weekend you'll find Ohio apples of excellent quality, abundance of oranges of various varieties, tangerines, grapefruit, bananas, fresh grapes, fresh pineapple, pears, cranberries . . . all within your budget. At slightly higher prices you can add variety to the fruit bowl with tangelos, kumquats, avocado, and many more.

Dried Fruits Are Popular — They are good mixers, making delicious conversation pieces, as well as contributing good nutrition to menus. Dried fruits do wonders in the cooky jar and dried fruit strips dipped in powdered sugar are particularly easy to serve for an informal party. Dried fruits stuffed with cheese and nuts are a delightful party snack.

Crunchy Nuts Are Popular — To add variety to your festive food bowl, a good supply of the various nuts available will be popular on any holiday table. This year's supply of almonds and filberts is the second largest on record, which means that they will be cheaper than usual. Although the pecan crop is shorter, there are plenty of Brazil nuts, English walnuts and of course, chestnuts are always popular at holiday time. The ever popular Virginia type peanut is always a favorite.

Cheese and Cracker Snacks — Try this good quickie fruit and cheese platter. It's easy to prepare, inexpensive, and will have something to appeal to every [illegible].

Cover a large platter with crisp salad greens. In center of platter place small dish of salad dressing. Arrange on platter in a pretty pattern: avocado strips, apple quarters (leave skins on for color), Emperor grapes, grapefruit and orange sections. Garnish with holly or evergreen, and use celery stuffed with cheese for dividers.

Fill another platter with an assortment of cheeses around a center tower of crackers. Add a beverage and let the guests help themselves.

The GIRL SCOUT DISTRICT DIARY

Making Christmas Gifts For Mom and Dad!

LEATHERCRAFT CHRISTMAS GIFTS for their parents are being examined by Troop 504 charter members, Joyce Berlo, left, Carol Swartz and Barbara Kuntz. The girls are comparing their work to the leather saddlebag that belonged to Barbara's grandfather.

Members of Girl Scout Troop 504, the largest and oldest in the West Hill Neighborhood area, recently completed their Second Class requirements and are now working for their First Class rating.

In the last few weeks the girls have been working on leather belts and small leather change purses to be given to their parents for Christmas. This leathercraft work has been under the direction of Mrs. Carl Kuntz. The project has solved the problem of seasonal shopping for the girls besides earning them badges in leathercraft.

Troop 504 was organized in Oct. 1953, by Mrs. John Swartz, 2930 Olive-st, as leader and Mrs. Wilbert Berlo, 86 S. Roys-av, as co-leader. In 1954, Troop 533, under the leadership of Mrs. Carl Kuntz, 223 S. Westmore-av, combined the first troop.

With a total membership of 18, Troop 504 has 11 four-year scouts entering their fifth year and two with three years of scouting behind them. The girls stack 53 years of scouting service between them.

• • •

"Christmas Customs in Foreign Lands" in the form of a three-act play was presented by the members of this troop at St. Mary Magdalene School for the pleasure of the Altar-Rosary Confraternity Society on Thursday evening, Dec. 12.

The play was written and directed by Mrs. James Fries, 3319 Mary-av. Mrs. Fries, a former teacher in Columbus and New York schools, was born in Bulgaria and attended school in Bulgaria and Austria. She met Mr. Fries, an American, while working for a war relief service agency aboard, married and came to America in 1950, and is now an American citizen.

In the first act of the play a portrayal of a French Christmas was given, in the second act a German Christmas and the third act was on American customs descended from our forefathers.

Between the acts the troop members sang Christmas carols and, as a special feature, sang in German the well-known German Christmas carol "O Tannenbaum." Costumes and props were made and furnished by the mothers of troop members.

Assistant leader of this troop is Mrs. Rosemary Borchers 2685 Sullivant-av.

NEWS OF TROOP 600
Mrs. George Miles, Leader

Plans are being made by members of Troop 600 and Troop 415 to present Christmas presents to the patients at Sun-ridge Rest Home on Sunbury Pike.

Ray-st Lad Hospitalized

Five-year-old Wendell Towey, son of Mr. and Mrs. D. F. Towey, 2399 Ray-st, was hospitalized Saturday evening after he was struck by a car at Oakley-av and Ray-st.

He was admitted to Mt. Carmel hospital, suffering a broken left leg and head injuries. Driver of the auto, John H. Redman, 185 S. Wayne-av was not cited, police reported.

Important Choices Are Being Made Daily— At Hilltop Y's Men's Christmas Tree Lot!

"IT'S A TOUGH DECISION" says Paul Mettge, who is picking the family Christmas tree from the vast selection at the Hilltop Y's Men's tree lot, 2725 W. Broad-st. Those helping him make the choice are: John Hutchinson, left, John Graham, Mettge, Carl Stephan and Howard Reber. Members of the Y's Men's Club will be on hand 9 a.m. to 9 p.m. weekdays and noon to 9 p.m. on Sunday until Dec. 24 to help customers find a suitable tree.

Bids Rejected On Addition For Village

Building commission for the Franklin Village receiving center may have to accept a structure cut to a size once referred to as "disappointing" by the Child Welfare Board, because of their limited fund of $300,000 made available by voters a year ago in the general election.

Bids made two weeks ago were all rejected by the commission, headed by Ollie Oelgoetz, because they were all too high. The lowest bid submitted was $348,000. It has now been decided to eliminate part of the proposed structure and readvertise for bids to be opened Jan. 22.

Oelgoetz said two wings, with a capacity of 24 children each, are being cut from the original plans. He added that one wing had already been deleted in alternate bids.

The Child Welfare Board officials in July termed plans for a center equipped for 36 children as "disappointing." Oelgoetz said the structure as now planned will have facilities for 42 children, as compared to the 60 or 68 in the original plans.

Ralph C. Kempton, commission architect, said the bids were not out of line. He said that the two wings can be added should the need arise at a later date.

Bob Dublin Has Managed Shoe Stores Throughout Ohio

"Managing a store in a shopping center is like being part of a large department store that is spread out," said Bob Dublin, the new manager of the Crosby Shoe Store at Great Western.

Bob Dublin

Bob took over the duties as manager around the first of September and while the shoe business is not new to him, this is the first time he has worked in a store located in a shopping center.

Before coming to Columbus, he was manager of one of the chain's shoe stores in Mansfield, O. When asked about business he said, "It's been good but the best is yet to come . . . most people wait until the last week before Christmas to buy shoes!"

Native of Willard

A native of Willard, O., Bob completed school there and was drafted for World War II. After his service stint he went right into the footwear game, working for his uncle in Pittsburgh. He soon went to work for the Crosby firm and has managed stores in all parts of Ohio.

Bob and his wife, Ruth, and their four children are now residing at 1373 E. Mound-st.

Spending most of his time in the store and with his family, Bob said he has little time for sports, travel or hobbies, although he enjoys all three. He is, however, just getting started with some home movie equipment that he hopes to make his hobby.

He is a member of HBA and Holy Rosary Catholic Church. Bob pointed out that he and his wife are just getting settled in Columbus and haven't had time to get very active in any organizations.

For Your Thoughts

Question: Do you think that children today get as much enjoyment out of Christmas as you did when you were a child?

Mrs. Robert Adelsberger, 483 Elden-av: "Oh no, all they look forward to are the toys, past that Christmas has no other meaning for them. I also think they miss the fun of the large family "get-togethers" that we used to have."

Mrs. Richard Beall, 738 S. Ogden-av: "I think they enjoy it as much but don't appreciate it like I did when I was a kid. I think if they got about half as many toys as they do then the gifts would mean a lot more to them!"

Mrs. George S. Dalton, 679 S. Oakley-av: "I believe they enjoy Christmas about as much but I think they expect more because of all the nice things they see advertised in newspapers and on television.

Hamme Holdren, 745 S. Terrace-av: "No I don't—mainly because the illusion of Santa Claus and Christmas is almost lost. Practically on every turn you see another Santa Claus. How can you expect children to believe in him or keep any of the thrill that we had as youngsters regarding Christmas?"

William H. Murray, 680 S. Roys-av: "Yes I think they get just as much enjoyment now as I did at Christmas time when I was a boy. I believe they still get a kick out of Christmas stockings filled with fruit and small toys."

Local Couple's Army Son Ends Combat Training

Army Pvt. Harry J. Haney, Jr., son of Mr. and Mrs. Harry J. Haney, 683 Wiltshire-rd, has completed eight weeks of basic combat training under the Reserve Forces Act program at Fort Knox, Ky.

The 22-year-old soldier is a 1954 graduate of St. Charles Preparatory High School and a 1957 graduate of Ohio State University. He was employed by Economy Drug Store before entering the army.

Church Choirs To Sing Original Anthem Sunday

"Let Us Adore Him," a new anthem written by D. Talmadge Crawshaw, will be sung for the first time Sunday morning at the 10:30 service in Glenwood Methodist Church.

Written especially for the combined chapel, Wesley and Chancel choirs of Glenwood, the anthem is based on Christmas carols of Europe.

The work starts with two clarinets representing shepherds' pipes echoing across the hills of Judea. Choirs and clarinetists will be placed in various parts of the main auditorium to give the effect of an echo by singing and playing back and forth to each other, and at times will all join forces to form a massed musical effect.

Carolyn Stickel and Shelba Jones will be the instrumentalists. Mrs. Clyde D. Moore is the organist and D. Talmadge Crawshaw is minister of music at Glenwood. Rev. Joseph B. Shellhaas is the minister.

The program includes:

Organ, "Fantasia on Christmas Carols"; processional, "O Little Town of Bethlehem"; anthem, "Let Us Adore Him," by Crawshaw, with combined Chapel, Wesley and Chancel choirs and clarinets; organ offertory, "While Shepherds Watched"; anthem, "The Shepherd's Story", Martha Hoover, Dennin Leach, Jr., Lee Addie, soloists; recessional, "Angels We Have Heard on High"; organ postlude, "March of the Magi".

Mt. Carmel's One-Year Patient Fills Day With Telephone Calls

ONE OF TWO HOBBIES that Judy Hahn has taken up to fill her hospital life is her daily telephone calls to ex-patients. Her other hobby is eating . . . eating . . . eating. Here she is shown talking to her friend "Mr. Stanley."

"Hello . . . Mr. Stanley? This is Judy!" This is the typical beginning of a telephone conversation that has become a daily ritual in the life of nine-year-old Judy Ann Hahn, a patient at Mt. Carmel Hospital for nearly a year. She is said to have stayed in the hospital longer than any child in Mt. Carmel's history.

"Mr. Stanley" is an ex-patient of the hospital whom Judy calls nearly everyday. She checks his progress and keeps him posted on happenings around the hospital. He is just one of the many friends Judy has made during her stay in Mt. Carmel. Sister Renalda, of the hospital, said that Judy is making the telephone company "rich" with the dimes she spends everyday to call to her various ex-patient friends.

Struck By Auto

Judy came to the hospital on Jan. 22 of this year — the day she was struck by an auto. She had been on her way to school in West Lafayette, O., her home town, when she discovered she had forgotten her reading book. Judy turned around and started for home but was hit by a car while crossing a street.

She suffered a severe brain injury and a broken leg and remained unconscious in the hospital from January until early spring. Late in April she began smiling and on the first of June said her first word. By August she was able to take a few steps by herself.

Mrs. Louise Williams, physiotherapist at Mt. Carmel, began working with Judy by teaching her to talk and walk again. According to Louise or "Mommy" as Judy has labeled her, the girl has made fine progress in the past few months but will need more advanced therapy before she can return to a normal life again.

Was Fed With Tube

Judy was fed through a tube for many months and later took food through the mouth with the aid of nurses. She fed herself for the first time since the accident on Aug. 15 and ordered a fantastic meal of crackers and butter and hotdogs!

Since that time she has made eating one of her chief activities according to Louise.

Nurses in the hospital have taken Judy on little shopping trips to let her out of the hospital for a while. She visited Santa Claus in a downtown department store and surprised the old fellow with a request for a monkey! Sister Renalda was relieved to find that Judy meant a stuffed monkey.

Judy's main desire, however, is to go back to her home, parents and six brothers . . . and especially to school. In the meantime she goes on with her daily visits to patients around the hospital.

Visitors Brighten Life

One Brownie Troop planned a special Halloween party for Judy to brighten her life. Members of the troop stop to see her frequently. Room 723, her room, has been literally filled with toys, dolls and games from ex-patients and friends.

After the first of the year, Judy is scheduled to be moved to Nightingale Cottage for more therapy. Mt. Carmel's staff is hoping that she will remain there until after Christmas because they have become so attached to her. Despite all the attention she receives at the hospital, Judy has remained comparatively unspoiled, said Louise.

Police officer Carl Eugene Clark, 29, of 860 S. Richardson-av, suffered rib and hand injuries when an auto crashed broadside into his cruiser at Reeb-av and S. Fourth-st Saturday evening.

The patrolman was held in Grant Hospital for X-ray until late Sunday when he was released.

Woman driver of the other car was cited for drunk driving and failure to yield at a stop sign, said police.

Turkey is a favorite holiday treat, so be sure your bird is tailor-made to fit your family's holiday appetites and plans.

Birds are plentiful at this time of year and most stores are stocked with birds ranging from 8-pound hens to 27-pound toms. A young turkey weighing between 4 and 6 pounds is ideal for a small family. For a slightly larger number, a young hen or tom weighing from 10 to 16 pounds will provide ample servings.

Allow at least one pound of uncooked bird per serving. If you plan two dinner parties, it's wise to buy a larger bird, cut it in half and store half in a locker or home freezer.

Select your bird carefully. A tender, juicy bird will have plenty of finish, or fat. This fat is most noticeable in the feather tracts, but should cover the entire bird. The best turkey has moderate depth and a well-fleshed breast carrying well back between the legs. A broad back and short drumsticks also mean more meat per pound.

A well-fleshed bird has a broad, flat breast and enough flesh over the back, legs and thighs to make all parts of the dressed bird blend together, with no prominent bones.

Holiday Decorations

Instead of the conventional wreath on the outside of your door why not string some balls and tree ornaments on narrow baby ribbon and hang from a huge red bow?

Make your door and window frames bright and cheerful by framing them with ribbon and sprigs of holly. Hang the ribbon in festoons across the curtains and tie at the sides in wide sash bows for colorful effect.

While Joseph and Mary were at Bethlehem, the days for her to be delivered were fulfilled, and she brought forth her first-born son, wrapped him up in swaddling clothes and laid him in a manager. (From the second chapter of St. Luke.)

Brilliant Star Heralds Birth Of Christ Child In Bethlehem Stable

King David Line Linked To Holy Son

GOSPEL OF ST. MATTHEW

And all the generations from Abraham to David are fourteen generations; and from David until the carrying away into Babylon are fourteen generations; and from the carrying away into Babylon unto Christ are fourteen generations.

Now the birth of Jesus Christ was on this wise: When as his mother Mary was espoused to Joseph, before they came together, she was found with child of the Holy Ghost.

Then Joseph her husband, being a just man, and not willing to make her a public example, was minded to put her away privily.

But while he thought on these things, behold, the angel of the Lord appeared unto him in a dream, saying, Joseph, thou son of David, fear not to take unto thee Mary thy wife.

And she shall bring forth a son, and thou shalt call his name JESUS: for he shall save his people from their sins.

Now all this was done, that it might be fulfilled which was spoken of the Lord by the prophet saying,

Behold, a virgin shall be with child, and shall bring forth a son, and they shall call his name Emmanuel, which being interpreted is, God with us.

Then Joseph being raised from sleep did as the angel of the Lord had bidden him,

And knew her not till she had brought forth her firstborn son; and he called his name JESUS.

Now when Jesus was born in Bethlehem of Judea, in the days of Herod the king, behold, there came wise men from the east to Jerusalem,

Saying, Where is he that is born King of the Jews? for we have seen his star in the east, and we are come to worship him.

(From the first chapters of the Gospel according to St. Matthew, with the omission of the verses recounting the genealogy of the House of David.)

Family Is Turned From Inn; Child Born In Manger Cradle

GOSPEL OF ST. LUKE

And it came to pass in those days, that there went out a decree from Caesar Augustus, that all the world should be taxed.

(And this taxing was first made when Cyrenius was governor of Syria).

And all went to be taxed, every one into his own city.

And Joseph also went up from Galilee, out of the city of Nazareth, into Judea, unto the city of David, which is called Bethlehem; (because he was of the house and lineage of David).

To be taxed with Mary his espoused wife, being great with child.

And so it was, that, while they were there, the days were accomplished that she should be delivered.

And she brought forth her firstborn son, and wrapped him in swaddling clothes, and laid him in a manger; because there was no room for them in the inn.

And there were in the same country shepherds abiding in the field, keeping watch over their flock by night.

And lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them: and they were sore afraid.

And the angel said unto them, Fear not: for, behold, I bring you good tidings of great joy, which shall be to all people.

For unto you is born this day in the city of David a Saviour, which is Christ the Lord.

And this shall be a sign unto you; Ye shall find the babe wrapped in swaddling clothes, lying in a manger.

And suddenly there was with the angel a multitude of the heavenly host praising God, and saying,

Glory to God in the highest, and on earth peace, good will toward men.

And it came to pass, as the angels were gone away from them into heaven, the shepherds said one to another, Let us now go even unto Bethlehem, and see this thing which is come to pass, which the Lord hath made known unto us.

And they came with haste, and found Mary, and Joseph, and the babe lying in a manger.

And when they had seen it, they made known abroad the saying which was told them concerning this child.

And all they that heard it wondered at those things which were told them by the shepherds.

But Mary kept all these things, and pondered them in her heart.

And the shepherds returned, glorifying and praising God for all the things that they had heard and seen, as it was told unto them.

An when eight days were accomplished for the circumcising of the child, his name was called JESUS.

And when the days of her purification according to the law of Moses were accomplished, they brought him to Jerusalem, to present him to the Lord.

And to offer a sacrifice according to that which is said in the law of the Lord, a pair of turtledoves, or two young pigeons.

And, behold, there was a man in Jerusalem, whose name was Simeon; and the same man was just and devout, waiting for the consolation of Israel: and the Holy Ghost was upon him.

And it was revealed unto him by the Holy Ghost, that he should not see death, before he had seen the Lord's Christ.

And he came for the Spirit into the temple: and when the parents brought in the child Jesus, to do for him after the custom of the law,

Then took he him up in his arms, and blessed God, and said,

Lord, now lettest thou thy servant depart in peace, according to thy word:

For mine eyes have seen thy salvation,

Which thou hast prepared before the face of all people;

A light to lighten the Gentiles, and the glory of thy people Israel.

And Joseph and his mother marvelled at those things which were spoken of him.

And Simeon blessed them and said unto Mary his mother, Behold, this child is set for the fall and rising again of many in Israel; and for a sign which shall be spoken against;

(Yea, a sword shall pierce through thy own soul also) that the thoughts of many hearts may be revealed.

And when they had performed all things according to the law of the Lord, they returned into Galilee, to their own city Nazareth.

And the child grew, and waxed strong in spirit, filled with wisdom and the grace of God was upon him.

Miracle Of Child's Holy Birth Is Foretold In Angel's Tidings

GOSPEL of ST. LUKE

There was in the days of Herod, the king of Judea, a certain priest named Zacharias, of the course of Abia; and his wife was of the daughters of Aaron, and her name was Elisabeth.

And they were both righteous before God, walking in all the commandments and ordinances of the Lord blameless.

And they had no child, because that Elisabeth was barren, and they both were now well stricken in years.

According to the custom of the priest's office, his lot was to burn incense when he went into the temple of the Lord.

And the whole multitude of the people were praying without at the time of incense.

And there appeared unto him an angel of the Lord standing at the right side of the altar of incense.

And when Zacharias saw him, he was troubled, and fear fell upon him.

But the angel said unto him, Fear not Zacharias; for thy prayer is heard; and thy wife Elisabeth shall bear thee a son, and thou shalt call his name John.

And thou shalt have joy and gladness; and many shall rejoice at his birth.

And many of the children of Israel shall he turn to the Lord their God.

And he shall go before him in the spirit and power of Elias, to turn the hearts of the fathers to the children, and the disobedient to the wisdom of the just; to make ready a people prepared for the Lord.

And Zacharias said unto the angel, Whereby shall I know this? for I am an old man, and my wife well stricken in years.

And the angel answering said unto him, I am Gabriel, that stand in the presence of God; and am sent to speak unto thee, and to shew thee these glad tidings.

And, behold, thou shalt be dumb, and not able to speak, until the day that these things shall be performed, because thou believest not my words, which shall be fulfilled in their season.

And the people waited for Zacharias, and marvelled that he tarried so long in the temple.

And when he came out, he could not speak unto them; and they perceived that he had seen a vision in the temple; for he beckoned unto them, and remained speechless.

And in the sixth month the angel Gabriel was sent from God in-

And the angel came in unto her, and said, Hail, thou that art highly favoured, the Lord is with thee: blessed are thou among women.

Jolly Old Santa Claus Prepares To Take Annual Christmas Trip

WELCOME GUEST. Just anyone would like to welcome this charming old gentleman into his home on Dec. 25. This Santa Claus (Andrew I. Stovall, 790½ W. Rich-st) is being helped by his wife who is preparing him for his annual visit to Alum Crest Hospital. He has made the trip to visit the patients at the hospital for the past 18 years.

• • •

Mr. and Mrs. Andrew I. Sovall, 790½ W. Rich-st, will be busy delivering 110 filled Christmas stockings to the patients on the third floor of the Alum Crest Hospital Christmas Eve.

Stovall has served as Santa Claus for the patients at Alum Crest for the past eighteen years. Mrs. Stovall is chairman of Crest Number 2, who have "the third floor" patients as their responsibility.

Stovall works along with his wife on the various projects which benefit the patients at Alum Crest Hospital. Five members of this Crest have already decorated the halls and rooms of the third floor. They also decorated and put up twelve Christmas trees.

Crest Number 2 was formed originally from a nucleus of interested church members of the old Gift Street Methodist Church, who had a church member as a patient at Alum Crest.

Crest chairmen assist the Women's Committee and serve at different times in the Hospital Gift Shoppe where patients receive a gift for themselves and one for a friend or relative free of charge.

In consideration of the patients who are incapacitated, carts of gifts are taken to the third floor in order that the patients may make their selections at their bedsides.

Members of Crest Number 2 reside on the Hilltop, in New Rome and on the West Side.

Players in the Hilltop YMCA Junior Intermediate Church Basketball leagues take vacations from their scheduled games until Jan. 6 when the Intermediate games begin again.

So far in the Junior League Westgate EUB, Hoge Memorial and Westgate Methodist have won their first games while Burgess EUB, West Park Methodist and Hillcrest Baptist Youth Fellowship lost their openers.

In the Intermediate Church league both Glenwood and West Park Methodist teams have won their two openers. Burgess EUB and West Sr. Hi-Y have each won one and lost one. Hoge Memorial and Westgate Methodist have lost both their openers.

Both leagues promise good action and close races if we can judge this early in the season.

West Sr. Hi-Y Club had a film strip presentation of the history and structure of Hi-Y led by Robert W. Schmidt, City Program Secretary for the Columbus YMCA.

West Jr. Hi-Y Club has voted to meet on Tuesday evenings in the new year beginning Tuesday, Jan. 7, at the Hilltop YMCA, 7 p.m. It is hoped that this change of day will make it possible for more members to participate in club meetings.

The members of West and Hilltonia Jr. Hi-Y Clubs are preparing to attend a City Jr. Hi-Y Rally Wednesday, Jan. 8, 7:30 p.m. at Central YMCA. Each club attending will have some sort of identification such as a banner, hats, signs, and will form a parade of clubs.

The Gra-Y Clubs sponsored by the Hilltop YMCA are eagerly awaiting the first of their league games Jan. 7 and Jan. 9 at Glenwood Methodist Church. Each team has had an opportunity to practice in the gym the last several weeks and are all ready to go into their league games following the vacation period.

Several special events have been scheduled for the vacation period; a scavenger hunt, mystery trip, movies and a special splash party for boys Jan. 3 (meet at the Hilltop "Y" at 1:15).

Everett Carfrey is the newly elected chief of the Shawnee Tribe. Tribe members are: Everett Carfrey and Pete, Miller Redman, Tom and Steve, Charles Hoover and Jeff, Bill Haines and Alex, George Barklow and Jeff.

The following is the schedule for the week:

Tues., Dec. 24 — Special feature movie at Hilltop YMCA, 2 p.m.

Wed., Dec. 25 — A Very Merry Christmas To All.

Thurs., Dec. 26 — Scavenger hunt — boys and girls — meet at Hilltop "Y", 2 p.m.

Fri., Dec. 27 — Mystery Trip — boys and girls — meet at Hilltop "Y", 2 p.m.

Sat., Dec. 28 — "Y" Indian dancing — Hilltop YMCA, 9:30 a.m.

Mon., Dec. 30 — "Y" movies for all — Hilltop YMCA, 2 p.m.

Tues., Dec. 31 — "Y" Square Dance Club — Central YMCA, 8:30 p.m.: "Y" boys' craft — Hilltop YMCA, 2 p.m.

SECOND PERFORMANCE

Remember the drama at Bethlehem,
The star over a stable of hay
When three of the players in disguise
Brought riches from far away.

Remember the light on the noble cast,
The hush on the lowly stage;
Little was spoken yet wonder will last
For the audience of each new age.

Though all of the actors, gone from the earth
Will never hallow our sight,
Will the glistening star that shone on that birth
Bend low again one night?
Bernice Ames, in The Lyric

CHRISTMAS YARN

"Christmas," she said, "is nothing but worry;
A string of tinsel to dim a star;
The whisper of feathers lost in a flurry
Of angel hair from a Ten Cent Store"
Then she fluted tissue until it pointed
A star for a glass of currant jam
And never saw that her love anointed
The ruby glass to a Wise Man's gem.
Her lips chattered of minutes timing
Heart beat wound with a skein of wool.
Doesn't she know the bells are chiming,
Marking the date of an infant's skull?

The Recording Angel frowned and nibbled
A quill as he watched from Celestial Height:
"She didn't worship," he wrote, then scribbled,
"The gloves she knitted warmed a heart."

Latvian Couple Count Blessings They Enjoy In The United States

HORROR OF THE WAR YEARS and a dangerous escape from Latvia are almost forgotten by Mr. and Mrs. Valrods Neilands, of 547 S. Wayne-av. Their thoughts are devoted mainly to their two and a half month-old daughter, Anita.

By Ray Shaffer

About this time eight years ago, a young Latvian couple landed in New York harbor and had their first glimpse of the United States.

Having just left war torn Germany, where people were still afraid to burn bright lights in their homes or stores because of their vivid remembrance of the bombings, this young couple was speechless at the sight of the bright Christmas lights, color and glitter of the holiday season in New York.

They were Valrods and Zenta Neilands, a couple without a country, who were on their way to Columbus, Ohio, to start life over again.

Drafted By Germans

Valrods didn't have much choice about leaving his native country — he was drafted by the Germans right on the street of his hometown and never saw his family again. It was during the World War II. German officers rode through Latvia taking any healthy looking man off the street and sent him back to Germany to work in factories.

Zenta left Latvia when the Russians invaded the country taking nothing but the clothes on her back. She hid in the woods for weeks eating berries or any vegetables she could find. She decided it would be better to go to Germany than stay under Russian tyranny.

During the war she worked for a German farmer who wasn't a Nazi. Following the end of the war when Germany was divided she made her way out of the Russian zone to an American DP camp where she met Valrods at a Christmas party. They married a year later and he went to work with a United States Army construction crew.

Their sponsor here, a Bexley woman, met them at the train and brought them to her home where they served as cook, chauffeur, gardener and butler for two years. Zenta had prepared a little speech of gratitude to deliver to their benefactors when she met them at the station. But she soon discovered that the American language was spoken very much unlike the English she had been taught in Latvia. She couldn't understand a word their sponsor said and was only able to say "good morning."

Their sponsor sent them both to Capital University to study English. They did well in the course and when they left the Bexley household Valrods went to work as a crane operator for the George Igel Construction Company where he has worked for almost six years. Zenta was employed by an insurance firm for five years in the office. She is now staying home with their two and a half-month-old daughter, Anita.

Buying Own Home

They have been Hilltoppers for some time residing at 547 S. Wayne-av. The Neilands are buying their home and have taken real pride in remodeling. Valrods said he's had a great time hanging wallpaper, laying tile, building cabinets and painting, all things which are completely new to him.

Married since 1947, the Neilands finally took their honeymoon trip in 1951 when they visited New York and Washington, D. C. Both have brothers in other parts of this country.

The Neilands became United States citizens in 1955 and said they love the country, Columbus and Hilltop!

Combat Training Over For Local Army Youth

Pvt. David L. Boggs, son of Mr. and Mrs. Proctor H. Boggs, 245 Cypress-av, has completed eight weeks of basic combat training under the Reserve Forces Act program at Fort Knox, Ky.

Boggs is a 1957 graduate of Watkins Memorial High School, Pataskala. In civilian life the 18-year-old soldier was employed by Tyler and Powell, Pataskala.

"No one will ever know what the freedom, happiness and opportunity we have found in America has meant to us. I'm glad our little girl was born here and is a citizen of this wonderful country," said Zenta, holding the baby up for the reporter and the proud father.

For Your Thoughts

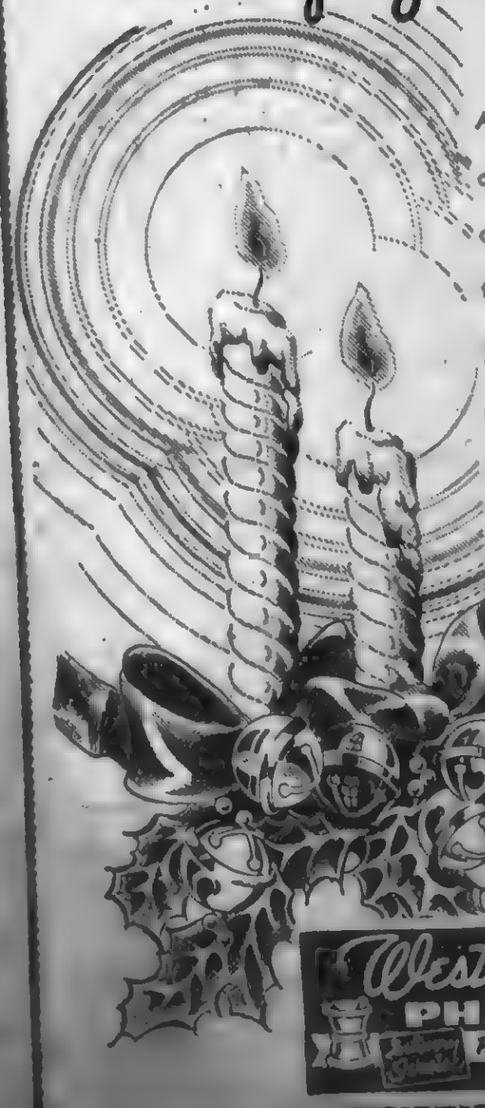
Question: Do you think the United States made a mistake in announcing our satellite before it was successfully [illegible]?

Mrs. Frank G. Gale, 42 E. Central-av: "I think it was a terrible error on our part to say anything about the satellite before we had gotten it into the air successfully. I don't know whether or not it has changed our prestige with other countries or not but it seems to me that it would."

Mrs. Phillip G. Haskell, 212 N. Terrace-av: "Yes, I do believe we made a mistake in our advance blast of launching a satellite. I think we should pattern some of our policies after other large countries and keep our scientific experiments a secret until they are completed."

James L. Cook, 1765 Belmead-av: "Yes, I believe we did make a mistake in publicizing our satellite before it was really completed and in the air. The Russians probably made the same mistakes with theirs but no one ever heard about it! Public opinion is an important thing and I think the U. S. should be more careful with the opinions being formed around the world due to our failure thus far in this field."

Mrs. Calvin Lutz, 680 S. Eureka-av: "Well, no, I don't think it was actually a mistake because I believe that the government has to keep the people posted on the projects they are planning. In this case I think it was more or less to let the people know that we were going to keep up with the Russians. It was a failure but at least the people know what the scientists are running into!"



Mrs. Norman Nickell, 165 N. Central-av: "Yes, I think it was a grand mistake on the part of the United States. Things of this nature should be kept a secret because in case of failure it would not be broadcast around the world. Frankly, I think it is one of the dumbest things this country has ever pulled!"

Holiday time again . . . and we take pleasure in wishing you and your loved ones a full measure of good cheer!

Superior Drug Store Boasts Wide Variety Of Services

The desire to go into business for himself caused Bob Henery to give up 13 years seniority with the Fairmont Ice Cream Company and open Superior Drugs, 2109 W. Broad-st.

Bob and his brother-in-law, Newt Davis, started the venture together 13 years ago. About four years ago they added the restaurant to their enterprise. An added plus to their service is the jewelry department including watch repairing. John Blackwood, Bob's father-in-law, handles this end of the business with 50 years of experience in the jewelry game.

The drug store and restaurant are taken care of by 11 full and part-time workers. Bob's wife, Marjorie, also works in the store which is really a family operation.

Hilltopper Since '19

Bob was born in Logan, O., and has lived on Hilltop since 1919. Following his graduation from West High School he worked in a machine shop and then sold life insurance before entering the Fairmont firm.

He and his wife reside at 2078 Sullivant-av. They have one son, Bob Jr., and four grandchildren.

Bob's chief interests outside the store are boating, golfing and bowling. Because his business provides little vacation time, Bob's traveling is limited to summer weekends to the Buckeye Lake cottage.

Bob Henery, Sr.

He is a member of HBA, Masons, Buckeye Lake Yacht Club and the Coast Guards. Bob and Marjorie belong to Hope Memorial Church.

Home accidents kill 3,200 farm residents each year.

Club Members Celebrate Yule

Eighty-five members and their families of Hilltop Conservation Club and Auxiliary gathered at DeMolay Hall for a Christmas party Dec. 7. A potluck dinner was followed by entertainment by Dickie Barrett, magician, and movies. Mrs. Charles Smith was in charge of arrangements for the auxiliary. Shown above perched on Santa's knee are Paul Raser, 120 Dakota-av, and David Blackburn, 266 S. Warren-av.

First Federal Association To Move In 1958

Plans for complete modernization of the business building at 63-73 E. State-st with first floor occupancy by a new tenant, First Federal Savings and Loan Association, were announced Tuesday.

Announcement followed signing of a long-term lease between officers of the savings and loan association and owners of the 99-year-lease on the entire building, Mr. and Mrs. Oscar L. Thomas, 4000 Lyon-dr, and Mr. and Mrs. Ben F. Hadley, 2438 W. Lane-av.

Willard C. Eidson is president of First Federal, Mr. Thomas is associated with his son in Oscar L. Thomas and Co., real estate brokers and Mr. Hadley is vice-president of Columbus Mutual Life Insurance Company.

First Federal's lease becomes effective July 1, 1958. After the remodeling it will move from nearby 53 E. State-st, downtown headquarters since 1935. Arthur C. Lenander, Hartman Theatre Building, is preparing plans for remodeling both exterior and interior for the new tenants.

The four-story structure, facing statehouse square between Hartman and Grand Theatres, has State-st frontage of 62.5 and a depth of 187.5 feet. It is known as the Cooper Building.

First Federal lease covers all of the first floor except an area including about one-fourth of the frontage and a depth of 80 feet which serves as lobby and elevator entrance for upper floors. Here the Thomases and Hadleys will start their phase of the remodeling, including air-conditioning, which will extend to all floors. Modernization will include a new front and a new elevator.

South end of the building will be torn down and ground space made available for parking.

Swisher Insurance Agency, now occupying the full second floor, is expected to remain there.

Firm Began Operations Here

First Federal began as the Hilltop Building and Loan Association in 1922 and it maintains an office at 2680 W. Broad-st, under management of Herbert G. Deems, secretary of the company since 1...

Mr. Eidson, who has been company president since 1927, has his headquarters at the Bexley office, 2450 E. Main-st. In charge of the downtown office is Paul J. Solomon, cashier for the association since 1937.

Eidson, Deems, and Solomon are directors, as are Dr. T. R. Fletcher, Dr. T. S. Fox and Morris Lopper. Dr. Fletcher, only director serving continuously since the beginning, is vice president of the company, which has now grown to an enterprise approaching 80 millions in assets.

The structure involved was originally known as the Fireproof Building, because it was one of the first such construction in Columbus. It at one time was headquarters for the Scioto and New England Railroad, later Norfolk and Western.

First Federal was represented in the transaction by Morris Lopper, 44 E. Broad-st, counsel for the association and one of its directors; Thomases and Hadleys by Paul A. Griffith, 17 S. High-st.

Ohio has gained over one million in population since 1950, say Ohio State University Extension rural sociologists.

Opens Office To Assist Businesses

General Services Administration, Chicago, Ill., has announced that as the purchasing agent and landlord for most federal agencies it has expanded its business assistance program to serve both large and small businesses in the Columbus area.

The GSA has established a Business Service Center at the United States Post Office and the Court House, Room 443. Roy W. Kleinkemper, 296 Lawrence-av, New Rome, will be the GAS representative in Columbus.

Business men will have a single contact point to learn first hand about GAS's assistance program; what products this and other Federal agencies are buying and where and how to offer their products for sale to these agencies. GSA will offer prospective suppliers a chance to take part through competitive bidding in providing supplies, equipment and services and materials for the national stockpile.

Business men may visit the Business Service Center at the Post Office or Court House from 8 a.m. to 5 p.m. weekdays or telephone Roy Kleinkemper at CA. 1-6411.

INSIDE ON THE Outdoors By ROD COCHRAN

The New Look For Hunters This Year Is Bright Yellow

One of the most interesting observations I've made during the hunting season this year is the trend to yellow in hunting togs. The traditional red hunting cap and jacket is giving way to the brighter color. This is particularly true among deer hunters. Some hunters are also using bright orange clothes.

This swing to yellow was prompted by the fact that researchers have found it is the most visible color in the woods. Red is not easy to see in poor light, even when the fabric is new and bright. Then too, one in every ten men is color blind. This is a frightening thought when you consider that red-green color blindness is the most common kind.

The flashy togs shouldn't spook game, for biologists claim that most wild animals cannot distinguish colors—everything looks grey to them. Extensive studies have been carried out on deer and dogs, and they always wind up with the same answer. They are both completely color blind. Experienced hunters will tell you that animals look for movements and not for colors.

Not Bulletproof, Though

They haven't discovered a color that is bullet proof yet, so the important factor in hunting safety is to be sure of your target. For heaven's sake don't shoot at movements in the brush, or at what you think is a squirrel or deer. Get a clear picture of game animals before you pull up your gun.

If you must wear red, however, the studies pointed out that neon red and fire orange, made of fluorescent dyes, were more visible than ordinary red.

Before next hunting season rolls around you will be seeing more and more bright yellow clothes in the sporting goods stores. Yellow boots were available this year. It won't be long until hunters will be tramping around in clothes more gaudy than the feathers of a cock ringneck.

Food Markets This Week

by Mrs. Estelle B. Franks

THIS WEEK SHOP FOR:

Holiday Foods — Citrus fruit, apples, dried fruits, popcorn, variety of cheeses, milk and eggs for eggnog, nuts, food for last-minute gifts.

After Christmas

'Tis the night before Christmas and you probably have done your food buying for the most festive meal of the year. When that event is over all of us will have to give some thought to food for meals and snacks for the rest of the holidays.

Fresh Fruits — Now is the opportune time to serve your most tempting fresh fruit salads and desserts. They are easy to prepare and add lightness to the heartier-than-usual holiday meals. And at this season you are lucky, because the supply of several season fruits is outstanding. Among the fruits more plentiful than usual in December this year are apples, winter pears, oranges and grapefruit. Bananas are good now and there are still fine Emperor grapes. Keep the fruit bowl full of shiny red apples and these wonderful fresh fruits, and watch them disappear.

Grapefruit — Versatile and still inexpensive, is now at its best in sweetness and flavor. Besides being refreshing and appetizing, it is one of our best sources of Vitamin C, the vitamin that we must have daily because our bodies cannot store it. Being low in calories is an advantage, too, at this season.

After you've tried all the ways you know of serving grapefruit halves and sections, try adding a scoop of orange sherbet in the center of a grapefruit half for a refreshing dessert. The new cocoanut flakes, either plain or tinted, are delicious with grapefruit and orange sections. Serve them very cold to bring out the nippy flavor. If you have received gifts of exotic fruits as avocados, persimmons or pomegranates, they will add appealing touches to both salads and desserts.

Confections For Children

If there are children in your family, the old tradition of making candy at home will show up during the holidays. Mothers often ask about candies simple enough for children to make and suitable for them to eat as well.

Dried fruit balls are among the confections that meet these specifications. They require no cooking. Simply grind or chop a mixture of dried fruits—apricots, raisins, prunes, dates or figs as desired. Add some orange juice and peel if you like. Then shape the mixture into balls and roll in powdered sugar. For variety roll in shredded cocoanut, graham cracker crumbs, or corn flakes. The blend of different dried fruits gives these confections an attractive flavor. They offer good nutritive value along with the natural sweetness of the fruit. And they're so easy to make!

Some other confections suited to children's making and eating: popcorn balls, sugared popcorn, and prunes or dates stuffed with nut meats. Your small fry will love sharing these goodies with their friends.

GRANDMA'S HOUSE

Sugar 'n Spice, Everything Nice!

HOW LONG WILL IT LAST? . . . is the question Mrs. Ethel Buell, of 2166 Sullivant-av, is asking herself concerning this candy house she made for her grandchildren, Debbie, 7, and Eddie, 3. She got the idea for the house from the front cover of McCall's magazine. It took 11 hours to complete and 407 candy wafers for the roof alone! The house itself is made of four pounds of block sugar, windows of square cookies and ice cream cones and gumdrops make up the trees. Icing was used as mortar. Debbie and Eddie should have a ball nibbling at this Christmas gift! "I hope they leave it alone for a few days at least," said Mrs. Buell.

Notice Those Christmas Oil Paintings? . . . . Meet The Artist

SNAPPED IN THE ACT! This photo was taken of Wick Leonard while he was busy painting a Christmas scene for a Columbus merchant. Wick says it takes him about an hour and a half to complete a store window. No matter how busy he is, he always finds time to talk to the children that gather to watch him paint.

TELEVISION SETS in this store window find themselves surrounded by an attractive winter scene along a rural stream. This and many other window paintings have kept Wick Leonard busy all over Columbus this Christmas season.

By Ray Sheffel

Colorful, though it's a tired word, is the only one that would really describe the life led by Wick Leonard! Oil painting, roping, horsemanship and animal training have all played their part in his career which began in the Buffalo Bill Circus when he was a child.

One of the last of the Leonardos, a European family of artists dating back 300 years, Wick gained his art skill mainly from his father, an advertising painter with the famous western circus.

Wick has been painting murals, decorating private homes and public buildings for the past 55 years all over the country. He said he has examples of his art work in most cities between Seattle, Wash., and Boston, Mass. Just last week he received a letter from a firm in Denver, Colo., asking him to come out there to do a painting. Wick said he declined because he is kept so busy in Columbus painting Christmas scenes for store windows.

Has Painted Here 25 Years

He began this phase of painting about 25 years ago on Sullivant-av. His window paintings are familiar to most everyone living in or passing through the West Side or Hilltop. A Hilltopper himself, residing at 136 Mix-av, Wick said there aren't many artists left who will paint in oils on plate glass because of the difficulty in covering mistakes on the hard surface.

A freehand painter, Wick carries 60 mixed shades of oil paints when going on a window assignment. He also takes along his unusual assortment of brushes, most of which the average "do-it-yourselfer" would have thrown out long ago.

Bill Coon, now an employe of the Hartley Publishing Company, owned a gas station some years ago and had Wick paint one of his large show windows for the Christmas season. One of Bill's patrons so admired the painting that after the holiday he returned and bought the painted plate glass window from Bill and replaced it with a new one!

Wick's wife, Virgie, to whom he has been married 40 years, always accompanies him on his painting assignments. According to Wick, she is his best salesman. The Leonards have three sons, one of whom, Bob, now owns a circus. Until recently, Wick and Virgie attended most of the local fairs demonstrating his painting technique and selling his pictures.

Wick said if he were to teach art he would have his students take psychology for two years and then a year of salesmanship followed by a trip to the "ten-cent" store for paints and brushes! He maintains that being an artist is about 90 per cent salesmanship. From Wick's conversation one quickly gathers that he thinks the so-called modern artists are a group of talented but confused people!

Born in Plain City, O., Wick has had show business bred into him and is still interested in every phase of the game. When he worked for the Buffalo Bill Circus he trained horses and dogs, did fancy rope tricks and of course took care of the special art work.

Loves Animals

Animals have been a great source of enjoyment through life said Wick who even now trains them for various leading animal acts around the country. He has a great variety of pets living in and around his home.

For many years Wick attended many Boy Scout camps throughout the United States teaching rope tricks, horsemanship and the handling of rifles.

Wick wouldn't disclose his age but regardless of the amount of years he may have to his credit, he still seems very young in heart and gets a thrill from the bright-eyed youngsters who stand for hours to watch him paint.

CHRISTMAS GREETING IN OIL greets motorists who purchase gasoline and other products from this W. Broad-st service station. Wick Leonard, who recently painted this for the owner, said that after Christmas he makes his rounds of his painted store windows, and scrapes the paint off for the merchants.

FAMILIAR TO SULLIVANT-AV motorists is this religious painting on a service station show window that was done by Wick about three years ago. This same painting was done in this window before but a windstorm broke the window. The owner had Wick paint several others but passers-by asked for the original painting to be returned. Wick painted the scene again where it remains throughout the year.

Two Hilltop Servicemen Complete Drafting Course

Hilltop Army Privates William A. Ives and David M. Key recently graduated from the 14-week construction drafting course at the Engineer School, Fort Belvoir, Va.

Ives, the son of Mr. and Mrs. Fredrick J. Ives, Sr., of 617 S. Warren-av, entered the Army in July of this year and was last stationed at Fort Knox, Ky. He is a 1957 graduate of West High School and was employed by Thomas Engine and Survey Company in civilian life.

Key, the son of Mr. and Mrs. David M. Key, 785 Chestershire-rd entered the Army last May. Dave, 18, is a 1957 graduate of West High School and was employed by Westinghouse Electric Corporation in civilian life.

Two OSU Grads, Ex-ROTC Cadets, Enter Air Force

Thomas G. Artman, 1596 Highland-av, and David E. Harris, 135 Clarendon-av, were among the 26 Ohio State University graduating seniors who were commissioned as officers in the nation's armed services during the Autumn Quarter commencement Dec. 20, in the St. John's Arena on the campus.

Both men had completed four years' training in the Air Force ROTC. Col. Kenneth A. Cunin, professor of military science, was in charge of the commissioning ceremony and administered the oath immediately preceding the close of commencement exercises.

Appearing in the Nativity scene on the front page of this special Christmas issue are three members of one family . . . Elden and Billie Scott and little daughter, Lynn. They live at 2843 Dibblee-av.

The Scotts were among 80 members of the Hilltop Church of God, 635 Whittethorne-av, who, for the fourth consecutive year have presented a Christmas tableau in the church yard. The pageant, complete with live burro and sheep and a moving star, was given three different nights.

Jackpot Is Valued At $55 Today

Fred Hinderer, 175 S. Sylvan-av, discovered that collecting "Confederate" money is just as easy as we promise. He spotted a $1 insignia in his copy of last week's newspaper and exchanged it at the Record office for a "Confederate" bill.

Nine other $1 insignia as well as the big jackpot insignia went begging. No jackpot winner last week means an additional $5 is added to the sum, increasing the insignia value to $55.

As usual, ten $1 insignia are printed on ads in ten other copies of the newspaper.

Any subscriber whose name appears on our records as having paid in advance or on his carrier boy's route book as a paying subscriber is eligible to collect "Confederate" money.

Newspaper containing lucky insignia may be redeemed at the Hilltop Record office before noon on Saturday.

Employes or carriers of the newspaper and members of their families are not eligible.

Double Ring Wedding Rite Unites Kay Skipper And David Guyton

Glenwood Methodist Church was the scene of the wedding of Miss Kay Louise Skipper and Mr. Harold David Guyton. Rev. Joseph Shellhaas officiated at the double-ring ceremony before an altar decorated with two large baskets of yellow mums and candelabra.

Given in marriage by her father, the bride wore a waltz-length gown of Chantilly lace de- [illegible] with a softly scalloped sabrina neckline, brief sleeves and fitted basque bodice. Handkerchief points of Chantilly lace fell over the bouffant skirt of nylon tulle.

Her ballerina-length veil of silk illusion was caught to a half-hat of Chantilly lace edged with pearl-scalloped looping. She carried gardenias and pink sweetheart roses on a white Bible.

Miss Betty Morris was maid of honor and Mrs. David Skipper of Tucson, Ariz., sister-in-law of the bride, Mrs. Bill Pansner and Mrs. Phil Edwards were bridesmatrons. Miss Ellen Gorsuch served as junior bridesmaid.

They were identical gowns in capucine taffeta designed with scoop necklines, fitted bodices and Edwardian inspired skirts, terminating in soft back drapes. Each wore a matching capucine feather bandeau and carried colonial bouquets of rust chrysanthemums and yellow sweetheart roses.

Mr. Larry Rothwell served as best man and Mr. David Skipper, brother of the bride; Mr. Neil Webb and Mr. Phil Edwards were ushers.

Mrs. Skipper, the bride's mother, wore a navy blue ensemble of crepe with rose satin and bead trim and rose accessories, with a corsage of pink sweetheart roses. Mrs. Guyton chose a blue shadow ensemble of crepe with satin piping, blue accessories and a corsage of yellow sweetheart roses.

A reception followed the ceremony at the church. Hostesses were Mrs. Fred Bowman, Mrs. Charles Gille, Mrs. Ronald Bolin, Mrs. John Merrison and Miss Maureen Krems.

The bride is the daughter of Mr. and Mrs. George Skipper of 487 South Burgess-av. She is a graduate of West High School and is employed by Columbia Gas System Service Corp.

The bridegroom is the son of Mr. and Mrs. Harold Guyton, 143 S. Princeton-av. He is a graduate of Central High School and is recently home from a tour of duty in Korea. He is now employed by Kinnear Manufacturing Company.

Following a wedding trip to Fort Lauderdale, Fla., the couple is residing at 306 Wrexham, Apt. 2.

LETTER TO THE EDITOR

Ex-Hilltoppers Send Message From Sidney

Christmas Greetings to our friends in the places where we have lived. "For unto us a child is born, unto us a son is given; and His name shall be called, Wonderful, Counselor, The mighty God, The everlasting Father, The Prince of Peace."

We are approaching the time when our minds turn back to the day when our Lord and Savior was born, and we pause to render unto Him our praise with singing Christmas carols — and in our minds and hearts join the Angelic Choir in singing, "Glory to God in the Highest, and on earth, peace, good will toward men."

We shall never forget the true friends with whom we have had the privilege to associate in Troy and surrounding community and also in Columbus, but especially at this season of the year. While sitting in our room in The Dorothy Love Presbyterian Home near Sidney, O., we reminisce over the past and recall the many happy experiences we have enjoyed and the blessings received from our friends.

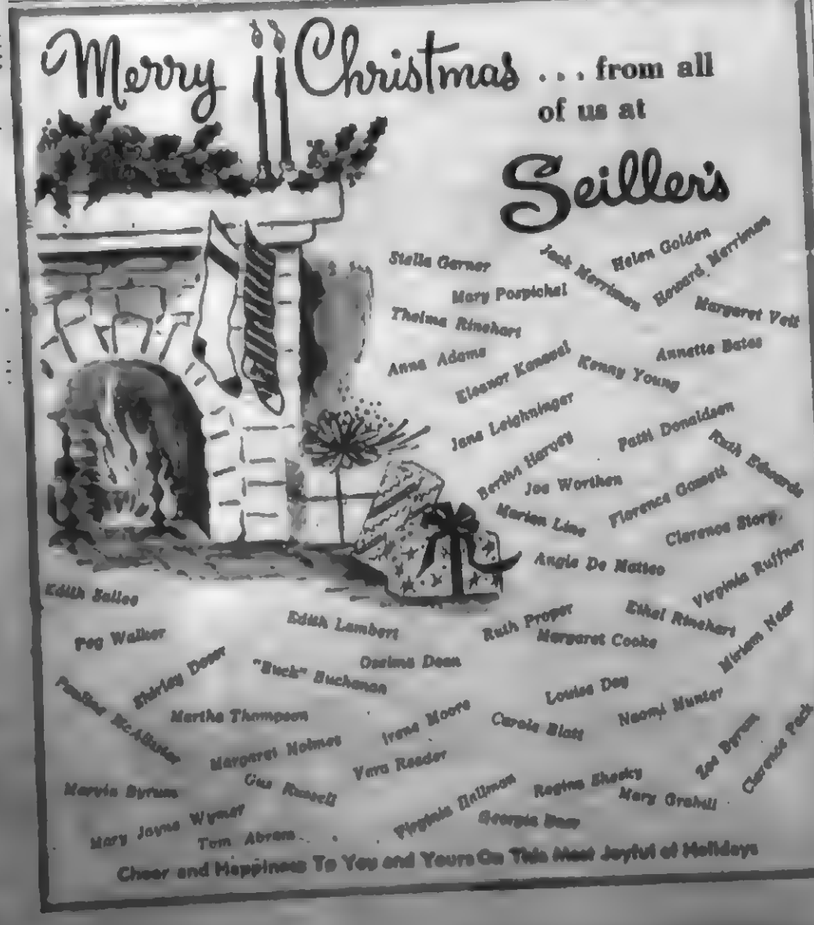
Nothing would please us more than to clasp your hands and extend to you the season's greetings.

Since that is impossible, we resort to the newspaper column to wish all a Merry Christmas and a Happy and prosperous New Year.

With those few words we quote the following:

Friends as Fine as You

"At Christmas time, When joy bells ring,
And hearts are light and gay,
We turn the pages back again,
For just one fleeting day.
And there t' friends of yesterday
Pass by in swift review,
It's something to have loved and known,
Friends as fine as you.



Sometimes the skies have been overcast,
The sun refused to shine,
Sometimes the road has weary been,
And hope was on decline,
But always came the cheery thought,
And courage would renew,
For it's something to have lived and known,
Friends as fine as you,

At Christmas time when hearts rejoice,
And all the world seems fair,
When selfishness is put aside,
We've happiness to share,
May fortune smile on you and yours
And light your path anew,
It's something to have lived and known,
Friends as fine as you."

COME TO CHURCH for CHRISTMAS SERVICES

Not A Necktie In The Bunch!

A MOUNTAIN OF GIFTS, 446 to be exact, were donated by the Hilltop Kiwanis Club for the Columbus State Hospital, plus 311 dozen cookies for the State School. These gifts, plus 200 phonograph records, included various personal items such as toilet articles, combs and jewelry. It was pointed out that there were no neckties among the gifts because the patients are still well supplied with some 1500 given them by the Kiwanians last year! Getting ready to deliver the presents are: Dr. S. E. McNamee, left, assistant chairman for the project; Robert Cramer, chairman; Victor Ewald, co-ordinator of Volunteer Services for the Columbus State Hospital.

Charge Pair Involved In Wild Gun Spree, Auto Chase Here

James Myers, 20, and Walter J. Jenkowski, 27, both of Buffalo, N.Y., charged with the shooting of State Highway Patrolman A. P. Giuffre, were bound over to the Franklin County Grand Jury, Saturday, under a maximum bond of $50,000 each.

Both men waived preliminary hearing before Municipal Judge Wilbur Shull. They were charged with shooting with intent to kill.

Giuffre, of 1060 N. Hague-av, suffered five wounds, one in the arm, two in the upper chest, and two in his wrist, from at least three bullets. He is listed in fair condition in Mt. Carmel Hospital.

Myers was arrested two and a half hours later near Kirkersville after a wild chase and an auto crash. He admitted firing four shots into Patrolman Giuffre Thursday, 2 a.m. after Giuffre attempted to question the pair at George's Drive-In Restaurant, 5960 W. Broad st.

Captured East of City

Jenkowski was captured Thursday afternoon walking along a country road near Kirkersville after an extensive manhunt by 60 state patrolmen and deputies from three counties.

They admitted taking a car in New York in early November and going on a cross-country crime tour that took them to the West Coast and back to Columbus.

After fleeing the wounded patrolman, the two men drove to Williams Sohio Service Station, 2421 Sullivant-av, where they stole a truck. They unsuccessfully tried to steal a car at Bill White Motors, 2661 Sullivant-av and then drove to Rodenfels' Used Car lot, 535 W. Broad-st wher they stole a 1956 convertible.

Patrolmen spotted the speeding car which they drove through the city towards Kirkersville on Route 40. The convertible crashed an area barrier and came to a halt. Myers was discovered lying on the ground about 50 feet from the abandoned car. Jenkowski escaped in the dark. He was later found along the country road faking fence repairing with a stick.

Not A Necktie In The Bunch!

A MOUNTAIN OF GIFTS, 446 to be exact, were donated by the Hilltop Kiwanis Club for the Columbus State Hospital, plus 311 [illegible] for the State School. These gifts, plus 200 phonograph records, included various personal items such as toilet articles, combs and jewelry. It was pointed out that there were no neckties among the gifts because the patients are still well supplied with some 1500 given them by the Kiwanians last year! Getting ready to deliver the presents are: Dr. E. E. McNamee, left, assistant chairman for the project; Robert Cramer, chairman; Victor Ewald, co-ordinator of Volunteer Services for the Columbus State Hospital.

Charge Pair Involved In Wild Gun Spree, Auto Chase Here

James Myers, 20, and Walter J. Jenkowski, 27, both of Buffalo, N.Y., charged with the shooting of State Highway Patrolman A. P. Giuffre, were bound over to the Franklin County Grand Jury, Saturday, under a maximum bond of $50,000 each.

Both men waived preliminary hearing before Municipal Judge Wilbur Shull. They were charged with shooting with intent to kill.

Giuffre, of 1060 N. Hague-av, suffered five wounds, one in the arm, two in the upper chest, and two in his wrist, from at least three bullets. He is listed in fair condition in Mt. Carmel Hospital.

Myers was arrested two and a half hours later near Kirkersville after a wild chase and an auto crash. He admitted firing four shots into Patrolman Giuffre Thursday, 2 a.m. after Giuffre attempted to question the pair at George's Drive-In Restaurant, 5960 W. Broad-st.

Captured East of City

Jenkowski was captured Thursday afternoon walking along a country road near Kirkersville after an extensive manhunt by 68 state patrolmen and deputies from three counties.

They admitted taking a car in New York in early November and going on a cross-country crime tour that took them to the West Coast and back to Columbus.

After fleeing the wounded patrolman, the two men drove to Williams Sohio Service Station, 2421 Sullivant-av, where they stole a truck. They unsuccessfully tried to steal a car at Bill White Motors, 2661 Sullivant-av and then drove to Rodenfels' Used Car lot, 535 W. Broad-st wher they stole a 1956 convertible.

Patrolmen spotted the speeding car which they drove through the city towards Kirkersville on Route 40. The convertible crashed an area barrier and came to a halt. Myers was discovered lying on the ground about 50 feet from the abandoned car. Jenkowski escaped in the dark. He was later found along the country road faking fence repairing with a stick.

Complete list of gifts offered and Derby rules will be published in next week's edition.

Small Fry Set Delighted With Visit From Santa's Steeds

CAN THEY REALLY FLY—Most noble animal of all to the small-fry set is, of course, the reindeer. Students at Westgate School had the thrilling opportunity to see and pat Santa's steeds Friday. The reindeer were from Great Western Shopping Center.

Season Has Added Meaning For Teacher Who Visited Holy Land

Scene of the nativity has taken on a new realism for Miss Ruth Michaelis, 177 N. Terrace-av, who visited the sites legend claims as scenes of Christ's life this summer.

Events of the first Christmas seem more fascinating this year than ever before to Miss Ruth Michaelis, fifth grade teacher at West Broad Street School. As a member of an archaeological study group, she toured the Holy Land during the summer months.

* * *

As one of a 42-member group, sponsored by the Seventh Day Adventist Church, Miss Michaelis visited 16 countries during the summer. She left New York on June 9 and returned Aug. 30.

She describes the experience as, "It's most impressive, as anyone would expect it to be, to walk the same paths, see the same countryside as Jesus did."

"The cave we explored wasn't the first one in which they found Dead Sea scrolls. Parchments in this cave hadn't even been sealed in jars, but were placed in niches of the walls.

"It is supposed that the men who copied the Scriptures and placed them here were hurried; Roman armies were nearby. Impressions in the walls that the scrolls had made are quite visible."

The tour was a working trip with lectures scheduled along the way. Miss Michaelis was able to earn six credits of college work for participation in the tour. She and two doctors were the only members of the group who were not connected with the Adventist ministry as teachers, students or ministers.

Highlights of the summer included visits to Mt. Sinai, a strenuous trek along the same road Moses led his people, Bagdad, ruins of Babylon and the ancient city of Ninevah.

The tour disbanded in Athens, and Miss Michaelis made brief stops in Germany, Holland, Denmark, Norway, and Sweden on her way home.

Among highlights of the trip were visits to the Church of the Nativity, supposedly built over the stable where Christ was born; a walk through the street He followed to the cross; Church of the Holy Sepulchre built on the site claims for the crucifixion, service in the garden tomb area and vesper services in the Garden of Gethsemane.

An exploration of the caves where dead sea scrolls were discovered proved most interesting to the group, as did a visit to Mt. Olive.

Globetrotters Bop 'Cats; Birds Jar Aces, 27-21

Steve Prater scored seven points as the Jr. Globetrotters downed the Wildcats 19 to 13, in the Junior Basketball League at Glenwood Center. Ken Bradley tallied eight points for Wildcats.

Don VanOrder, Sam Link, and Carl Graves combined efforts to lead the Jailbirds to an upset 27 to 21 victory over the Aces. Goodin and Logue scored six points apiece for the Aces.

Hennick Given Cash Award For Service

George P. Hennick

"It couldn't have come at a better time," said George P. Hennick of his $300 award received for outstanding service in the office of Internal Revenue Director, Nathaniel Looker. Hennick was given the money as a government "thank-you note" for uncovering cheating in tax returns.

Looker said of Hennick, "This special agent's investigative efforts in several cases resulted in court sentences totaling six years imprisonment, $15,000 in fines and successful initial criminal actions in two violation areas that will have a strengthening effect in the enforcement activities of the Columbus District."

Hennick, who is married and has four children, resides at 242 Nashoba-av. When asked what plans he had for the money, he replied, "It's gone already! With four children at Christmas time that should explain where it went!"

W. Llewelyn To Preside Over Council

W. Wesley Llewelyn was sworn in as new president of the 1958 Columbus City Council Monday morning as part of Mayor M. E. Sensenbrenner's annual Christmas program.

Llewelyn, district manager of the Union Central Life Insurance Co., was first elected to council two years ago, the first Democrat in 12 years to gain a council seat. He has served as chairman of the Finance Committee.

Before entering the insurance business, the Hilltop councilman was employed by the New York Central Railroad for 26 years as passenger sales representative.

He attends Westgate Methodist Church and is an active member of the Elks, Moose, Agonis Club, United Commercial Travelers, Press Club of Ohio and Masonic bodies.

BOLZ REMODELS

A permit has been given to John Bolz of 201 Demorest-rd. that allows him to remodel a frame dwelling. The contractor is the Franklin Construction Company.

Dr. Albrecht Leaves State School Post

Dr. C. Earl Albrecht announced Saturday he has accepted appointment as deputy director of the Pennsylvania Department of Health, effective Jan. 15. He is now clinical director of Columbus State School.

Dr. Albrecht's present job pays $16,000 a year. While serving as acting director of the Department of Mental Hygiene and Correction his salary was $18,000. He said his new position will pay $18,000 and will also provide for lecturing at the University of Pittsburgh's school of public health.

A graduate of Moravian College, Bethlehem, Pa., and Jefferson Medical College, Philadelphia, Pa., Dr. Albrecht came to Columbus in 1956, after serving as health commissioner for Alaska for 21 years. He has also had three years residence training in general surgery at Abington Memorial Hospital, Philadelphia.

Dr. and Mrs. Albrecht and their two children, Jane, 17, and John Richard, 13, reside at 3243 Scarborough, Upper Arlington, where they will remain until the close of the school year.

Dr. Albrecht said the appointment came as a complete surprise and that he was happy about the opportunity. He added that he had enjoyed Columbus and that the State School had been a very pleasant place in which to work.

The next regular meeting, Capitol City Barracks 461, will be held Sunday, Jan. 5 in the New Veterans Memorial Building, at 2 p.m.

The Board of Administration, Department of Ohio will hold it's next meeting in the same location, starting at 9 a.m. on Sunday, Jan. 12.

Lunch will be served at the board meeting by the Auxiliary of Capitol City Barracks 461.

'LA FETE DES ROIS'

What Is Ahead In the Next Year?

All about us today there is a feeling of some uncertainty for what is ahead in 1958. There have been some reductions in employment and some economic factors might cause such feeling.

But perhaps '1958 will go down in history as a good year . . . one in which we took time to come to our senses.

Perhaps it is time that we will all be better off with a leveling off in our economy. Maybe it is time to realize that there are no particular advantages in making more money if you still end up by having nothing more.

Maybe it is time that we realize that we have been living in a false economy. Perhaps if we slow down in our living we will live longer and enjoy that life much more.

Can there be any doubts that we are overdue in taking steps that will establish our nation at a leader among nations because of what we have to offer in our spiritual leadership and attention to other peoples needs rather than because of our material wealth and our progressive race toward economic bigness?

And isn't it time that we slow down long enough to take inventory of what should be our major national interest . . . the welfare of our children?

True enough the books show that our children have fared well in what we have provided for them . . . better health, better schools, etc. But have we given them what is needed to develop a spiritual and moral heritage?

The new year will be a fine

Poolroom Owner Cheated Death Twice During Flood, Earthquake

By Ray Shaffer

One man who got as far as the morgue and was pronounced dead is still living to tell about the two nightmares of nature that nearly ended his life years ago.

Cleveland A. Turney, former West Sider now a resident of Hilliards, was in San Francisco during the earthquake of 1906 and was trapped in his home at 108 Glenwood-av during the flood of 1913 which swept the West Side.

After the flood, Turney was found in a tree and was taken to the temporary morgue in Green Lawn Cemetery for dead. They were about to embalm him when a small boy noticed a twitch in his neck. He was treated, revived and sent back home. The incident was mentioned using Turney's name in a book called "America's Greatest Flood and Tornado Calamity" which was copyrighted in 1913.

Before the water had actually started coming into the West Side, Turney sent his wife and daughter to the Hilltop for safety. He started for the Gas Company where he worked at the time but had to return to his home because the dam had broken.

House Only Year Old

Two neighbors joined him in his home to wait for the water to subside. Turney had just had the house built the year before and it was the last house on Glenwood-av to go down. Turney was making preparations to leave the floating house by the bathroom window when another house came gliding by and rammed his. Five people from the other house climbed through the adjoining bathroom windows into Turney's house.

Of the eight people in his house, only three survived the flood, said Turney.

On his way to the Phillipine Islands with the Army in 1906, Turney arrived in San Francisco the day before the tragic earthquake. He and the men in his company were supposed to report to their boat the following day. But the next morning the earthquake came and the city became a flaming furnace in a few hours. All service men were ordered to stay and arrest looters and theives who were making the most of the calamity.

Remembers Quake Aftermath

Turney said it was terrible to think of that day in San Francisco. Men were stealing jewelry and money from the dead in the street and ransacking houses everywhere. "Both the quake and the flood seem like horrible dreams now, I'm hoping nothing else of that sort happens in the remainder of my life," added Turney.

An orphan born in Georgetown, O., Turney came to Columbus when he was seven years old. After leaving the army in 1906, he married and went to work for the Gas Company. He and his wife, Junia, have one daughter, Lucille, who is now Mrs. Harry Miller. She and her husband live with Turney and Junia at 201 Norwich-st in Hilliards.

Following the flood, Turney moved his family to Hilliards and opened a restaurant and billiards room at 17 Main-st where he is still located. He expects to retire shortly and sit back and enjoy life, "until the morticians take a second crack at me," added Turney.

ON NEW YEAR'S DAY, when some people look ahead and others look to the past, Cleveland A. Turney recalls a past sparked with the adventure of two close brushes with death. He now looks to a quieter future!

'Dear Son'

Chittlin' Switch, Sunday night

Dear Jason

Just received your letter telling us that you're having such a fine time out there in Europe on that cruiser boat.

I was wondering the other day if your captain could be old Jeb Gooch who used to be part time handy man in Abe Gubes' saloon. Jeb used to be handy with boats and had a rowboat that he took out regularly on Loon Lake when he went fishing. The next time you are having lunch with the captain in his cabin you might ask him. It would be such a coincidence.

You remember a couple of weeks ago I told you about Tom Sprowl's wife hauling him into court for a divorce on account of he beat her up every time he came home drunk? Well, the case came before the District Court the other day and after the judge got through hearing the evidence he told Tom that he was granting his wife a divorce and told him further that he was awarding the wife $50 a month. Tom told the judge it was very kind of him that he'd try and give her a few dollars from time to time, too.

I don't know what to do about your poor sister, Morphine. She has an unhappy married life. Your brother-in-law, Twill, never pays her a compliment. The other day when Twill came home from work your sister was in tears because she had baked a big cake and put it outside to cool and the dog ate it. When she told Twill what happened he told her to quit her blubbering as the dog was old, anyway.

This you'll be interested in! You remember that girl you used to go with from Pasture Flats? Well, you'd never know her she's gotten so fat. In fact, she finally got so big she had to put a corset on to get into a housecoat.

She was supposed to get married last week and Monday the Chittlin' Swith DAILY BUGLE printed this item in the society column: "The bride wore a full length white dress; white veil and carried a bouquet of roses. The groom didn't show up."

Guess that's about all for now. Oh, yes. Grandmaw Sludge had to go to the hospital for a delicate operation. While she was on the operating table the doctor told her he was going to be frank and pointed out that only one in a hundred ever recovered from the operation she was to undergo. He ended up by asking her if there was anything she wanted him to do before he proceeded. "Yes," said Granny, "help me put on my clothes!"

Write soon. Your loving,
MOM

YEAR END

Another year has woven its design.
Into the tape of time, and stitched a line
Or two across each countenance, and sewed
A final seam where Death inscribed his code . . .
So many fleeting days torn, page by page,
From calendars that measure only age.
So many hours clocked, and minutes spurred
Until their fragmentary forms are blurred
And pale—life slipping, sand-like, through our grasp
As, futilely, our fancy tries to clasp
Retreating episodes, forgetting how
The only moment that we live is now.

Jeanne Paul Christensen, in Wings.

Wouldn't it be wonderful if, in the year just ahead, there would be no traffic accidents, no destructive fires, floods or tornadoes; a cure for cancer would be discovered; that there would be only rumors of peace, not war; that "man's inhumanity to man" would cease? A friend to whom I mentioned the above wishful thinking for 1958, said "What do you think 1958 will be, the millenium?" But take away wishful thinking and what do you have left? . . . so I'll go right on dreaming.

• • •

Now it's New Year's Day; soon it will be Easter, then Fourth of July, then Thanksgiving and Christmas again. (It filled space.)

• • •

As always, Christmas was wonderful even with an ulcerated tooth that started when Santa Claus arrived.

The best part of Christmas, as any parent of small children or grandparent of same, can tell you, is seeing the childreas faces when they see their tree and toys.

This Christmas, Mark, age four, had measles and at first was a bit subdued, but before the day was over he was honking horns, ringing bells, shooting guns (at his sister's dolls, mostly) and doing other things that made the noise a small boy feels is necessary to his well-being.

Quote — You are getting old when the gleam in your eyes is from the sun hitting your bifocals . . . Middle age is the period of life when you will do anything to feel better, except give up what's hurting you . . . A man who wakes up and finds himself a success hasn't been asleep. Unquote.

A very happy and healthy New Year, everybody.

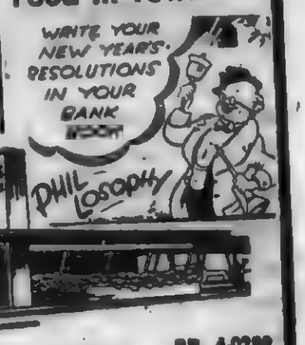
Mr. and Mrs. Ralph Barnett and family of Vadis-st spent Christmas with relatives at Shawnee.

Mr. and Mrs. Norman Brokamp and family of Clarendon-av, spent Christmas with relatives at Dayton.

Mr. and Mrs. William Kidd and family of Vadis, and Mr. and Mrs. Marvin Graves of McArthur, visited Christmas Day with Mr. and Mrs. Lee Swarts of Columbus.



Mr. and Mrs. Charles Cantley and family of Whitehead-rd were visited last Sunday by Mr. and Mrs. Raymond Burdett of Greenville, Ill.

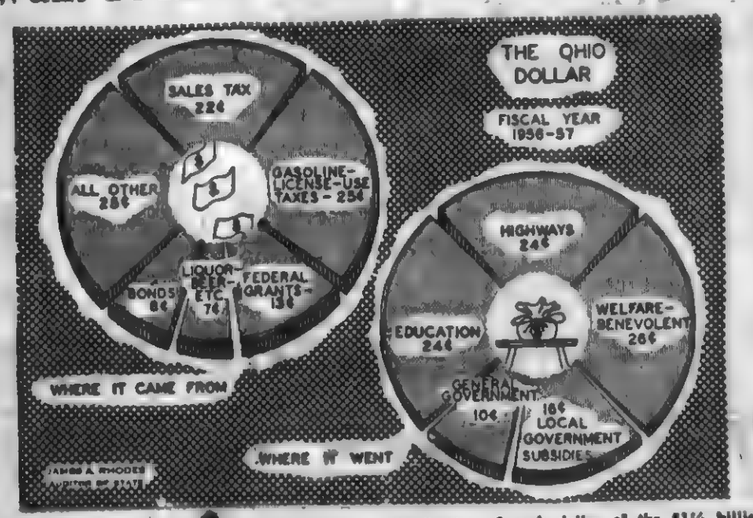
West Senior Seems Headed For Art Career

Dave Shafer, a member of the January 1958 graduating class at West High School, is shown above surrounded by pencil drawings, "Great Dane," "Lincoln's Memorial," "Idealism," "Ohio's First Capital," "Chillicothe," and "Entrance Defiance." Photo by Tom Welch

Dave Shafer won his first laurels as a sixth grader at John Burroughs when he captured second prize in the Hilltop Halloween Window Painting Contest.

He studied art under Mrs. Florence Gardner in West Junior High School and took his basic training in drafting under C. E. Kennedy in senior high school.

Arthur Miller, Dave's present teacher, said, "Dave's cover-design was chosen for the forthcoming Board of Education booklet, 'Speech Improvement in the Elementary Schools.' He has talent and will make a name for himself in art."



Dave, discussing plans for the future said, "I hope to take a correspondence course in art after I graduate from high school and later attend classes at the Columbus Art School."

Two of Dave's entries in the Ohio State Fair drafting contest last summer won first place blue ribbons for him.

Dave lives with his parents, Mr. and Mrs. Walter Shafer at 866 S. Wayne-av. He has two older sisters, both of whom were graduated from West High School.

Dave is interested in boxing and is a member of the Hilltop Lions Athletic Club.

New Scioto River X-Way Bridge Plans Due In April

Detailed construction plans for a new bridge over the Scioto River parallel to the present Mound Street Expressway Bridge, part of the Columbus South Inner-Belt, are to be completed by Apr. 1, the Ohio Department of Highways announced this week.

The new $1.8 million bridge will carry east-bound traffic from the Mound-Sandusky Interchange, now under contract. The present bridge will then carry west-bound into the interchange.

Plans are being drawn up by the Bureau of Bridges of the Highway Department.

"It will be a nine-span structure carrying two-lanes of east-bound traffic," said Chief Bridge Engineer Henry Overman. "It should be ready for construction by July 1958."

"Long-range plans eventually call for replacing the existing bridge," Overman said.

The announcement followed state acceptance of an emergency ordinance passed by Columbus City Council giving consent for the construction of the new [illegible].

Army Reserve Units Again Accept Recruits

U. S. Army Corps Reserve units after a lull of nearly six months, are again recruiting to fill a limited number of vacancies. Recruiting ban, clamped on last May as a result of the large number of citizen soldiers throughout the United States, had been lifted.

Lt. Col. James H. Ball, XX Corps Recruiting Officer, explained that openings exist for [illegible] veterans and for men with no prior service.

Col. Ball pointed out that the provision of the Reserve Forces Act of 1955 (RFA-55) which permits youths 17 to 26 with no prior service to train at an active Army installation for six months, is still in force.

At the completion of this active duty training, such men can fulfill their remaining obligation by joining a hometown Reserve unit.

Men interested in learning more of the new Army Reserve plan may contact Sgt Robert Rhude at the U. S. Army Reserve Center, Fort Hayes.

Phone Call May Give Answer To Tax Query

The information booklet which accompanied the 1957 Federal income tax Form 1040 recently received by many taxpayers, is again keyed to the format of the return, District Director Nathaniel Looker of the Internal Revenue Service said today. The Revenue Service adopted this more convenient presentation of information concerning the tax form a year ago.

"Because we know there will be additional problems, we are again offering extensive telephone assistance, and office aid where needed. A telephone call is probably the best bet for the average taxpayer who finds himself confronted with a problem he can't resolve from the booklet, or from one of our tax guides," said Looker.

During January, Internal Revenue offices in Columbus will be open for aid and guidance, as follows: Jan. 6, 10, 13, 17, through 31. Phone number CA. 1-6411.

Bellar To Seek Candidacy For General Assembly

Arthur J. Bellar, active West Side Republican, has announced he will petition to run as candidate in the May primaries for the position of Franklin county representatives to the Ohio House of Representatives.

Bellar, a resident of 326 S. Algonquin-av, is now procurement officer of the Korean Conflict Compensation Fund. He is reportedly the first person in this area to run for the office since the late Joseph Nailer served more than 10 years ago.

Bellar, holds executive positions in several county and state Republican veterans groups and on the county committee.

Food Markets This Week

by Mrs. Estelle B. Franks

THIS WEEK SHOP FOR:

Protein Foods — ground beef, fresh sausage, fryers, large eggs, dairy products.

Vegetables — lettuce, carrots, onions, potatoes, frozen peas.

Fruits—apples, bananas, frozen orange juice.

Everybody Likes Thrifty Ground Beef

Many of us will go to the food store this week-end with purses flattened from holiday buying and with a firm resolution to feed our families well, but spend less. Meat, the most expensive item on the shopping list, stays high priced. One meat that many will return to is the old standby, ground beef—and it need not be a "come down."

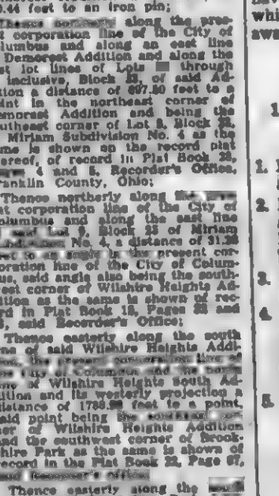
Thrifty ground beef is a quick-change artist that plays many parts. You can use it for casual family meals broiled and garnished with onion and pepper rings; or for parties dressed up with cheese; or for hearty and substantial meals as meat loaf or served with spaghetti and meat sauce; or turn it into gourmet fare as Swedish meat ball hors d-oeuvres.

This versatility of ground beef or hamburger makes it a universal favorite. High in flavor, low in cost, ground beef disproves that cardinal culinary rule that only the finest grades of ingredients should be used. Low-cost cuts of beef score just as high nutritionally as more tender cuts, and hamburger acquires tenderness from a trip through the grinder.

Burger Rafts—the special joy of teen-agers, can be popular with grown-ups if they're served with a garnish of American cheese and [illegible].

The variety that can be achieved with meat loaves is limited only by the imagination and ingenuity of the cook.

Beef balls served with spaghetti or rice are favorite dishes of many nationalities. They're easy to make and take only minutes to shape. Occasionally wetting your hands with cold water makes shaping easier. It's a good idea, if you have a freezer, to make extras while you're at it, and tuck them away for another occasion.



Burger Rafts

2 lbs. ground beef.
1 teaspoon Accent
1½ teaspoons of salt
3 slices bread
Cheese strips.

1. Break up meat with fork and add [illegible].
2. Place bread slices on baking sheet; place under medium heat of broiler until lightly browned.
3. Remove from heat; turn bread [illegible].
4. Spread each slice with one-fourth pound of meat, spreading to edges. Return to broiler and cook approximately 10 minutes.
5. Top each with cheese strips, return to broiler until melted. If you like, serve with broiled tomatoes. Makes eight servings.

Bob Edgar Moves Plumbing Firm To Sullivant Location

Bob Edgar

Holiday activities, changing homes and business location are keeping Robert (Bob) Edgar really on the jump at present. Bob has owned and operated the Westgate Plumbing Co. since he received his master plumber degree in the spring of 1950.

Just a week ago, Bob and his family moved to their new residence at 2915 Sullivant-av where he has also located his business. His plumbing firm was formerly at 2490 W. Broad-st.

Bob said the combining of home and office will make it more convenient for his customers to reach him for service at any hour. Also his wife, Ruth, who takes care of his paper work can keep an eye on the housework and their three sons, Billy, Steven and David.

Worked for Uncle

A graduate of Central High School and a Hilltopper since 1940, Bob served in the Navy during World War II. Following his service stint, he served as apprentice and journeyman for his uncle's plumbing firm.

Specializing in hot water heater installation, Bob's work lies mainly in the repair and servicing end of plumbing. He employs three other men to operate his three service trucks which he calls "shops on wheels" because they carry everything to make a repair right on the spot. Ardie Schirtzinger has worked for Bob for six years; Anson McLean, five year; and James Stout, one year.

Before his last son was born, Bob used to work evenings playing the saxophone with a dance band, but he said he no longer has time for music because of his family and his expanding business.

He has been active for many years in the Hilltop Lions Club, is a member of HBA, Mechanical Contractors' Association and the Burgess Avenue EUB Church.

Mrs. Gram, his only close relative, was in Florida at the time of his death for his wedding and returned to Columbus last Thursday.

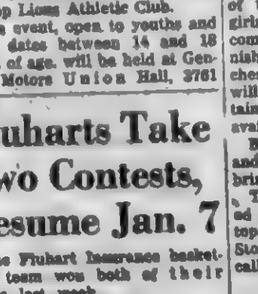
Fluharts Take Two Contests, Resume Jan. 7



The Fluhart Insurance basketball team won both of their starts last week.

After dropping two in a row to the strong Gemsell Funeral Home and Margulis teams they bounced back in force.

Tuesday of last week Fluharts edged the Fire Department 47 to 43. Tommy Edgars two last-minute field goals brought victory to the insurance men.

Thursday night Fluhart's men rolled into high gear and downed Wilson-Shadwick of Gahanna 56 to 38. The insurance men came out strong and led 26 to 18 by half time. Warren Pemberton tallied 22 points to lead all scorers. Teammates Dick Witter and Ron Dixon both hit for 16 points.

There will be no games for the next two weeks due to the holidays. Fluharts need a victory over Beck's Auto Supply in their next game, Jan. 7 to be assured of at least a tie for the first-round title in the Starling 'A' League. The local cagers finished third in the Mohawk 'A' first-round behind Ray's Drive-In and Margulis Dept. Store.

Question: How do you feel about the proposed increase in city bus fares?

Mrs. Donald Clark, 3303 Sullivant-av: "I think the bus drivers deserve a raise just like anyone else. If that is the only way the bus company can give them one then I say it's okay to charge more bus fare."

Mrs. Earl E. Donaldson, 220 S. Warren-av: "Well I don't think the bus company has a legitimate excuse in saying they have to increase the fares because there aren't as many people riding the bus as there ones were. It seems to me that the buses are always crowded when I get on them. But I do feel that if the bus drivers are being underpaid they should receive more pay."

Mrs. Francis C. Hook, 2576 Eakin-rd: "I ride the W. Mound-st bus and I believe that 20 cents for 20-minute service is quite enough! After 6 p.m. the service is every half hour. I think they're getting enough now for that type of service!"

Mrs. William C. Knowles, 457 S. Wayne-av: "For the bus service we get in this city I think the fares should stay the same or even be reduced!"

Mrs. Marian Wetzel, 604 Whitethorne-av: "Frankly, I think they should reduce the fares instead of raise them! The bus service is a mess — they're never on time either from Hilltop or downtown!"

Celtics, Aces Take Leagues At Glenwood

Aces edged the Bulldogs 32 to 29 in the senior basketball league at Glenwood Recreation Center. The win gave the Aces the divisional championship of league number one.

The Bulldogs, behind the 11-point performance of Ralph Seymour and Jack McNabb, held a seven-point advantage going into the final quarter of play. However, the Aces behind the 11-point effort of Don Van Hoose, overcame the margin and were victorious.

Don Gilliland scored 18 points as his Celtics defeated the Beef-Trust 51 to 33, and captured the number two league championship honors.

This week, the Aces will play the Celtics to determine the 1957 pre-season champions of Glenwood Recreation Center.

Final Standings:

League One

Aces	6-0
Bulldogs	4-3
Demolay	3-4
Hilltop Lions	0-6

League Two

Celtics	6-0
Hoosiers	3-3
Beef-Trust	3-3
Rangers	0-6

Officials for all games were Phil Fulton, and Nick Cannell.

Mrs. Phillips, 40, was admitted to Mt. Carmel Hospital for a severe face cut and listed in "fair condition." Her husband was treated and released on Saturday.

Puzzled Over Trash, Garbage Disposal?

Here's The Word From City Officials

By Ray Shaffer

Now that Christmas is over and the presents unwrapped, families are faced with overloaded waste baskets and trash barrels! This problem is even more confusing to Hilltoppers who aren't quite sure what the new rules are for getting rid of garbage and refuse.

This confusion has arisen because there are two types of garbage and refuse collection being carried on in the Hilltop area at present. In addition, many are wondering whether or not it is now legal to burn trash, because of the City Council amendment to an ordinance on trash burning made Dec. 9.

Here are the facts released by Heinie G. Butler, superintendent of sanitation; Herb Johnson, in charge of City Smoke Control; and Councilman W. Ralston Westlake:

Combined Collection for Some

During the past year, improved garbage and refuse service has been given to certain areas on the Hilltop. A combined weekly collection has been established in the area north of Broad-st and west of Wheatland-av to the city limits. This combined pickup service permits the householder to place cans, paper and other burnables in the same container with garbage, thus eliminating the need for burning.

Butler said that residents in the above mentioned area have been notified that 55-gallon drums will no longer be emptied by the Sanitation Department. The acceptable container for garbage and refuse is to be no larger than 30 gallons and must have handles and a tight-fitting lid.

Butler added that garbage should be wrapped in several layers of newspaper and thoroughly drained. This mixture of half garbage and half burnable waste enables it to be burned together easily.

This same service recently has been brought to the area between Broad-st and Sullivant-av west of Columbian-av extending to the city limits. Residents in this section have been notified that after Jan. 20, the Sanitation Department will no longer empty 55-gallon drums. The regulation of containers no larger than 30 gallons applies to this area also, added Butler.

Residents of the area lying south of Sullivant-av are to continue to separate their garbage and refuse until notified of a change to combine pick-up service. Butler said that the McKinley-av incinerator will soon be expanded to enable the Sanitation Department to bring this combined service to this particular area.

For further information on garbage regulations, persons may stop at this newspaper's office, 2465 W. Broad-st, and receive a copy issued by the Sanitation Department.

The amendment to the ordinance regulating burning restricts burning to approved containers during daylight hours only, makes the person responsible if fire spreads to nearby property, requires personal supervision of fires and raises the penalty for violation to a maximum of $200 fine and 30 days in jail.

Herb Johnson, of Smoke Control, expanded this by saying that there has been only one container approved by the city for burning trash and that it has not yet been put into manufacture. No commercial container has yet been approved. He added there is no need to burn because of the revisions being made in garbage and trash collections.

It appears that if persons wish to burn trash they legally should do it in the approved container which was shown two years ago—but which has never been put on the public market! It consists of a 15-gallon steel drum with four rows of three-quarter inch holes drilled four inches apart. The container should be covered by a one-quarter inch mesh screen.

Councilman Westlake said that the City Fire Department had urged that burning be done in daylight hours because it was less dangerous and reflections on nearby buildings had caused many false fire alarms when trash was burned at night.

Food Markets This Week

THIS WEEK SHOP FOR:

Protein Foods — ground beef, fresh sausage, fryers, large eggs, dairy products.

Vegetables — lettuce, carrots, onions, potatoes, frozen peas.

Fruits—apples, bananas, frozen orange juice.

Everybody Likes Thrifty Ground Beef

Many of us will go to the food store this week-end with purses flattened from holiday buying and with a firm resolution to feed our families well, but spend less. Meat, the most expensive item on the shopping list, stays high priced. One meat that many will return to is the old standby, ground beef—and it need not be a "come down."

Thrifty ground beef is a quick-change artist that plays many parts. You can use it for casual family meals broiled and garnished with onion and pepper rings; or for parties dressed up with cheese; or for hearty and substantial meals as meat loaf or served with spaghetti and meat sauce; or turn it into gourmet fare as Swedish meat ball hors d-oeuvres.

This versatility of ground beef or hamburger makes it a universal favorite. High in flavor, low in cost, ground beef disproves that cardinal culinary rule that only the finest grades of ingredients should be used. Low-cost cuts of beef score just as high nutritionally as more tender cuts, and hamburger acquires tenderness from a trip through the grinder.

Burger Rafts—the special joy of teen-agers, can be popular with grown-ups if they're served with a garnish of American cheese and tomatoes.

The variety that can be achieved with meat loaves is limited only by the imagination and ingenuity of the cook.

Beef balls served with spaghetti or rice are favorite dishes of many nationalities. They're easy to make and take only minutes to shape. Occasionally wetting your hands with cold water makes shaping easier. It's a good idea, if you have a freezer, to make extras while you're at it, and tuck them away for another occasion.

Burger Rafts

2 lbs. ground beef
1 teaspoon Accent
1½ teaspoons of salt
8 slices bread
Cheese stripe.

1. Break up meat with fork and add seasonings.
2. Place bread slices on baking sheet; place under medium heat of broiler until lightly browned.
3. Remove from heat; turn bread slices.
4. Spread each slice with one-fourth pound of meat, spreading to edges. Return to broiler and cook approximately 10 minutes.
5. Top each with cheese stripe, return to broiler until melted. If you like, serve with broiled tomatoes. Makes eight servings.

Shipley Looks For Record Racks

Max Shipley, right, taxidermist, of 705 S. Ogden-av, and his assistant Herb Hull, 3375 Briggs-rd, work on the antlers of a record 10-point deer shot by Ralph Miller of Buell, and a near record breaker 13-point head, shot by W. S. Beaty of Carroll.

INSIDE ON THE Outdoors By ROD COCHRAN

Hilltop taxidermist Max Shipley is keeping his eyes open these days for extremely large deer antlers in hopes he will find some that will qualify in the record books. A few heads from the recent Ohio deer season are still trickling in to be mounted by Max.

Shipley is recognized all over the country as an exceptionally fine taxidermist. He does his work in the basement of his home at 705 S. Ogden-av.

It all started as a hobby, and then Shipley carried it on as a sideline to farming 200 acres. Eventually he gave up farming, and now mounts about 100 big game heads a year in addition to many smaller animals and fish. He also gets deer hides tanned, and can arrange for gloves, jackets, and other items to be made form deer skins.

Says Ohio Deer Bigger

His consuming interest for several years though has been to see that some of the truly magnificent Ohio deer heads are recognized in the World's Record Books kept officially by The Boone and Crockett Club. Twelve years ago, when Ohio had its first deer season in recent years, Shipley noted that Ohio heads were larger on the average than the heads from Canada, Michigan, Wisconsin, and West Virginia. This is easy to understand when you consider that most Ohio deer are exposed to fields of corn, alfalfa, and clover. These rich foods produce big deer with large, massive antlers.

When I talked to Max, there had been at least four heads given to him for mounting that will land in the record books. They cannot be officially measured for 60 days in order to allow for shrinkage, but Shipley is certain that they will be large enough to qualify.

Points Don't Tell Age

Most people know that you can't determine a deer's age from his antlers. But every year I find a hunter or two, counting up points and saying, "Well, this old buck's about 10 years old." The only true way of determining age in deer is by examining their teeth—and this isn't easy to do. A representative from the Division of Wildlife aged the four gigantic heads I saw at Shipley's, heads that will take their place among the best whitetail deer ever shot in America, and discovered that two were four and a half years old and the other two were five and a half years old.

During the past 12 years, Ohio hunters have been getting their names on the list of world's records faster than hunters from any other state. Max Shipley is just waiting for the day when some smiling hunter walks in with a deer head that will place in the first three, or maybe even take top honors. Come to think of it, I'm sort of waitin' for that day, too.

Management Course Set

Columbus chapter of the National Office Management Association is planning to continue to offer rapid reading instruction to interested persons in this area, Carl Russell of 416 Derrer-rd announced.

The 16-week course will begin at 5:30 p.m., Jan. 8 in the Battelle Institute auditorium, 505 King-av.

Public school teachers are especially invited. The local chapter will pay half of their fee.

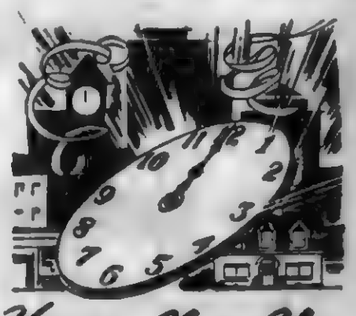
Those interested may write to Melvin C. Koch, chairman, at Battelle. Enrollment will be limited to 40 persons, Russell said.

The 1957 Ohio potato crop will be about 10 per cent less than the 1956 crop.

Committee Urges Rose Bowl Fans To Contribute

"Bucks for Braces" envelopes are being circulated in Columbus, Franklin, and 24 counties in central and southern Ohio. The drive to raise money to pay for the hospitalization, braces, crutches, and special shoes of crippled youngsters in the vicinity was under full steam today.

All proceeds of the campaign are to be used to help crippled youngsters from Columbus and vicinity walk on their own legs.



The "Bucks for Braces" committee urges everyone to watch the Ohio-Oregon Rose Bowl clash on television on New Year's day. As a token of their appreciation for a living room seat on the 50-yard line they are being asked to send a dollar to "Bucks for Braces," Post Office Box BB, Columbus 16. As a special bonus to the Rose Bowl viewers, the East-West tilt in San Francisco and other bowl classics will be telecast by local stations.

CROSS ONLY AT CORNERS

The child who crosses the street only at corners enjoys a better chance of living long enough to collect his social security, according to the Columbus Automobile Club.

Last year, one out of every four children killed or injured in traffic was struck down after stepping into the street from between parked cars. Most of these tragic accidents could have been prevented, if the youngsters involved had proceeded to the corner before they crossed, club spokesmen said.

MOTHER HAILS FROM SCOTLAND . . .

Bonnie Lass Wins Stork Derby

First place honors in The Hilltop Record's 1958 Stork Derby went this year to little Kim Lorraine Powers, daughter of Mr. and Mrs. Edwin Powers, 69 N. Warren-av. A statement from attending physician, Dr. Lovell W. Rohr, certifying her birth on Jan. 1, 4:26 p.m. at Grant Hospital, was the earliest New Year's day arrival established at the Record office on Jan. 2.

A warm welcome to the Hilltop awaited Kim Lorraine Powers, who made her debut at 4:26 p.m. Jan. 1 in Grant Hospital.

Her birth time, first one of the New Year to be recorded at The Hilltop Record office on Jan. 2 in accordance with Derby rules, entitled her and her parents, Mr. and Mrs. Edwin Powers, 69 N. Warren-av, to an impressive array of gifts from local merchants.

Mrs. Powers, a comparative newcomer to the community, arrived in the United States in August from Edinburgh, Scotland. Mr. and Mrs. Powers met in Edinburgh while he was stationed there with the Air Force, and were married Sept. 1, 1956.

Following his discharge from service, the couple came to America and to the Hilltop, where Mrs. Powers' aunt, Mrs. Kate Dow of 203 Guernsey-av, and her sister, Mrs. Douglas Spence of 474 S. Huron-av, have already made their home.

A man who has known the smell of a drug store for 47 years this week is turning over his Hilltop pharmacy to a new [redacted].

Paul 'Gene' Todd, owner of Todd's Pharmacy, 2578 Sullivant-av, is retiring. The new owner is George Waggener who formerly ran a pharmacy at Neil and King-avs. Waggener, a registered pharmacist since 1932, has moved his family to 3381 Stephen-dr S. He has three children.

The Todds live at 2763 Reginav. Gene said he started 'knocking around' a drug store in his early teens. He opened his first store 33 years ago at 2467 W. Broad-st, and has relocated at several other spots here since.

"Mrs. Todd and I haven't had a vacation in 15 years," said Gene, "so we hope to do a little traveling . . . may go to Florida early in the spring. We have no children to visit, but a lot of other relatives have given us standing invitations. Now we hope to take them up on it," Todd smiled.

He has no other special plans for retirement "except that I might do relief clerking for some of the boys around town," Todd [redacted].

Market Owner To Ask Council For More Land

Herman H. Schulze, Jr., owner and operator of Schulze's IGA Market at 1967 W. Mound-st, is to appear before the service committee of the city council Monday, Jan. 13, to request a change in the zoning of land in the proximity of his store.

Services Set Thursday For Train Crash Victim

Funeral services will be held at 1:30 p.m. Thursday for self-employed Hilltop glass contractor Andrew Baker, 59, of 464 S. Warren-av, who was killed instantly at noon Monday. A train struck his pickup truck at the Sullivant-av crossing just west of Georgesville-rd, sheriff's deputies reported.

Dr. Robert Evans, coroner, said Baker suffered multiple body fractures and internal injuries when he was hurled from the truck by the impact of the train.

The New York Central passenger train was traveling northeast at a speed of approximately [redacted] miles an hour when it struck Baker's truck broadside, said Sheriff's Deputy Dunn Jaynes. He added that there are no blinkers at the crossing but that the engineer sounded his whistle. It was also noted that the crossing is located in a deep cut, making visibility difficult for motorists.

Deputies said the truck was carried 125 feet down the track by the impact which hurled Baker 21 feet beyond the truck chassis.

He is survived by his wife, Margaret; daughter, Mrs. Frances Neibarger, Columbus; brother, Paul of Pittsburgh, Pa., and a brother and two sisters in Germany.

Funeral services will be held at the Cook & Son Funeral Home. Burial will be in Green Lawn Cemetery.

Retiree's Roots Buried Deep In The Community He Loves

Chester W. Wagner, 867 Wiltshire-rd, retired last week after 38 years' association with Western and Southern Life Insurance Co.

With the exception of a few years, his service with the company has been in the communities in which he lived his entire life, Hilltop and West Side.

At the time of his retirement, he was the oldest man in terms of service with Western and Southern in Columbus.

With the sure knowledge that the Hilltop is where their hearts are, the couple explained plans for the leisure years ahead. "All our interests, our friends, children and grandchildren are right here. We surely are not going to move away from home."

The Wagners have two married daughters, Mrs. Robert G. (Eleanor) Phillips of London, and Mrs. Richard (Luana) Estell, 901 S. Burgess-av, and four grandchildren.

Chester W. Wagner

Was Post Commander

Mr. Wagner was commander of Camp Chase Post, American Legion during the war years, 1941 and 42, and has been a member of Glenwood Methodist Church since 1915. He belongs to West Gate Lodge, F&AM.

A Hilltopper since 1913 when his parents moved into the big brick house still standing at 2283 W. Broad-st. Mr. Wagner lived at 24 Hawkes-av during his boyhood years. He attended the old Fieser and Avondale Schools, and Central High School when it was located at Sixth and Broad-sts.

Startling changes have taken place in the West Side of Columbus since he joined the insurance firm in 1919.

His first assignment with Western and Southern was on the near North Side and, in 1921, he was transferred to the West Side, where he served as associate manager. For a time he served as associate manager of the southeast section of Columbus but, when opportunity presented itself happily accepted a move back to the West Side and Hilltop.

All employes and their wives of Western and Southern's Great Western office will honor the couple at a dinner planned for Jan. 18.

FOREIGN TRAVEL INCREASES

The steady increase in foreign travel and commerce makes the danger of new plant pest introductions greater today than at any time since the passage of the Plant Quarentine act in 1912, reports the U. S. Department of Agriculture.

MEAT CONSUMPTION DROPS

Total meat production in 1958 may be about the same as in 1957. Beef output probably will decrease. Consumption of meat per person, reflecting reduced supply and larger population, has dropped to about 150 pounds. It was 166 pounds in 1956.
